Our thoughts are with the families of the young athletes who passed away after taking the Covid-19 Killer vaccine.

We are dealing with a crimes against humanity on an unprecedented scale. The Killer vaccine must be withdrawn immediately.

Outstanding and carefully documented report by Good Sciencing

That was more than a year ago, The numbers has increased dramatically since December of last year.

M. Ch. Global Research, December 22, 2021

It is definitely not normal for young athletes to suffer from cardiac arrests or to die while playing their sport, but this year it is happening. All of these heart issues and deaths come shortly after they got a COVID vaccine. While it is possible this can happen to people who did not get a COVID vaccine, the sheer numbers clearly point to the only obvious cause.

The so-called health professionals running the COVID vaccine programs around the world keep repeating that "the COVID vaccine is a normal vaccine and it is safe and effective."

So in response to their pronouncement, here is a non-exhaustive and continuously growing list of mainly young athletes who had major medical issues in 2021 after receiving one or more COVID vaccines. Initially, many of these were not reported. We know that many people were told not to tell anyone about their adverse reactions and the media was not reporting them. They started happening after the first COVID vaccinations. The mainstream media still are not reporting most, but sports news cannot ignore the fact that soccer players and other stars collapse in the middle of a game due to a heart attack. Many of those die - more than 50%.

We really appreciate the athletes named in this list who have confirmed what happened to them so the truth can be known.

Where Are The Fact-Checkers?

Readers are writing to us asking for comparisons from previous years. Some say without that, these results mean nothing. That's not true because if we had seen this in previous years, it would be well known and others would have documented it. We are starting to work on this – it is a lot of work.

Where are the fact-checkers? Where is the mainstream media? Some have piles of money from Bill Gates. Why are they not proving us wrong by all piling on and showing the documented Athlete deaths from 2019, 2018, 2017 and the previous decade?

They are nowhere to be found because this number of athlete deaths is abnormal and they know it. They have money from people who don't want journalists poking around. So that's why they don't try to Fact-Check these reports or show previous year numbers.

Follow this link to see [Gates Foundation handouts](#) to some media that could do it. For example, NPR in the USA received \$24 million.

The Gates Foundation also funded many investigative journalism centers, with around \$38 million. Could that be why journalistic curiosity suddenly stopped being a thing?

Athlete collapses and deaths chart to 20th December 2021.

May Or May Not Be Vax Related

There is insufficient information to decide if any of these collapses or deaths are related to COVID vaccinations. More investigation is needed. Any help would be appreciated because keeping with the ongoing investigations isn't easy. These are listed here because they appear in some lists as vax-caused, but we believe there is either currently insufficient information to decide or other explanations seem to overrule vax-caused, such as cancer.

Players Talk

Sidelined Athletes with “Illness” Not Included in This Report

Many sports teams now have multiple sidelined players. There are dozens of them. The teams and Big Media are hiding this, thinking nobody will notice. These damaged players will not be shown in this report if they are reported only as “illness” but they would be worth tracking, because it is not normal to have so many. Their immune systems are likely to have been compromised by “something,” so they will be open to many things they would normally have been able to shrug off. We leave it to others to track these – we have our hands full handling the investigations for this list, going back in time trying to find new information that wasn’t available before, and making minor corrections as they are discovered. It will all come out eventually.

List of Injuries

Here is a non-exhaustive list of injuries reported. Most were cardiac arrest.

- Cardiac Arrest
- Blood Clots or Thrombosis
- Stroke
- Irregular Heartbeat
- Arrhythmia
- Neuropathy
- Death

Thanks to Many Contributors

Many people are contributing to this, some indirectly by reporting to Telegram groups and other websites. There are many duplicates and in some cases, people report things we’ve had for months, but every report helps because sometimes there is a small piece of information we didn’t have before, such as a date, an autopsy report, a name spelling, or a report from months ago that never made it into a news story. That was the case with Chuck “Kali Muscle” Kirkendall. Helpful websites include [DVDbeaver](#), [The COVID Blog](#).

Severe Reactions And Deaths Continue

That is the current list ... all these athletes have suffered heart problems after COVID vaccines. At the time of initial writing, 28 died. That was not normal, but then, 10 days later, 56 deaths were listed, and the numbers are climbing. Any other real vaccine would have been pulled off the market long before now. The media would be asking questions. They would be pressuring governments. But they are not. And governments are continuing on and running TV and radio and newspaper ads encouraging people to get their 1st, 2nd, 3rd, 4th shot. Perhaps that is why the mainstream media are saying little, because they are collecting government money for ads?

The deaths and severe reactions will continue until so many people die that it becomes obvious the vaccine is 10x to 100x worse than the virus it is supposed to treat.

These athletes are the canaries in the mine that warn us of imminent danger. They are being hidden so the people who are not paying attention do not see the warning.

We only see the athletes because they are in the spotlight. The nobodies – i.e. most citizens – do not make the news.
