

America's News Media Foment Hate

By [Eric Zuesse](#)

Region: [USA](#)

Theme: [Media Disinformation](#)

Like was shown in the movie 1984, in its two-minute section [“Two Minutes of Hate”](#): the [U.S.-installed Ukrainian regime](#) on Russia's doorstep, will soon be debating [a bill to make hate of Russia obligatory to be inculcated into all Ukrainian children](#).

The Hill, on 9 November 2017, had the extraordinary courage to publish [an opinion-piece that condemned the mainstream news-media's charges that reports of widespread “neo-Nazi formations in Ukraine” are nothing but “Russian propaganda.”](#) An editor who would accept a submission like that at such media as the *Washington Post*, *New York Times*, *New Yorker*, *The Atlantic*, or just about any other in America, would probably be fired or else re-assigned, so as to prevent a repeat. News-management like that is the way to achieve mass-indoctrination, which the Ministry of Truth specializes in.

The Hill was courageous enough to resist Big Brother and publish this article. Thus, among the reader-comments to it, the top-listed one under “sort by best” (in other words, the most popular) was the (mass-indoctrinated) *anti-Russian* “Have you counted how many neo-Nazis are in the Russian army as well?”

But there is actually nothing at all in Russia which even begins to approach [the outright nazi displays and rallies that are routine in today's Ukraine](#), and some of which Ukrainian marches are [publicly displaying symbols from Hitler's regime](#) — in fact, it's all outright illegal in Russia, which had lost (by far) more of its citizens to Germany's Nazis ([13,950,000, or 12.7% of its population](#)) than did any other country (except Belarus — another state within the Soviet Union — which lost [25.3% of its population](#)). (The U.S., which might be where the obvious bigot who wrote that reader-comment resides, [lost 419,400, or 0.32% of its population](#).) Metaphorically spitting like that, onto such millions of victims' corpses, is to be expected from bigots, and from the fools who “up-vote” them. Furthermore, the U.S. CIA provided protection and employment in Germany for top members of Hitler's equivalent to the CIA, [the Gehlen Organization](#). (America's CIA continues flagrantly to [violate the law and hide from Congress and the American people crucial details of its relationship with the Gehlen Organization](#).) By contrast, the Soviet Union was [unremitting in killing Nazis whom it captured](#). Understandably, Hitler is admired far less in Russia than in today's far-right United States, despite any lie such as “Have you counted how many neo-Nazis are in the Russian army as well?” Stupid indoctrinated readers can't change the facts about [the post-coup Ukraine](#), which are documented not only in that excellent opinion-piece at *The Hill*, but by innumerable thousands of uploaded videos and other evidences of the nazism of [the U.S.-imposed Ukrainian regime](#).

In fact, under U.S. President Barack Obama, whose Administration imposed this nazi government upon Ukraine, [the U.S. Government was one of only 3 in the entire world who stood up publicly for nazism at the U.N.](#) The other two nations were Ukraine itself (this vote having occurred *after* the coup) and Canada. Then, under the current U.S. President Donald

Trump, [the U.S. was again one of this time the only 2 nations in the entire world who stood up publicly for nazism at the U.N.](#) The other country on that occasion was Ukraine itself. Thereby, **Trump took upon himself, Obama's nazi mantle.** And, [under Trump, there's now supply of U.S. weaponry directly to proudly and publicly nazi battalions in Ukraine.](#) Even Obama wasn't so bold as to do that.

America's great President FDR would cry at this, but the Ministry of Truth has prohibited the public even to know about the reality.

Even UK's supposedly *anti-nazi* BBC routinely states such baldfaced lies as ["Ukraine is emphatically not run by fascists"](#), though clearly it is run by the worst type, *racist* fascists, ideological nazis, and they do [typically nazi](#) and [outright horrendous things](#), which the Government that the U.S. imposed [refuses to punish anyone for having done](#). That's because what was done is what [the U.S. Government itself had wanted them to do](#). It had put these people into power.

