*In my efforts to provide good information in place of Big Pharma-serving propaganda about Covid and the vaccine, I have reported to you from the official databases the large number of deaths and health issues associated with the vaccine. For some age groups the vaccine is more dangerous than the virus.*

I have also reported to you from official reports that the largest percentage of new cases are associated with those who are fully vaccinated. The question is: are these actually new cases or are they vaccine-associated illnesses?

Following the conclusions of a Nobel prize-winner in medicine and other top level experts, I have attributed what the medical establishment calls new cases, breakthroughs, delta variant, to adverse responses to the vaccine itself, thus questioning the existence of the delta variant. But after listening to Dr. Robert Malone, it appears that there are variants also, and will be more variants. Thus the new breakout of what are reported as Covid cases consists of both adverse reactions to the vaccine and illnesses from the new variants.

Dr. Malone is the inventor of the mRNA technology that was used to develop the mRNA vaccine. He is a member of the establishment. He is not a kook, conspiracy theorist, or anti-vaxxer. He is so solid a member of the establishment that the Department of Defense has relied on him for years. Where Dr. Malone differs from the establishment is in his unwillingness to keep quiet when he sees that the ruling Covid narrative does not fit the facts.

Dr. Malone explains (at the 50 minute mark) that what the vaccine is doing, in addition to killing and injuring people's health, which he does not emphasize, is evolving the virus, in a manner of speaking, training it to escape vaccines. In other words, the vaccine itself amplifies variants that cannot be prevented by vaccines.

You can listen to his explanations in the first 57 minutes of this video address to a professional group of educated people in Silicon Valley. Even if you are not well educated, Malone speaks with a clarity that will allow you to understand the gist of the explanation. Watch below or click [here](#).

The first 25 minutes are taken up with Malone's explanation of who he is, his background and experience. He explains the origin and reason for the official public health policy that experts, no matter how distinguished, are censored when they depart from the official (and ever-changing) CDC, NIH, WHO, FDA narrative. In other words, the official public health bureaucracies have a monopoly on the explanation. He explains that the mainstream media is interlocked with the public health bureaucracies and acts as censoring agent. He speaks with humor. He describes being "fact checked" and deplatformed by a high school dropout employed to shutdown "misinformation," which is everything that diverges from the official narrative of the day. We have reached the point in our absurdity where distinguished scientists are censored by total dumbshits.

Beginning at the 35 minute mark, Malone gets into the heart of the dilemma we face. He makes it crystal clear that the authorities were wrong and that there is no hope that vaccines are the answer. He makes it clear that the delta variant is going to run through the population and no amount of vaccination, masks, and lockdowns can do anything about it. The focus must be switched to treatment. There are known effective treatments, and more are under development and testing. Malone himself was cured by Ivermectin.

Fortunately, he reports, the delta variant is less serious than Covid-19, but future variants might not be if we continue to use a vaccine that trains new variants to escape immune systems. A number of distinguished scientists have reached the same conclusion. See [this](#) for example.

For the first time in history, the world's population has been used for mass clinical testing of an experimental vaccine. The evidence is piling up. Official reporting databases show extraordinary numbers of deaths and injuries associated with the Covid vaccine. The vast majority of new cases are associated with the fully vaccinated. The fully vaccinated spread the virus as easily as unvaccinated Covid patients according to the CDC and Dr. Fauci himself. The vaccine is associated with spontaneous abortions. These are all facts now quietly acknowledged by the bungling public health bureaucracies, but still mainly kept from the people.

The public health bureaucracies do not know how to respond to the vaccine failure as they bet the entire ball game on the mRNA vaccine. All the hopes and claims associated with the vaccine were mistaken. It is a long limb to climb back, especially when they have no other policy to suggest.

Not knowing what to do, the CDC recommends more jabs with the toxic vaccine. See [this](#).

All the "fact check" mechanisms put in place to silence those who understand what is happening are still in place and still censoring the experts who have real solutions.

Clearly, the suppression of experts must now stop. The health dilemma that the ignorance and arrogance of public health officials, dumbshit politicians, and dumbshit media have trapped us in can only be resolved by open debate among the world's experts. No more controlled explanations, or we may all die if not from the vaccine then from a variant created by the vaccine.
