By [The Global Research Team](#)

Global Research, July 07, 2018

Dear Readers,

"For much of this year, independent media –including Global Research– has felt the sting of increased online censorship", in the form of a "crackdown on news that challenges official government narratives."

With mounting time and resources being dedicated to finding our way through the maze of [biased algorithms](#) and [online censorship](#), we're asking for your help in meeting our monthly costs.

Our last drive for donations was sent out via e-mail on June 28th to just under 50,000 people.

It was also visible on the Global Research site to our 1 million monthly visitors.

Despite this only a few donations were made.

If you value Global Research and you haven't done so yet, please [consider making a donation](#).

We are extremely grateful to those who have made [a contribution](#) so far, without you we would not be able to continue our activities.

Click the [donate button](#) below to make a contribution. Thank you for supporting independent
