A time comes when silence is betrayal – Martin Luther King, Jr.

Now is the time to support the Architects and Engineers for 911 Truth's 10th Anniversary Campaign by making a donation at [Remember Building 7](#). Remember Building 7 will use the donations for a historic nationwide ad campaign in the month of October showing the American people the unmistakable footage of Building 7's demolition and forcing the mainstream media to finally discuss the issue. The campaign will be a three-pronged blitz of TV, print, and out-of-home advertising. New York City subways will be flooded with poster ads, while TV ads saturate every major cable channel. Print ads will appear in several national publications and in local newspapers in Boston, Chicago, Los Angeles, San Francisco and Dallas.

[1,548 Architects and Engineers for 911 Truth](#) recently released a must-see, 15-minute documentary entitled [Solving the Mystery of World Trade Center 7](#). Why did they focus on the destruction of 47-story modern steel skyscraper WTC Building 7, which imploded despite the fact that it was not hit by a plane? Because it proves beyond any reasonable doubt that the World Trade Center buildings were destroyed by controlled demolition.

[Solving the Mystery of World Trade Center 7](#) begins with one of Europe's top demolition experts saying this regarding WTC 7: "This is controlled demolition. Absolutely. It's been imploded. It's a hired job done by a team of experts." Next WTC 7 is shown collapsing next to other buildings that are known to be controlled demolitions. As you will see, WTC 7 falls in the exact same manner. Narrator Ed Asner notes that it takes months to prepare a 47-story building like WTC 7 for controlled demolition.

Then there is footage from 9/11 where firefighters say, "[The building is about to blow up. Move it back.](#)" A medical student and other witnesses heard explosions and described a shock-wave ripping through Building 7 immediately before it imploded. An air force medic describes a 3-2-1 countdown to the implosion. Several reporters, including [Dan Rather](#), immediately recognized that WTC 7 was a "planned implosion."

The National Institute of Standards and Technology (NIST/government) claims that WTC 7 collapsed due to office fires. However, Richard Gage, architect and founder of AE 911 Truth, points out that [no steel skyscraper in history](#) has ever collapsed due to such fires. Gage and structural engineers then prove that WTC 7 collapsed into its own foot print symmetrically at free-fall speed, which even NIST admits. For such a collapse to occur, every steel column would need to be cut at the exact same time. "The symmetry [of the collapse] is the smoking gun," says another engineer.

Despite the fact that office fires cannot melt steel, there was plenty of molten steel at WTC 7. How did the steel melt? Numerous professors including Steven Jones and Niels Harrit found evidence of [active thermite material](#) (nano-thermite) in the dust of WTC 7, that is high-tech explosives used to destroy steel structures. Nano-thermite would explain why 9/11 firefighters gave interviews stating that they saw molten metal “like lava, like being in a foundry.” NIST admits that despite nearly 3,000 people being killed in the 9/11 attacks and [explosions \(squibs\)](#) being clearly visible, they “did not test for the presence of explosive residue.” Most of the 9/11 debris was quickly destroyed by the government before proper testing could be done.

Larry Silverstein, the leaseholder of the World Trade Center on 9/11, admitted on television that [Building 7 was “pulled,”](#) a term associated with controlled demolition. Silverstein obtained [insurance policies](#) in July 2001 for his World Trade Center buildings with a face amount of \$3.55 billion (less than two months before 9/11). After 9/11, Silverstein sued the insurance companies arguing that two planes were two separate attacks. He eventually won and was awarded up to \$4.57 billion, depending on an appraisal that followed.

Additionally, the [BBC and other news outlets](#) reported 23 minutes before that Building 7 had collapsed. This indicates that the news script had been written with foreknowledge of the demolition.

Why else should you support the [Remember Building 7](#) 10th Anniversary Campaign?

Top US government insider [Dr. Steve R. Pieczenik](#) said that [Osama Bin Laden died in 2001](#) of Marfan syndrome and that he was prepared to testify in front of a grand jury that a top general told him directly that 9/11 was a false flag inside job. [Pieczenik cannot be dismissed as a “conspiracy theorist”](#). He served as the Deputy Assistant Secretary of State under three different administrations, Nixon, Ford and Carter, while also working under Reagan and Bush senior, and still works as a consultant for the Department of Defense. A former US Navy Captain, Pieczenik achieved two prestigious Harry C. Solomon Awards at the Harvard Medical School as he simultaneously completed a PhD at MIT.

