*The Brandon entity yesterday appeared in front of cameras with his script pre-loaded into the teleprompter, behind the authoritative auspices of the White House podium, taking no questions before shuffling off, to claim that he had seen firsthand images of beheaded Israeli children resulting from Saturday’s assault on Israel by Hamas.*

Via [NBC News](#):

“President Joe Biden painted a vivid picture of the horrors of the Israel-Hamas war in remarks to Jewish community leaders Wednesday — but the White House later had to clarify his claims.

“I never really thought that I would see and have confirmed pictures of terrorists beheading children,” Biden said in broader remarks about his administration’s support for Israel amid its war with Hamas and efforts to free American hostages.

The White House did not immediately respond to a request for further details about Biden’s remarks. Two senior administration officials said Biden was referring to reports from Israel about beheaded children and cited several media reports of beheadings.”

There was no ambiguity in the highly bombastic and inflammatory claim: Biden said he had seen “confirmed pictures of terrorists beheading children.”

You’ll be shocked to learn that he had seen no such pictures and he had received no such confirmation. In fact, [the IDF has conspicuously refused to confirm the reported incident](#) – odd, given its access to the scene of the alleged crime and its obvious incentive to report on

such atrocities if they had actually occurred.

Who are these decapitated babies? What are their identities? Where are the families?

The total lack of evidence aside from hearsay hasn't stopped the corporate state media, bolstered by the lies from the White House, from running hog-wild with the narrative.

I can't emphasize how disappointed I am with conservatives who profess to be skeptical of the Deep State who have suddenly thrown all of their skepticism out of the window for some reason when it comes to war propaganda emanating from the current Israel-Hamas conflict.

Somehow they manage to suspend their disbelief – after decades of war propaganda claims that have proven to be total bunk – in this case.

Not to mention the total lack of skepticism of anything – literally any claim – escaping the lips of a lifelong Swamp politician who was a serial liar *before* he had dementia.

Lie by lie, the American people – and the people of the whole world – are dragged by their ears into World War III from which nothing, potentially, will survive, save for a handful of cockroaches.
