Remember Event 201 of 18 October 2019 in NYC, hosted by the Johns Hopkins Center for Health Security, in partnership with the WEF (World Economic Forum) and the Bill & Melinda Gates Foundation? Of course, WHO was also present, and so were all the Globalist players, including the World Bank, IMF and – of indeed the UN and many of its sub-organization. See [this](#).

This was a “tabletop” simulation, as they call it – of a corona pandemic that may hit the entire world population “one of these days”...

It happened less than three months later. The rest is history.

*

Now, the same suspects, replacing officially the WEF by WHO as a key sponsor, used the Event of the Grand Challenges Annual Meeting in Brussels, Belgium, on October 23, 2022 for a similar “tabletop” exercise, this time called “Catastrophic Contagion” – see [this](#).

Is it a coincidence that the venue of this Event is Brussels, Headquarters of the EU and NATO?

Strange that this surfaced only now. And be assured, the WEF was omni-present.

In fact, without the WEF nothing of this kind would happen. Because the WEF is the Executing Branch of Big Finance – the corporate finance-digito-military complex, that directs the world from the shadows of Washington.

It is strange that hardly anything surfaced from this event for almost two months. Why was it kept secret until now?

Well, instead of, or in addition to the vassal UN organizations and Washington controlled financial institutions, like World Bank and IMF – they invited an extraordinary group of participants, consisting of 10 current and former Health Ministers and senior public health

officials from Senegal, Rwanda, Nigeria, Angola, Liberia, Singapore, India, Germany. Of particular interest are African countries.

There are no coincidences. WHO's behind closed doors Assembly of Health Ministers from around the world are debating the infamous Pandemic Treaty, as these lines are written. They will soon be voting on this nefarious "Treaty". The Pandemic Treaty, as we know, if voted in favor by a two-thirds majority will override all national authorities on matters of health; and as of 1 January 2024 will have jurisdiction above the sovereign nation states of the 194 WHO member countries.

This means, we would have a worldwide health tyranny. See this brief video (5:45 min) from a WHO insider – Dr. Vincent Carroll (18 March 2022).

Why the African countries were invited to this simulation of this very-very scary and frightening Catastrophic Contagion? – An Africa block of countries are the strong holdout – they rejected so far the Pandemic Treaty. Africans know what it means. And they even better know what it means after having experienced the covid hoax, that for some of their Presidents ended deadly. Because they – some African and one Caribbean President – opposed the vaxx agenda, they ended up dying under strange circumstances.

Why Germany's presence?

Germany has currently the most oppressive government in Europe. Germany a EU economic and intellectual superpower, has also Europe's strongest resistance movements – resistance against the covid and the Green (fake) Climate Agenda narrative. Resistance against the EU-Brussels directorate's suicide pact for Europe, leading with a planned collapse of the German economy.

The hard-core Dr. Karl Lauterbach was sworn in as Federal *Minister of Health*, about a year ago, on December 8, 2021. Will he convince the Africans, Singaporeans and Indians of the Great Good of the Pandemic Treaty for their countries and for the rest of the world?

Will there be some special incentives in terms of "development money" be waiting in the wings for those African countries? Difficult to say. But all is possible. In our Orwell world, dystopian has long become the new normal.

One thing is sure, if the WHO Pandemic Treaty is approved, the world is in deep trouble. Mother Earth may convert into a sanitary prison; that coupled with central bank digital currencies – will be the end of what we once called "freedom", and under the eagle's eye and iron fist of the Green Agenda, it might mean permanent lockdown.

Exiting WHO will then be of the order – along with abandoning our western monetary system as we know it. Parallel, community-bound currencies have long existed – and they can grow again, and so can people- and nature-based health systems. There are plenty of good and honest medical doctors, practicing alternative medicine that will render humanity healthier.

It may sound like the endgame. But the endgame may be blowing in the wind – and from its dust may rise a new society.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