‘They ran the attacks,’ said Pieczenik, specifically naming members of the Bush administration ... ‘I taught stand down and false flag operations at the national war college, I’ve taught it with all my operatives so I knew exactly what was done to the American public,’ he added.

Pieczenik is not alone as [hundreds of senior government officials](#) challenge the official 9/11 story.

The authors of the [Project for the New American Century’s](#) (PNAC) report entitle Rebuilding America’s Defenses remain unaccountable. In the Report, written one year before 9/11, they state that Americans will not support the military conquest of the Middle East “absent some catastrophic and catalyzing event--like a new Pearl Harbor.” That [Pearl Harbor was 9/11](#), which served as the pretext for the invasions of Afghanistan, Iraq, and [predator drone bombings in Pakistan](#). PNAC members and/or report signatories include Dick Cheney (Council on Foreign Relations), Elliott Abrams (CFR), Richard Armitage (CFR), Donald Rumsfeld (CFR), Paul Wolfowitz (CFR), Robert Zoellick (CFR), Lewis (Scooter) Libby, William Kristol (CFR), Steve Forbes, John Bolton (CFR), Richard Perle (Bilderberg), and many more.

Three months before 9/11, [Vice President Dick Cheney](#) usurped control of NORAD, and therefore he alone had the power to call for military aircraft on the hijacked airliners on 9/11. He did not exercise that power. On the contrary, the Secretary of Transportation on 9/11, Norman Mineta, testified that [Dick Cheney](#) gave a [stand-down order](#) to U.S. air defense on 9/11. Three months after 9/11, Cheney relinquished command of NORAD and returned it to military operation. [Dick Cheney](#) was the CEO of Halliburton before becoming vice president. Halliburton was awarded [no bid contracts](#) to occupy Iraq.

Donald Rumsfeld announced that the Pentagon could not account for \$2.3 trillion dollars on [September 10, 2001](#). The next day, the story was conveniently lost in the news of the 9/11 attacks. Rumsfeld also admitted that [Flight 93 was shot down](#), which was obvious given the fact that parts of the plane were found [scattered over 8 miles](#).

A number of top pentagon officials and San Francisco Mayor Willie Brown were [warned not to fly into New York on the morning of 9/11](#). Why didn't the people on the targeted planes get the same warnings?

The FBI had foreknowledge of the 1993 World Trade Center Bombing and [refused to stop it](#). Their informant wanted to replace the live bomb with a fake, but the FBI then [removed him from the case](#). The informant felt he was being set-up and taped his conversations with the FBI. The bombing killed six people and injured over 1,000.

[Governments](#), including the U.S. government, [admit they engage in false flag terror](#) like [Operation Northwoods](#), and the more recent BATF [Operation Fast and Furious](#) scandal.

Al Qaeda leader Anwar Al-Awlaki may be the first American on the CIA's kill or capture list, but he was also a lunch guest of military brass at [the Pentagon](#) within months after 9/11.

Many of the alleged 9/11 hijackers are "[alive and well](#)." Additionally, "The reason why 9/11 was not mentioned on Osama Bin Laden's most wanted page is because the FBI has [no hard evidence](#) connecting Bin Laden to 9/11," said Rex Tomb, Chief of Investigative Publicity for the FBI.

There is an abundance of evidence that the U.S. government had [foreknowledge](#) of the attacks and [insider stock trading](#) on companies most affected by 9/11 increased dramatically the prior week.

