The evidence is in. They are willfully killing and maiming and sterilizing us with these jabs. Some of us know this. Most remain unconvinced. All holocausts are enabled by fence-sitters, willful ignorance etc., and it is happening now. Never again is now.

People who share the truth, especially about the jabs, are censored in myriad ways. Dr. McCullough was just removed from Twitter, apparently for posting the brilliant "Are the Kids OK?" video.

The aforementioned video demonstrates first that "COVID-19" does not cause myocarditis and pericarditis, but that the experimental jabs do. (1)

Second, that mainstream messaging, including "fact-checkers", were wrong to label jab-related myocarditis as "COVID misinformation." (2)

Finally, that the catastrophic jab-related mortalities and morbidities are actually considerably under-estimated. (3)

Fatal Lockdowns are coming back to Canada, land of the unfree. Do what you can to beat the censorship, the logorithms, the smears etc.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project "destroys people's lives". He provides a comprehensive analysis of everything you need to know about the "pandemic" — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

"My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the "deadly" COVID-19 "vaccine". This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument."
