Nov. 4, 2023 - Davie, FL - 14 year old Knox MacEwen is a Western High School Air Force Junior ROTC (Junior Reserve Officers' Training Corps) student. On Nov. 4 he was running at a Army Junior ROTC exercise when he suffered a cardiac arrest during a 5K run and died in the hospital. His mother is recovering from a hard fought battle with cancer this past year.

Supporting the MacEwen Family

Lauren Milam is organizing this fundraiser on behalf of Kevin MacEwen.

Created 3 d ago •  [Funerals & Memorials](#)

On November 4th, 2023, the MacEwen family suddenly and tragically lost their beloved 14-year-old son, Knox. He was a revered member of his local community - a JROTC student, a volunteer with the kids ministry at his home church; and he was a beloved brother, son, grandson, nephew and friend. The purpose of this fundraiser to help with funeral expenses, and to allow Knox's parents, Kevin and Julie, to take some time off of work to grieve.

This family has been through the unimaginable, as this has happened as Knox's mom, Julie, is still physically and financially recovering from a hard fought battle with cancer this last year. Any gifts will go directly to the MacEwen family, and are deeply appreciated.

Oct.30, 2023 – Ridgefield, CT – A Ridgefield High School student has died early morning on Oct.30, 2023. Name not released

Ridgefield High School student dies: 'Unimaginable' loss, superintendent says

 **Sandra Diamond Fox, Staff Writer**
Oct. 30, 2023 | Updated: Oct. 30, 2023 6:47 p.m.

RIDGEFIELD — A Ridgefield High School student has died early Monday morning, school officials said in a statement on Oct. 30.

"The loss for our students' family and friends is one that is unimaginable, and we offer them our prayers and unconditional love and attention," Superintendent Susie Da Silva said in a message to the school community. "Out of respect for the family, we will wait to share further information."

In the statement, she wrote Ridgefield Public Schools counselors and local and regional organizations who specialize in grief and crises counseling will be available for students.

In a statement on Monday, the Ridgefield Police Department said they're aware of the "untimely passing of a Ridgefield High School student."

"Our heartfelt condolences are with the student's family and everyone else affected by this tragic loss," the statement said.

Oct.23, 2023 – Memphis, TN – 14 year old Kingston Davidson was in class when he “fell ill”, had a cardiac arrest and died suddenly.

Commissioner Amber Huett-Garcia, Memphis-SCS
School Board, District 8
October 23 at 3:32 PM · 

This morning, a White Station High School [14-year-old student](#) [died in his gym class](#). My deep condolences to the family of Kingston Davidson. I spent time with the family this morning, including his sister, another student in District 8. I'm asking everyone in the community to keep them in your thoughts and prayers as they deal with the unimaginable grief of losing a child. Grief counselors will be on site today and tomorrow to assist students and staff. The district encourages you to talk with your child and remember that the way we, as adults, manage ourselves serves as an important model for helping kids handle tragedies like this. It is important that they know they are loved and supported as they talk about their feelings. If you have questions or notice your child needs special attention, please call the school at 901-476-8880.

Paramedics couldn't save the life of sixth grader Kingston Davidson after he suffered a medical emergency in class at his Tennessee high school, officials said.

Davidson was in class the morning of Oct. 23 when he "fell ill," according to [Katie Stein-Garcia](#), a school board commissioner with Memphis-SCS [White Station](#).

Paramedics and school resource officers responded immediately, but they couldn't save his life, according to a statement from White Station High School.

Putnam County student saved by school staff members after suffering cardiac arrest

By Rachel Pellegrino, 6 days ago

PUTNAM COUNTY, WV (WOWK) – A medical emergency at a local school is spotlighting the importance of CPR and AED training, showing just how important every second is when it comes to cardiac arrest.

Gryffin Cavender, a third grader at Scott Teays Elementary School, was in gym class when he went into cardiac arrest on Wednesday, Oct. 18. His mother said it was the scariest phone call for a parent to receive.

He was taken to CAMC Women’s and Children’s Hospital where he received immediate care, and was then transferred to Nationwide Children’s Hospital in Columbus where he was diagnosed with a heart condition called “hypertrophic cardiomyopathy.”

