*The following video (Part I) brings to the forefront the analysis and debate on NATO's 70th anniversary in Florence, Italy (april 7, 2019).*

*The Florence Declaration adopted by more than 600 participants calls for NATO-Exit: the withdrawal of NATO member states from the North Atlantic Treaty Organization,*

*The object of the Florence Declaration is NATO-EXIT. The Dismantling of NATO and the closure of US military bases.*

NATO is not an Alliance. It is an organisation under the command of the Pentagon, and its objective is the military control of Western and Eastern Europe.

US bases in the member countries of NATO serve to occupy these countries, by maintaining a permanent military presence which enables Washington to influence and control their policies and prevent genuine democratic choices.

NATO is a war machine which works for the interests of the United States, with the complicity of the major European power groups, staining itself with crimes against humanity.
