

Amnesty “Fake News” on Syria. “Human Rights” as a Pretext for Criminal Invasions

The U.S Empire, which serves narrow oligarch[1] special interests, rather than broad-based national interests, always uses the banner of “human rights” as a pretext for criminal invasions, but the invasions, at least since 9/11, are NEVER about human rights.

Quite the opposite.

Recently, as an example, U.S coalition warplanes deliberately, and criminally, [bombed bridges and water lines](#) serving the city of Raqqa, Syria, all for the benefit of the U.S terrorist proxies occupying and terrorizing the city.

Targeting civilians for death and destruction is U.S military strategy, well-honed during previous illegal invasions of other countries, including Iraq and Libya.

If the criminal cabal driving the Empire’s mass-murdering, country and international law-destroying [overseas holocaust](#) did use human rights as a reason for invasion, then it would be invading itself. The US has among the highest rates of incarceration[2] in the world, stratospheric child-poverty rates[3], a foreign policy consisting of war crimes, and a well-honed apparatus for torturing[4] people globally etc.

But the fake “humanitarian” pretexts regularly fool and tame the MSM-consuming masses, thus engineering consent for more war crimes of the highest order.

A recently-released Amnesty International Report[5] – based on hearsay, and fabricated in the U.K — fails all tests of validity, but nonetheless serves the Pentagon’s strategy of “information dominance”[6], codified in U.S law with the passage of HR5181[7], which provides a framework for “countering” and “refuting” narratives that do not align with U.S propaganda narratives.

All of the war lies about Syria, covered and repeated incessantly by MSM fake news, have been discredited. Assad is not a brutal dictator. He does not willfully bomb his own people. He does not “kill his own people”, nor does he gas his own people. And so the next Big Lie is the Amnesty fake news story, dutifully reported and legitimized, of course, by MSM fake news.

Amnesty’s latest attack on Syria: the facts		
HUMAN SLAUGHTERHOUSE MASS HANGINGS AND EXTERMINATION AT SAYDNAYA PRISON, SYRIA	Amnesty claims: many thousands of prisoners executed at Saydnaya prison; senior Syrian religious figure is said to have approved the executions.	
		
<div>1. Amnesty ‘corroborated’ (i) false justifications for the first Gulf war (the fake ‘incubator babies’ story); (ii) justification for the occupation of Afghanistan (“NATO: keep the progress going”); and (iii) pretexts for NATO’s destruction of Libya (the fake ‘black mercenaries’ story). It admitted but did not apologise for this false war propaganda.</div> <div>2. Syria does have the death penalty and has executed terrorists.</div> <div>3. Amnesty did not visit Syria for this report, nor would it be allowed in. It did a few dozen interviews in Turkey; but its numbers come mainly from the HRDAG, a US group funded by George Soros, US foundations and the US Govt funded NED.</div> <div>5. Amnesty says “hundreds – probably thousands” were killed, refers to the HRDAG claim of “17,723 killed”, then presents its own claim of “5,000 to 13,000” killed.</div> <div>6. Amnesty makes some criticism of terrorist groups in Syria but has not criticised the US, UK, Saudis and others for financing and arming terrorist groups in Syria.</div> <div>7. The US State Dept, Amnesty and Human Rights Watch regularly swap officials.</div>		

— Prof Tim Anderson

The Amnesty lie serves to obscure the increasingly obvious real story about Syria, including the nature of the West’s terrorist proxies,^[8] and the crimes[9] that they commit.

These isis orders and letters captured by the syrian army after liberating Palmyra from isis:

translation:

Announcment: Brothers who wish to buy sex slaves should register their names with leader of the their platoon. As for the fighters in duty they should contact their ameer (leader) and we will arrange it within ten days. Any one who does not register his name well be denied from the sex slave market. Money for a slave should be paid in a closed envelope and the highest bidder will be obliged to finish the deal.

The criminal narratives of the warmongering oligarch class need to be replaced with on-the-ground real news about Syria, and the real news tells us that Syria is winning the battle against the NATO et al. terrorists. This should be cause for celebration[10].