Oct.14, 2023 – Grayslake, IL – School bus driver Beverly Raddatz was waiting for a local high

school soccer team to board her bus for a Saturday game. Just before boarding, one of the student athletes collapsed and went into cardiac arrest.

School Bus Driver Beverly Raddatz

DURHAM SCHOOL SERVICES BUS DRIVER BEVERLY RADDATZ SAVES LIFE OF HIGH SCHOOL STUDENT EXPERIENCING CARDIAC ARREST

Anna Lam | 19 October, 2023 | DURHAM

Grayslake, IL – Durham School Services is proud to shine a light on our bus driver Beverly Raddatz's recent heroism that led to saving the life of a high school athlete who went into sudden cardiac arrest.

The incident occurred when Beverly was waiting for a local high school soccer team to board her bus for a Saturday game. Just before boarding, one of the student athletes collapsed and went into cardiac arrest. Upon witnessing this situation, Beverly quickly alighted the bus to assess the student's condition and found him non-responsive and not breathing. After instructing another student to call 911, Beverly and two other students performed CPR on the collapsed student and were able to resuscitate him while waiting for paramedics to arrive. Paramedics stabilized the student's condition, and after confirming the student was safe, Beverly transported the rest of the team to their game and provided consolation and support to them after the intense situation.

Oct.13, 2023 - 16 year old Angel Hernandez, sophomore at Chisholm Trail High School completed a 5km run at a district track event in Tarrant County on Oct.13, but quickly collapsed after crossing the finish line and died an hour later.

Texas high schooler, 16, mysteriously collapses and dies after crossing finish line at cross country meet in which he ran a personal best time

- Angel Hernandez, 16, a sophomore at Chisholm Trail High School, completed a five kilometer run at a district track event in Tarrant County on October 13.
- But he quickly collapsed after crossing the finishing line and his friends rushed him over to a water station where he fell again.
- The teenager was rushed to Medical City Alliance but he died an hour later.

By KAMIA SULTAN FOR DAILYNEWS.COM
PUBLISHED: 11:48 EST, 22 October 2023 | UPDATED: 12:12 EST, 22 October 2023

A 16-year-old in Texas suddenly collapsed and died after beating his personal record at a cross country meet.

Angel Hernandez, a sophomore at Chisholm Trail High School, completed a five kilometer run at a district track event in Haltom City, Tarrant County on October 13. But he quickly collapsed after crossing the finishing line and his friends rushed him over to a water station where he fell again.

The teenager was rushed to Medical City Alliance but he died an hour later.

His friends and family are unsure about what caused his death after he ran his best race and it is being investigated by the Tarrant County Medical Examiner.

Tragedy occurred in his hometown following his tragic death. "It was tragic, it was terrible news," his previous track coach Brent Breaud told KNOX.

"He's such a great kid, a likable kid, a good student, and it was awful news."

He was the kind of student athlete you wanted.

He worked hard and cared about the team. But then he also acted right in school and made one of the greatest.

A funeral was held for the teenager on Friday and his family was given the last's family letter packet to honor his legacy.

A lot of people attended (the funeral), a lot of his teammates made it, and they encouraged everyone to wear (the school color) purple. Breaud added.

There was a moment of silence held for Hernandez at the Chisholm Trail High School homecoming game Tuesday last night.

The teenager was also a student at the Texas School of Karate which shut for the week following his death as a mark of respect.

Angel Hernandez, 16, a sophomore at Chisholm Trail High School, completed a five kilometer run at a district track event in Haltom City, Tarrant County on October 13.

Oct.10, 2023 - CT - 15 year old Elijah-Jay Mariano Rivera lost consciousness at football practice and died suddenly on Oct.10, 2023

Connecticut high school student Elijah-Jay Mariano Rivera, 15, dies after losing consciousness at football practice as his heartbroken mom pays tribute to 'gentle giant'

- Windsor High School student Elijah-Jay Mariano Rivera, 15, lost consciousness during practice Tuesday.
- District superintendent Terrence Hill said the teen was not engaged in any football drills or tackling at the time.
- He was given CPR by police and emergency medical technicians, district superintendent Terrence Hill said in a letter to families.

