“Hundreds of millions of people have taken an injection that allows a bio-reactive “gene-therapy” molecule to be injected into their bodies because of fear, ignorance, and a refusal to consider that the people who are promoting this ... have ulterior motives.” (Edward Curtin, April 2021)

Author’s Note and Update

There is evidence that Pfizer is routinely involved in bribing numerous politicians at the highest levels of government.

In turn, draconian governmental measures are being applied which consist in instructing people to take the mRNA vaccine, despite ample evidence that this so-called “vaccination program” has already resulted in countless deaths and injuries, most of which are documented by official statistics.

These shots are NOT vaccines. They are not meant to protect you against the virus.

And why on Earth would you trust a Big Pharma company which has a criminal record? Did you know that?

The media has failed to remind us that in 2009 Pfizer Inc. pleaded guilty to criminal charges. It was [“The Largest Health Care Fraud Settlement”](#) in the History of the U.S. Department of Justice.

And now Pfizer is upheld as a “Reliable Partner” by the President of the European Commission (EU) representing some 450 million citizens in the EU’s 27 countries.

The criminality surrounding the 2020-21 mRNA vaccine far surpasses the 2009 “fraudulent marketing” charges directed against Pfizer.

“Fraudulent marketing” of an illegal and experimental “vaccine” is an understatement.

What is at stake is the outright “Criminalization of the state apparatus” whereby politicians, members of parliament, senior government officials are routinely bribed, coopted or threatened to abide by a diabolical project which is literally destroying people’s lives Worldwide.

In recent developments (September 26, 2021

“The European Ombudsman Emily O’Reilly, the EU’s chief accountability and governance officer, has launched an [investigation](#) into the European Commission’s refusal to reveal the content of communications between Ursula von der Leyen and the CEO of an unnamed pharmaceutical company.

In April, the *New York Times* reported that von der Leyen had spent a month exchanging texts and calls with Pfizer CEO Albert Bourla as part of negotiations to procure vaccines for the EU. The newspaper cited “personal diplomacy” as having contributed largely in securing the vaccines.”

Corruption and Fake Science

Say NO to the Covid Vaccine.

Michel Chossudovsky, September 27, 2021

Introduction

[On April 14, 2021, the President of the European Commission confirmed that Brussels is negotiating a contract with Pfizer for the production of 1.8 billion mRNA vaccine doses.](#)

This astronomical figure represents 23 percent of the World’s population. It is exactly four times the population of the 27 member states of the European Union (448 Million, 2020 data).

This is the largest vaccine project in World history which is accompanied by the imposition of a diabolical “Timeline” on the people of the European Union consisting of recurrent mRNA inoculations over “the next two years and beyond”.

The entire process will be coupled with a relentless fear campaign and the embedded ID vaccine passport, approved by the European Parliament barely a few weeks prior to the EU’s announcement.

The EU Digital Vaccine Passport to be implemented by Pfizer BioNTech is part of the infamous ID2020 project sponsored by Bill Gates’ Global Alliance for Vaccines and Immunization (GAVI) “which uses [generalized vaccination as a platform for digital identity](#)”.

If this EU contract with Pfizer extending into 2023 were to be carried out as planned, every single person in the European Union would be vaccinated four times over a two year period (2021-2023).

And bear in mind, at the time of writing, Pfizer's mRNA (as well as those of its competitors including Astrazeneka, Moderna and J & J) are legally categorized (in the US) as "unapproved" and "experimental products". They are illegal drugs.

In the US, the [FDA in its ambiguous statement](#) provided a so-called Emergency Use Authorization (EUA) to the Pfizer-BioNTech vaccine, namely "to permit the emergency use of the unapproved product, ... for active immunization..." ([see below](#))

EMERGENCY USE AUTHORIZATION (EUA) OF THE PFIZER-BIONTECH COVID-19 VACCINE TO PREVENT CORONAVIRUS DISEASE 2019 (COVID-19)

The U.S. Food and Drug Administration (FDA) has issued an Emergency Use Authorization (EUA) to permit the emergency use of the unapproved product, **Pfizer-BioNTech COVID-19 Vaccine**, for active immunization to prevent COVID-19 in individuals 16 years of age and older.

I have checked this statement with a prominent lawyer. It is blatantly illegal to market an "unapproved product" (irrespective of government permissions pertaining thereto).

A Multi-billion Dollar Bonanza for Pfizer BioNTech

Coinciding with the EU April 14, 2021 historic decision, Pfizer has announced that the price of its vaccine has been hiked up to \$23 a dose.

Big Money for Big Pharma. The 1.8 billion doses vaccine project will cost 41 billion dollars, largely to be financed by the creditors of EU member states. The vaccine project will thereby contribute to the spiralling public debt crisis affecting most European countries, which was triggered by the closure of economic activity and the lockdowns in the course of last 13 months.

Meanwhile, Pfizer has extended its global market largely to the detriment of its competitors.

- A contract to supply the US with up to 600 million doses,
- Brazil, approximately 100 million,
- South Africa 20 million doses,
- Philippines, 40 million,
- etc.

The Medium Term: 2021-2023 and "Beyond". No Return to the "New Normal" once Vaccinated

What is envisaged in the EU is a so-called "medium term" plan extending into 2022/23. Does this "medium term" timeline imply a fourth and a fifth wave?

The "medium term" project will be carried out in liaison with the "Great Reset" proposed by the World Economic Forum. It will most probably be accompanied by lockdown and other restrictive measures. No foreseeable return to the "New Normal" is contemplated:

But let me [President of EU Commission Ursula von der Leyen] also focus on the medium term. ... It is clear that to defeat the virus decisively, we will need to be prepared for the following: ... we might need booster jabs to reinforce and prolong immunity; ... we will need to develop vaccines that are adapted to new variants; and we will need them early and in sufficient quantities. Having this in mind we need to focus on technologies that have proven their worth. mRNA vaccines are a clear case in point.