Evidence of 9/11 foreknowledge indicates that Al-Qaeda (a perceived outside threat) is from [Hermann Goering's](#) war playbook:

Naturally the [common people don't want war](#); neither in Russia, nor in England, nor in America, nor in Germany. That is understood. But after all, it is the leaders of the country who determine policy, and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament, or a communist dictatorship. Voice or no voice, the people can always be brought to the bidding of the leaders. That is easy. All you have to do is to tell them they are being attacked, and denounce the pacifists for lack of patriotism and exposing the country to danger. It works the same in any country

Al-Qaeda is nothing more than a database of mercenary fighters [trained and funded by the](#)

[Pentagon and CIA.](#) In 1979, al Qaeda, in the form of the Mujahideen / Taliban, was America's secret weapon in [Operation Cyclone](#). While rallying the public behind a war in Afghanistan and Iraq after 9/11, the Bush Administration clandestinely let [members of the bin Laden family quietly fly out of the United States](#), even while all other flights were grounded. It would be revealed in articles about the "[Airlift of Evil](#)," that U.S. forces also covertly exported Taliban forces from Afghanistan to Pakistan to protect them from defeat after 9/11.

[George W. Bush planned to stage a false flag attack](#) after 9/11 to justify the invasion of Iraq. "Mr. Bush told Mr. Blair that the US was so worried about the failure to find hard evidence against Saddam that it thought of "flying U2 reconnaissance aircraft planes with fighter cover over Iraq, painted in UN colours". Mr. Bush added: "If Saddam fired on them, he would be in breach [of UN resolutions]".

Zbigniew Brzezinski, Jimmy Carter's National Security Advisor and CFR/Trilateral Commission/Bilderberg member, suggested that the government carryout [false-flag operations](#) on the United States to justify war with Iran. In his 1997 Book, The Grand Chessboard: American Primacy and Its Geostrategic Imperatives, [Brzezinski wrote of the necessity for the U.S. to seize control the Eurasian Balkans](#), "...the Eurasian Balkans are infinitely more important as a potential economic prize: an enormous concentration of natural gas and oil reserves is located in the region, in addition to important minerals, including gold."

Like Brzezinski, CFR member [Gary Hart](#) wrote a letter suggesting that the U.S. would engage in false flag operations to justify military actions against Iran. In fact, he references several past admittedly staged events such as the [sinking of the Maine](#) and [Gulf of Tonkin incident](#).

FBI translator Sibel Edmonds, was dismissed and gagged by the DOJ after she revealed that the government had foreknowledge of plans to attack American cities using planes as bombs as early as April 2001. In July of '09, Edmonds broke the Federal gag order and went public to reveal that Osama Bin Laden, Al Qaeda and the Taliban were all working for and [with the C.I.A. up until the day of 9/11](#).

[Al Qaeda is still funded and supported by the U.S. and NATO](#) for the purpose of [destabilizing Libya](#) with help from [British SAS troops](#).

Former CIA officials admitted to [faking a Bin Laden video](#).

9/11 served as the justification for the [Constitution-shredding Patriot Act](#), [warrantless-wiretaps](#) of U.S. citizens, [indefinite detention](#) and other devastating attacks on unalienable rights. It was also used to justify [torture](#) of those that allegedly fought against U.S. invasions of their countries and possibly even [their children](#).

After 9/11, Homeland Security imposed unpopular [TSA naked body scanners](#) and [groping pat-downs](#) on travelers and their children. In addition to conditioning the public to accept warrantless searches at airports, the DHS has rolled out checkpoints, [mobile x-ray vans](#) on public streets & highways, on [trains, buses and boats](#), as well as at [sport stadiums, hotels and shopping malls](#) and beyond. Whistle blower [Russell Tice](#) revealed that the NSA is spying on Americans without warrants and building a database of everyone. Likewise, [Mark Klein](#) revealed that AT&T is working with the government to monitor all Internet activity and

emails.

[Al Qaeda does not really exist](#) as documented by the BBC.

9/11 served as the justification for the U.S. becoming a police state through the [destruction of posse comitatus](#). Now [military police kidnap people](#) off the streets in broad daylight and stuff them into unmarked cars. The [TSA has invaded roads and highways with VIPR checkpoints](#) in violation of the 4th Amendment.

The [9/11 Commission Report is a 571-Page Lie](#) that omits WTC Building 7. [Documents reveal](#) that the government warned the 9/11 Commission against getting to the bottom of the September 11 terror attacks in a letter signed by Attorney General John Ashcroft, Defense Secretary Donald Rumsfeld and CIA Director George J. Tenet. Additionally, [Bush and Cheney refused to appear before the Commission separately](#) and both refused to testify under oath, instead meeting with panel members informally and in private, with no recordings of the meeting allowed.

