The US agenda of proxy wars and fake revolutions in Syria are pointed to one end: to [eliminate oppositional forces](#) who have any potential of disrupting the global takeover of the Elite.

Al-Qaeda, the CIA funded Boogeyman, has been aiding and encouraging the Free Syrian Army (FSA); even in so far as recruiting more members to fuel the “political transition” of Assad out of power in his own country.

The FSA are not just tied to al-Qaeda, the fake Islamic terrorist group, they ARE al-Qaeda. In a [video](#) of members of the FSA, these men are brandishing AK-47s provided to them by the CIA and have al-Qaeda flags flying in the background.

Members of FSA openly admit they are fighting for al-Qaeda. Abu Khuder, militant in the FSA [explains](#): “We have clear instructions from our [al-Qaeda] leadership that if the FSA need our help we should give it. We help them with IEDs and car bombs. Our main talent is in the bombing operations.”

Abu Thuha (a pseudonym) is an al-Qaeda operative who [claims](#) that “we have experience now fighting the Americans, and more experience now with the Syrian revolution. Our big hope is to form a Syrian-Iraqi Islamic state for all Muslims, and then announce our war against Iran and Israel, and free Palestine.”

As the fighting forces of the FSA are “new” to this proxy “revolutionary” war, they lean on al-Qaeda “experience in these military activities and it knows how to deal with it.”

Al-Qaeda’s role in FSA is to provide more than leadership, but become psychologically entangled in these young minds so that their mission is not deterred at any cost. The use of religion and discipline are tactics that keep the men in line and ready to kill or be killed for the cause of the US government.

Khuder says: “al-Qaeda goal is establishing an Islamic state and not a Syrian state. Those who fear the organization fear the implementation of Allah’s jurisdiction. If you don’t commit sins there is nothing to fear.”

While the ground troops are being coerced by al-Qaeda, NATO is becoming a more active presence in the convoluted mess of “freedom fighters” that seem to only have global Elite

schemes in mind.

The Obama administration is focusing on [increasing aid](#) to the Free Syrian Army and other oppositional factions to facilitate a forced regime change in Syria.

Andrew Tabler, a Syria expert at the Washington Institute for Near East Policy, admits that the US government “[is] looking at the controlled demolition [of the Syrian government]. But like any controlled demolition, anything can go wrong.”

The Pentagon have been plotting and overseeing [terrorist activities](#) in Syria as the campaign for regime change marches on. Along with NATO and French Special Forces, the US government has been placing strategic measures to make sure terrorism is carried out in Syria.

The globalists at the [RAND Corporation](#) admit that “al-Qaeda has conducted roughly two dozen attacks, primarily against Syrian security service targets. Virtually all have been suicide attacks and car bombings, and they have resulted in more than 200 deaths and 1,000 injuries.”

James Quinlivan, senior operations research analyst at the RAND Corporation, a globalist front for Elite agendas, regarding Syrian chemical weapons, claims that “calibration is a big deal for these things. While mustard [gas] lasts amazingly well, nerve agents do not. For nerve gases, particularly sarin, retention relies on purity, and this must be tested.”

More propaganda surrounding the framing of Syria surfaced in Austria’s Kronen Zeitung wherein a [Photoshopped picture](#) of a supposed war torn Aleppo masked a man walking with his child in his arms.

The picture was [enhanced](#) because the Syrian family in the photo “merely fleeing a city ravaged by guns and mortars apparently isn’t quite dramatic enough on its own.”

Meanwhile the Turkish army is conducting “staged tank exercises” at the Syrian border where military is deployed. While the [mainstream media](#) claim that none of the Turkish military forces will be added to the FSA and oppositional terrorists in Syria, more than 25 tanks were involved in practicing for war.

Turkey, who is a NATO member, has been setting up areas for training camps for the CIA to create more members of FSA, provide intelligence and military weaponry before sending them over the border to assist in the regime change.

Tayyip Erdogan, the Turkish Prime Minister, has been [working with](#) the US government in attempting to “hand over Assad”.

The global Elite have decided that the US State Department and the Syrian National Council [will control Syria](#). As of now, they are involved in a strategic divide and conquer mission. In the future, as Hillary Clinton, Secretary of State, has [stated](#), the geopolitical objective is to turn fake humanitarian efforts by the UN’s Kofi Annan while establishing international mandate that will end in the globalist control over this region.

The false flag assertion of Syrian chemical weapons is giving the general public the

necessary fuel to support the US/Israeli military attack of Syria.

It is being kept secret from the general public with the assistance of the MSM that the murder of Syrian civilians is being committed by the FSA under the direction of the CIA, the [script](#) being played out to keep Assad's armies under foot with "little chance of turning defeat into victory."