By STEPHEN M. LEPPINE FOR DAILYNEWS.COM
PUBLISHED: 11:03 EST, 11 October 2023 | UPDATED: 11:13 EST, 11 October 2023

A Connecticut high school student died after losing consciousness at football practice in a tragedy that has an entire town stunned and searching for answers, school officials said.

Windsor High School student Elijah-Jay Mariano Rivera, 15, lost consciousness during practice Tuesday and was given CPR by police and emergency medical technicians, district superintendent Terrence Hill said in a letter to families.

Windsor Mayor Donald Trinta said Rivera was given CPR immediately by his coaches before police arrived.

Hill said the teen was not engaged in any football drills or tackling at the time.

The student was taken to Connecticut Children's Medical Center in Hartford, Hill said.

"Sadly, the medical professionals were unable to revive him," he said.

Hill said crisis counselors would be available for students and staff on Wednesday.

"As a community we want to keep his family in our thoughts and prayers and support them moving forward however we can," he said.

No other information on the student's death was provided. District officials did not immediately respond to a request for comment Wednesday.

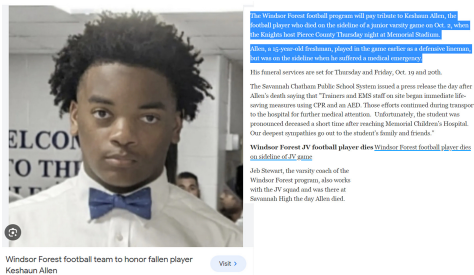

Rivera's mother, Charley Hernandez, said that her three children were football and cars. He liked to play for his favorite NFL team, the Atlanta Falcons.

"He was the most kind-hearted boy," she told CT Insider. "He was a gentle giant."

Born in Fort Worth, Texas in 2007, he moved to Connecticut in 2010 before returning to Texas in 2018, Hernandez said.

Known affectionately by teammates as 'Big Texas,' he returned to Connecticut to better focus on school and football.

17-year-old Ohio homecoming queen candidate dies after collapsing on high school football field

Breanne McKean suffered a medical emergency, school officials said

A 17-year-old [Ohio girl died](#) after collapsing on a football field during homecoming festivities at her high school on Friday, according to the Mapleton Local School District.

Breanne McKean, a senior at [Mapleton High School](#), collapsed on the field shortly after she was announced as a contender for homecoming queen, Superintendent Scott Smith said.

The school district said McKean suffered a medical emergency.

"Our hearts, thoughts and prayers go out to the McKean family, friends and the Mapleton community," the district said in a [statement](#) posted to Facebook.

Sep.22, 2023 - Tracy, CA - 13 year old Heather Freligh was taking a test when she slumped over her desk and collapsed on the floor with cardiac arrest.

Tracy teen's celebratory return to school following cardiac arrest

By Kristin Jones | Published October 14, 2023 | Updated | KTVU 4K2

TRACY, Calif. - A convoy fit for a president arrived at a Tracy home Monday morning to surprise a 13-year-old who recently returned home from the hospital after a cardiac arrest at school last month.

Dozens of Tracy police cruisers, two motorcycles and an armored truck rolled up in front of Heather Freiligh's house to escort her to school and let her ride in the bearcat.

Tracy police Officer Alex Contreras, who did lifesaving CPR on Heather knocked on the door and hugged the eighth grader before she walked past a line of officers in the driveway clapping and cheering her on.

"I'm just shocked," she said. "I'm grateful for what they did to help save me."

Heather was taking a test at Art Freiler School on Sept. 22 when classmates say they heard heavy breathing, saw her slump over her desk, and then collapse on the floor.

"It was just so scary because she just fell out of her chair and no one knew what was going on," friend McKenna Adams said. "All of us were just praying and hoping for the best."

Heather stopped breathing. Her lips turned blue. And the principal and contreras started CPR until paramedics arrived.

It wasn't until 24 hours later that Heather regained consciousness in the hospital, her parents previously told KTVU.