Here are yet *further* evidences, that the silence about this fact — silence by virtually all U.S. and allied 'news' media, about Ukraine's U.S.-imposed nazism — is a scandalous proof of the utter corruptness of the U.S.-and-allied 'news' media:

["Nazism of Ukraine's Western-Backed Government Is Hidden by Western 'News' Media"](#)

The [U.S. regime foisted nazi rule on Ukraine](#), and backs [the ethnic-cleansing program there to kill or else cause to flee from Ukraine into Russia the residents in Ukraine's far-eastern Donbass region](#), in which [over 90% of the people had voted for the democratically elected Ukrainian President](#) that the U.S. regime overthrew and replaced [by fascists and nazis](#), in February 2014. Obama needed [to get rid of those intensely anti-nazi voters](#), because otherwise [the regime that he installed](#) wouldn't have lasted beyond the first post-coup election. That's the purpose of [ethnic cleansing](#) — to get rid of unwanted voters. Western 'news' media portray it (*when* they do) simply as mass bigotry, but the installed political thugs have actually organized and armed it, in order to retain their power by getting rid of their political opponents' voters. (Obama required it, in this case, because Ukraine has Europe's longest border with Russia, and is thus ideal for posting U.S. missiles).

As a result of the February 2014 U.S. takeover of Ukraine: Ukrainians [became amongst the unhappiest people on the planet](#), and [the Government's debt doubled](#), and [Ukraine's GDP plunged 50%](#), and [the incomes of Ukrainians plunged 50%](#), and those two regions which had been in Ukraine, Crimea and Donbass, broke away from the U.S.-imposed nazi Government that wanted the residents in those areas to be killed or else expelled into Russia. Why were the residents impoverished while the Government's debt doubled? All of that debt-increase was borrowing in order to be able to afford the [extermination-war against the residents in Donbass](#).

But instead of The West's recognizing publicly that the ethnic-cleansing program exists, The West's propaganda-vehicles (called 'news' media by Big Brother) accuse Russia of 'aggression' for arming Donbass's residents and bringing in food and medicine so that these people can stay there instead of emigrating into Russia. Russia is doing what it can to help them, but [turned down the residents' pleas to become admitted as a new region into Russia](#).

Russia had gotten hit badly enough with America's sanctions which resulted from Russia's taking on the burden of protecting and allowing to become Russians again (as had been the case until the Soviet dictator in 1954 transferred them to Ukraine) Crimeans.

So: this ugly mindless and misinformed hate, which America's 'news' media foment by constant lies and distortions against Russia, is being fomented for a reason: conquest. Conquering Ukraine wasn't enough — the U.S. regime wants, *ultimately*, to conquer Russia; and, so, that's what all of this hate build-up is actually about. It's the prelude to an invasion. Otherwise, it wouldn't be done, at all. Invasion of Russia, is the sole sensible ultimate reason.

The American people would not tolerate, even for just ten seconds, Russia overthrowing Canada's Government — *our* next-door neighbor — in order to place missiles on *our* border, but people who say such things as "Have you counted how many neo-Nazis are in the Russian army as well?" are, in effect, *approving* of our country doing that to the Russian people. Ukraine is Russia's equivalent to our Canada.

And, America's media constantly feed this stupidity and hate, by Americans against Russia, and blindly ignore the hate that the U.S. regime has already unleashed in Ukraine, against Ukraine's next-door neighbor, in preparation for an invasion of Russia.

Never has the U.S. sunk so low, at least not in modern times, but the direction in which we are heading is toward even worse, even lower than now, even more like Hitler's Germany.

Candidate Trump had promised to be the *non*-Obama, but turns out, on the most important matter of all, to be instead the *super*-Obama. This is playing with fire — a global fire. And the U.S. Government is doing it with the most-evil intent imaginable. And the media play right along with it, and they whip the hatred even higher than they already have done.

Things aren't looking good. There are too many lies, for any intelligent person to be able to feel at all comfortable about where we're heading.

The sound of [those two minutes of hate](#) is becoming unbearable, for anyone with the ears and brain to hear it. It's now all around us.