[The senior counsel to the 9/11 Commission](#), John Farmer, said that the government agreed not to tell the truth about 9/11. Senator Max Cleland, resigned from the 9/11 Commission after calling it a “[national scandal](#).” Cleland also said, “One of these days we will have to get the full story because the 9-11 issue is so important to America. But this [White House wants to cover it up](#).”

[9/11 Commissioner Bob Kerry](#) said, “There are ample reasons to suspect that there may be some alternative to what we outlined in our version,” Kerry said. The commission had limited time and limited resources to pursue its investigation, and its access to key documents and witnesses was fettered by the administration.” 9/11 Commissioner Tim Roemer, stated that Commission members were considering a criminal probe of false statements. As quoted, “We were extremely frustrated with the false statements we were getting.”

Drills such as “Vigilant Guardian” were being run during the 9/11 attacks [which confused U.S. NORAD](#) (air defense) personnel and pilots. London underground bombing “[exercises](#)” also took place at the same time of the 7/7 terror attacks. Police sources confirmed that hours before [Anders Behring Breivik](#) launched his deadly attack at a political summer camp on Utøya island on July 22, police had conducted a drill for a “practically identical scenario.” The chance that drills would be going at the same time and in the same locations as the actual attacks is [statistically impossible](#) for one event, let alone all three of them.

Several informed people [predicted 9/11](#) based on the corporate media’s [predictive programming](#) in the months [preceding the attacks](#).

9/11 served as the justification for the invasion of Afghanistan, where [U.S. troops guard and support the opium trade](#). As of 2010, [estimates](#) state that 19,629 Afghans were killed and 48,644 injured due to the invasion. [Ninety-two percent of Afghans have never even heard of 9/11](#).

9/11 served as the justification for the invasion of Iraq, where [British Petroleum](#) and Halliburton increased their profits. Despite having no connection to 9/11, as of 2010, [estimates](#) state that 900,338 Iraqis have been [killed](#), 1,690,903 injured and millions

displaced.

Many people were deceived into joining the military to avenge 9/11 by invading Afghanistan and Iraq. As of August 20, 2011, there have been [2,689 coalition troop deaths in Afghanistan](#) and [4,792 in Iraq](#). It is estimated that over [100,000 coalition troops have been wounded](#), with many losing limbs.

A [Boeing 757](#) has a wingspan of 125 feet yet the pre-collapse [hole in the Pentagon](#) was approximately 16 feet wide. Not one photo of a [plane hitting the Pentagon](#), one of most secure and video monitored buildings in the world, has been released. Army Specialist, [April Gallop](#), who was injured by the Pentagon explosion and saw the hole that it caused, saw no evidence that a plane hit the building. Preliminary CNN reports found [no evidence that a plane hit the Pentagon](#).

[Pat Tillman](#) had something to tell you before he was murdered.

Dozens of [documentaries](#) have obliterated the official [9/11 story](#).

On the morning of 9/11, George H.W. Bush, (Sr.) attended a [Carlyle Group](#) meeting that Bin Laden's Brother, Shafiq bin Laden, also attended. The Bush and Bin Laden families both invested in the Carlyle Group, which is [one of the world's largest defense contractors](#) and profited greatly from 9/11 and the War on Terror. In October 1997 Carlyle acquired United Defense Industries.

Solicitor General Ted Olson's claim that his wife Barbara Olsen [called him twice from Flight 77](#), describing hijackers with box cutters, was a central plank of the official 9/11 story. However, the technology to enable cell phone calls from high-altitude airline flights was not created until 2004. American Airlines confirmed that Flight 77 was a Boeing 757 and that this plane did not have airplane phones on board. According to the FBI, Barbara Olsen attempted to call her husband only once and the call failed to connect.

On October 22, 2008, [Yukihisa Fujita](#), Congressman for the Democratic Party of Japan made a 20-minute speech on the floor of the Japanese Diet or House of Representatives. For the third time that year he directly questioned the official version of 9/11.

