Below are questions that require urgent answers:

- 1. As a Member of the British (or American/Canadian) Jewish community, do you support the actions of the Israel government including the illegal settlement of over 600,000 of its own citizens in the Palestinian West Bank, East Jerusalem and the Golan Heights plus the 11 year blockade of essential goods against 1.8m civilians in Gaza, intended to effect regime change: actions that deliberately violate both UN Security Council Resolution 2334 and the Geneva Conventions on Human Rights?*
2. Do you appreciate the level of global opposition to the repressive and oppressive policies of the Likud government?
3. Do you agree that UN Security Council Resolutions should be complied with as a mandatory duty by every UN Member, including the United Kingdom, the US and Israel?
4. Do you really believe that there is no correlation or linkage between Israeli government policy towards the indigenous peoples of the region, and the dangerous increase in global antisemitism?
5. Do you agree with the proposition that although the state of Israel has an inalienable right to exist, that right does not extend to the destruction or removal of millions of those who have been the majority indigenous people of the region continuously for over a thousand years?
6. Do you believe in the sanctity of human life, freedom of expression and the importance of human and civil rights regardless of race, religion or colour – and do you believe in democratic government?