For more than three weeks, she's undergone tests and surgery to have a defibrillator implanted in her. It is not clear what may have caused her sudden cardiac arrest.

One of Heather's best friends remembers the frantic moments in class when she called 911 and spoke with a dispatcher.

"I told her we had a student that was passed out and that we needed help and I told them the address," Malyna Torres-Melton said. "It wasn't the same when she was gone and everybody's happy to see her today."

Sep.22, 2023 - Greeneville, TN - 12 year old Kaden Gunter, football player at Greeneville Middle school collapsed during football practice with a "cardiac emergency" and died suddenly on Sep.22, 2023

Source: wcyb.com

Strong, smart, loving and kind.

That's how family members described 12-year-old Kaden Gunter.

"He was just a kid," his mom, Brenna Gunter, wrote on Facebook. "He was so special and so loved. We will forever be thankful to have such an amazing son and we are so proud of the life he lived."

Kaden, a seventh grader at Greenville Middle School, died Friday, Sept. 22, 2023 after he collapsed during football practice in Tennessee, his family said in a family-issued statement.

Relatives said he suffered "a cardiac emergency" on the field Tuesday and was taken to a children's hospital before eventually transferring to Vanderbilt University Medical Center in Nashville, the Greenville Sun reported.

DEATHS WHILE GETTING READY TO GO TO SCHOOL:

Oct.11, 2023 - Texas - 12 year old Isabelle Marie Herrera died suddenly on Oct.11, 2023. "Isabelle got her vaccine today! So proud of her!" "My sweet precious Isabelle passed away this morning". Isabelle's mom found her unresponsive while getting ready for a normal school day, she died in Cook Children's Hospital.

Isabelle Marie Herrera

December 27, 2010 - October 11, 2023

Second, I'd like to update everyone about Isabelle's passing. I received a call from the Medical Examiner today. They informed us that Isabelle had an undiagnosed heart condition. She had an enlarged heart due to unknown reasons yet. Her passing was quick and painless. She did not suffer. Her heart was just too big but if you knew Isabelle, you knew this to be true! ❤️

We just thought that her friends and family would like to know that her passing was quick and painless for her. It helps my Mama heart knowing she didn't suffer. We will be making arrangements tomorrow so we will share those once we have them.

Cynthia Herrera Eberhardt is with Isabelle Herrera and Joseph Eberhardt-Cunningham.

11 Nov 2021 · 🌐

Isabelle got her vaccine today! So proud of her! 3/4 of this family is vaccinated! ✅

Cynthia Herrera Eberhardt is with Isabelle Herrera and Joseph Eberhardt-Cunningham.

3 d · 🌐

My sweet precious Isabelle passed away this morning. I don't know what I'm going to do without or how I will go on. This is something that I never thought would happen. My baby girl has left me. This doesn't even feel real. Mommy and Daddy love you so much.

EAST PROVIDENCE — An East Providence High School female student died suddenly and unexpected Wednesday morning, Oct. 4, prior to the start of classes, leaving her peers and especially those close to her stunned and saddened.

Flags on the EPHS Pawtucket Avenue campus flew at half staff Thursday, Oct. 5, as students returned to school following the news that sophomore C’Anna Ramirez was found in her home unresponsive by family. Grief counselors were on site both days for what was deemed a “very somber” sentiment around the school.

SPECIAL MENTION: (mRNA status uncertain)

Oct.15, 2023 – DeBary, FL – 8 year old Stella Quinn DuPont was at SeaWorld with her family when she suddenly collapsed and went into cardiac arrest on Oct.15. She was found to have “spontaneous bleeding near brain stem” and died on Oct.17, 2023.

Help Stella's Family

My Take...

I didn't want to have to do another one of these again so soon.

11 Children (ages 9-19) had cardiac arrests at US schools in the past month, 2 more had cardiac arrests while getting ready for school

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. –Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin

ISBN: 978-0-9879389-3-0, Year: 2022, PDF Ebook, Pages: 164, 15 Chapters

Price: ~~\$11.50~~ FREE COPY! [Click here \(docsend\) and download.](#)