Former Homeland Security Secretary [Tom Ridge](#) wrote in his book that he was pressured by other members of President George W. Bush's Cabinet to raise the nation's terror alert just before the 2004 presidential election. Ridge did not believe there was a legitimate need to raise the alert.

[Five days after](#) the 9/11 attack, Christie Todd Whitman, then head of the Environmental Protection Agency, stated that the ground zero air was safe to breathe. However, the EPA's own Office of the Inspector General later revealed that this was an outright lie as Asbestos levels were known to be three times higher than national standards. "Whitman's deliberate and misleading statements to the press, where she reassured the public that the air was safe to breathe around lower Manhattan and Brooklyn, and that there would be no health risk presented to those returning to those areas, shocks the conscience," [Manhattan Federal Judge Deborah Batts wrote](#) in February 2006. Now that it is public knowledge and proven that the government conspired to lie about the toxic dust, putting thousands of people's lives at risk, and leading to the deaths of hundreds, why on earth should we so readily

believe any other aspect of what they told us in the days and weeks after the tragic event?

The following individuals have written books and stand to profit from their tales of 9/11: George W. Bush (CFR), Tony Blair (Bilderberg), Dick Cheney (CFR), [John Yoo](#) (CFR), Donald Rumsfeld (CFR), [John Ashcroft](#) (CFR), Tom Ridge (CFR), [Condoleezza Rice](#), [Colin Powell](#) (who provided the United Nations with false information to justify the invasion of Iraq after 9/11), and John Bolton (CFR – W. Bush's Ambassador to the United Nations), former U.S. Homeland Security chief [Michael Chertoff](#) (CFR – who invests in defense contractors and airport naked body scanner manufacturer Rapiscan), and Mayor [Rudolph Giuliani](#) (CFR).

[Cass Sunstein](#), the administrator of the White House Office of Information and Regulatory Affairs, considers individuals who doubt government propaganda national security threats. He has outlined plans for the government to infiltrate “conspiracy groups”, including the 9/11 Truth Movement, in order to undermine them via postings on chat rooms and social networks, as well as real meetings. On page 14 of Sunstein's January 2008 white paper entitled “Conspiracy Theories,” he proposed that “under imaginable conditions” the government “might ban conspiracy theorizing” and could “impose some kind of tax, financial or otherwise, on those who disseminate such theories.” In effect, Obama's information czar wants to tax or ban outright, as in make illegal, opinions and ideas that the government doesn't approve of. [COINTELPRO](#) was used against [Martin Luther King Jr.](#) and “[almost all groups protesting the Vietnam War.](#)”

[More Americans civilians die from intestinal illness than from terrorism. Figures collected in a study](#) clearly show that Americans are just as likely or more likely to be killed by accident-causing deer or severe allergic reactions to peanuts than they are in terrorist attacks.

‘Number of [American civilians who died worldwide](#) in terrorist attacks last year: 8 — Minimum number who died after being struck by lightning: 29.’ That's the threat in the name of which a vast domestic Security State is constructed, wars and other attacks are and continue to be launched, and trillions of dollars are transferred to the private security and defense contracting industry at exactly the time that Americans — even as they face massive wealth inequality — are told that they must sacrifice basic economic security because of budgetary constraints.

The homeland security apparatus that was created after 9/11 to allegedly monitor foreign terrorists has now been turned inward, with [Homeland Security focused on “domestic terror threats.”](#) Such threats include returning U.S. war veterans, libertarians, opposition to the private Federal Reserve banking cartel, and constitutionalists.

Despite the contents of this article, the mainstream corporate media continues to state that there is “[no evidence](#)” casting doubt on the government's 9/11 story. Skewed or outright fake polls are often cited, while polls showing that the [majority doubts the official 9/11 story](#) are ignored. By refusing to report powerful evidence clearly demonstrating that 9/11 was a false flag event using controlled demolition, it can be argued that the corporate media is [aiding and abetting](#) terrorists, thereby becoming [accessories](#) to 9/11 and the subsequent wars and deaths.

Finally, [9/11 First Responders – including police, fire fighters, EMTs and others- have been barred from attending the ceremony commemorating the 10th Anniversary of the 9/11](#)

[attacks](#). Instead, warmongering politicians including Obama and George W. Bush will grandstand at Ground Zero.
