

Eight Venezuela Lies the US Government and the Mainstream Media Want You to Believe

Venezuela lies abound. Both the USG (United States Government) and its lapdog MSM (Mainstream Media) have been going into overdrive, exaggerating or just plain lying about the state of affairs in Venezuela. Truth is always a casualty of war, and it's also a casualty of pre-war, as the NWO prepares the ground for military intervention by demonization and propaganda. Here are 8 lies about Venezuela which are being used to justify yet another coup in a long, long history of US coups in foreign lands.

Venezuela Lies #1: The Venezuelan People Have No Food and the Shelves Are Bare

In these videos ([here](#) and [here](#)) on the ground in Caracas, Max Blumenthal exposed one of the lies about Venezuela that is constantly repeated, i.e. that the people have no food and the supermarket shelves are bare.

Venezuela Lies #2: The US Only Wants to Send Aid

If by "aid" you mean "[weapons and barbed wire for radical opposition forces,](#)" then yes, the US only wants to send aid. However, if by "aid" you mean actual medicine, then no. This [VenezuelaAnalysis](#) report quotes a NYT reporter and USAID itself. They either don't have medicine as part of the inventory or state outright that there was no medicine:

"According to New York Times reporter Anatoly [Kurmanaev](#), the trucks that the opposition tried to force across the border contained "no medicine" at all, with reports that a "small" amount of medicine was being stockpiled in Cucuta not confirmed by USAID. Initial [inventories](#) from USAID made no mention of medicine, listing only basic food and personal hygiene products amongst the "aid"."

The Venezuelan Government is accepting aid from Russia and other countries it can trust, just not the US, since US "aid" may just "accidentally" happen to contain weapons for anti-Maduro agitators (or, as the Spanish say, *compradores*). Hmm, wonder how those arms got in the food truck?

As I covered in the article [NGOs: Choice Tool of Subversion for the New World Order](#), NGOs have become a weaponized tool of soft power through which the NWO expands its empire – meddling, destabilizing, toppling and installing, all the while using the NGO as a humanitarian pretext. USAID is just another in a long-line of NGOs loyal to the US Government and NWO, willing to put a nice PR happy face on their agenda of subversion.

Venezuela Lies #3: Juan Guaidó Has Legitimacy in Declaring Himself President

As I covered in my previous article [Is This the Most Blatant US Coup Ever?](#), Juan Guaidó is a US-CIA stooge through and through. He's an agent-provocateur "opposition leader" who has been carefully groomed to play his role in the coup. His claim to be interim president of Venezuela under Article 233 of the Venezuelan Constitution is, legally, utter nonsense, since Maduro has not abandoned the presidency and Maduro held free, open and fair elections as adjudged by outside independent parties.

Venezuela Lies #4: Many Countries Support Guaidó

The US claims many nations and groups support its efforts to topple Maduro and install Guaidó. In reality, these countries are basically vassal states or other nations controlled by the US that don't want to upset the apple cart. Notice the strategy of the US: try to co-opt the United Nations HRC (Human Right Council) into following US coup efforts, and try to strong-arm groups like the OAS (Organization of American States) and the Lima Group into betraying their brother nation Venezuela.

The US tried this same trick with the Syrian War by creating and controlling a group called "Friends of Syria." Here is what Venezuela's Extraordinary and Plenipotentiary Ambassador [Jorge Valero](#) said:

"the self-proclaimed "Lima Group" is a cartel made up of satellite governments of the imperial government to break Latin American and Caribbean unity, and, due to the failure of using the Ministry of the Colonies, which is the OAS to isolate Venezuela in this organization. The empire and its minions couldn't approve Article 20 of Inter-American Democratic Charter of the Permanent Council of the OAS and resort to the United Nations Security Council, where they also failed. The creation of puppet governments by the US is not new."

Venezuela Lies #5: The US Cares about the Venezuelan People (Just Like It Cares about the Iraqi, Libyan, Syrian and Iranian People)

The NWO uses the US to bring all nations into its fold, but it like to do so with the veneer of democracy so as to gain more public support and engender less resistance. Subversion, NGO soft power and covert operations are more palatable than overt control and boot-in-the-face oppression. In this vein, the USG likes to pretend it truly cares and has deep compassion for the people of nations like Iraq, Libya, Syria, Iran, Venezuela and any other place it plans to subvert, invade or bomb ... even though it has never professed such care in the past and will probably never again profess it in the future once its new puppet leader is installed.

Just look at the kind of lies, hypocrisy and nonsense Pence and a "deeply concerned" Pompeo tweeted about Iran when the USG set it sights on igniting a coup there in 2018:

Venezuela Lies #6: Venezuela is Only in the Condition It is Because of Chavez, Maduro and Socialism (They're the Bad Guys)

Nothing is black and white. It is possible to look at the unfolding Venezuelan crisis and

acknowledge that Maduro has mismanaged things while at the same time seeing the gross foreign interference he and his government have been subjected to. As I covered in other articles such as [Venezuelan Economic Crisis: The Real Cause is Not Socialism](#), US-NWO foreign meddling is by far the biggest factor here. For instance, did you know that Bank of England has effectively stolen USD\$1.2 billion from Venezuela by toeing the NWO line and blocking Venezuela from accessing it? Did you know that the US has effectively stolen USD\$11 billion from Venezuela by freezing its US accounts? How is a small nation supposed to function as normal when such massive amounts are stolen from it?

Venezuela Lies #7: Yes, the US Has Toppled Governments Worldwide, But “This Time It’s Different”

Once you study enough history, you begin to see the lies of tyrants and empires. The lie remains the same. The US wants Venezuela’s gold and mineral reserves. It’s only 5 days from the US, whereas the Middle East is around 20 days from the US and in a very volatile part of the world. There is also the strategic acquisition of the mineral coltan. They also want to teach the successive government to Hugo Chavez a lesson after he thumbed his nose at the US-NWO Empire. This isn’t any different from other subversions and invasions. It fits the pattern exactly.

Venezuela Lies #8: It’s a “Grassroots Uprising” against a “Brutal Dictator”

This entire coup has been planned, orchestrated and executed from Washington. Period. There is no “grassroots uprising.” Ever wondered why Assad and Maduro are “brutal dictators” but bin Salman, El Sisi and other US-CIA stooges are not? It’s all about branding the enemy, marketing foreign interference and controlling perception. Today’s friend is tomorrow’s enemy and vice versa. Al-Qaeda is bad and now Al-Qaeda is good. Were we fighting Eastasia or was it Eurasia?

Who is the brutal dictator? Who is imposing economic warfare and deprivation, starvation and misery by sanction? Who is fomenting regime change on innocent nations? Who is funding and supporting terrorists to topple any government they don’t like?

Final Thoughts: The US vs. Russia/China Proxy War Continues

Both Russia and China have invested a lot in Venezuela, including actual investments in their oil, military assistance and financial loans. They are not about to let the US get away with this - even if Venezuela is in the USA’s backyard, geographically speaking. The Monroe Doctrine, which started out in the 1800s as a policy by which the US would protect fellow American nations from European invasion, has now been turned on its head. Raving warmonger John Bolton recently mentioned the term as yet another excuse for the US to dominate whomever it wants on the 2 American continents. However, despite all the Venezuela lies emanating from Washington DC and the MSM, Venezuela is going to be a tough nut to crack, and many American and Westerners are already aware of the propaganda being used to foment war.