Based on all this, we are now entering into a negotiation with BioNTech-Pfizer for a third contract. This contract will foresee the delivery of 1.8 billion doses of vaccine over the period of 2021 to 2023. And it will entail that not only the production of the vaccines, but also all essential components, will be based in the EU.

The negotiations we are launching today [April 14, 2021]- and hope to conclude very rapidly - are a further important step in Europe's response to the pandemic.

...

I want to thank BioNTech-Pfizer. It has proven to be a reliable partner. It has delivered on its commitments, and it is responsive to our needs. This is to the immediate benefit of EU citizens. ([President of EU Commission](#))

Reliable Partner? Pfizer's Criminal Record

There is another dimension, a "can of worms" which the EU does not want to open. The largest vaccine project of an "unapproved drug" is to be implemented by a Big Pharma company which has a longstanding record of bribing medical doctors and public health officials.

Pfizer has been a "habitual offender," persistently engaging in illegal and corrupt marketing practices, bribing physicians and suppressing adverse trial results. Since 2002 the company and its subsidiaries have been assessed \$3 billion in criminal convictions, civil penalties and jury awards. ([Dr Robert G. Evans, National Institutes of Medicine](#))

Moreover, Pfizer has a criminal record in the US, indicted by the US Department of Justice in 2009 for "fraudulent marketing".

"Pfizer, the world's largest drugs company, has been hit with the biggest criminal fine in US history as part of a \$2.3bn settlement with federal prosecutors for mispromoting

medicines and for paying kickbacks to compliant doctors.”([Guardian](#))

In a historic [US Department of Justice decision in September 2009](#), Pfizer Inc. pleaded guilty to criminal charges. It was “The Largest Health Care Fraud Settlement” in the History of the U.S. Department of Justice.

On the right, the date "Wednesday, September 2, 2009" is displayed. The main headline is "Justice Department Announces Largest Health Care Fraud Settlement in Its History" followed by the sub-headline "Pfizer to Pay \$2.3 Billion for Fraudulent Marketing".

The video player includes standard controls: a play button in the center, a progress bar at the bottom, and a timestamp of "00:25 / 42:18". A "NEXT" button is visible in the lower-left corner of the video frame. A "C-SPAN" logo is in the lower-right corner. A date stamp "9/2/09" is visible in the upper right of the video frame. A "CC" (Closed Caption) icon is also present.

How on Earth can you trust a Big Pharma vaccine conglomerate which pleaded guilty to criminal charges by the US Department of Justice (DoJ) including “fraudulent marketing”

and “felony violation of the Food, Drug and Cosmetic Act”?

In this 2009 DOJ Judgment, [Pfizer was so to speak “Put on Probation”](#) for a four year period. Pfizer was ordered to enter into “a corporate integrity agreement” with the Inspector General of the Department of Health and Human Services (DHHS), acting as a de facto “Parole Officer”. “That agreement provided for “procedures and reviews to ... avoid and promptly detect” (future) misconduct on the part of Pfizer, Inc.

The Killer “Vaccine”

Corporate Integrity? Pfizer BioNTech’s “Fraudulent Marketing” behaviour prevails with regard to the projected 1.8 billion doses of its “unapproved” “experimental” mRNA COVID-19 Tozinameran “vaccine”, sold under the brand name Comirnaty.

What we are dealing with is the “fraudulent marketing” of what is best described as a killer “vaccine”.

But in fact, the mRNA “vaccine” which modifies the human genome “is NOT” a vaccine. It is based on gene therapy combined with an embedded ID vaccine passport.

Deaths and Injuries Resulting From the MRNA “Experimental Vaccine”

Is the European Commission intent on edging out Astrazeneka and J & J (on behalf of Pfizer??). Official statements suggest that Pfizer BioNTech will eventually be taking over the entire EU vaccine market.

In early March 2021, 18 European countries including France, Italy, Germany and Spain decided to suspend the AstraZeneka mRNA vaccine. AstraZeneka was the target of national EU governments, the [European Medicines Agency \(EMA\)](#) as well as the EU Commission.

The EU has now confirmed that it will not renew its contracts with J and J and AstraZeneka despite the fact (according to EU and UK data) that the deaths and injuries resulting from the Pfizer BioNTech “vaccine” are much higher than those of AstraZeneka.

[Official EU data pertaining to vaccine deaths and injuries](#) for Pfizer, Moderna and AstraZeneka point to: 3,964 Dead and 162,610 Injuries (December 27, 2020 – March 13, 2021)

[The Breakdown \(Astrazeneka, Pfizer, Moderna\)](#)

Total reactions for the experimental **vaccine AZD1222 (CHADOX1 NCOV-19) from Oxford/ AstraZeneka**: 451 deaths and 54,571 injuries to 13/03/2021

Total reactions for the experimental mRNA vaccine **Tozinameran** (code **BNT162b2, Comirnaty**) from **BioNTech/ Pfizer**: **2,540 deaths** and 102,100 injuries to 13/03/2021

Total reactions for the experimental mRNA vaccine **mRNA-1273 (CX-024414) from Moderna**: 973 deaths and 5,939 injuries to 13/03/2021

EudraVigilance - European database
of suspected adverse drug reaction reports

COVID-19 Vaccine Adverse Drug Reactions

3,964 DEAD

162,610 Injuries Through March 13, 2021

COVID-19 MRNA VACCINE MODERNA (CX-024414)

COVID-19 MRNA VACCINE PFIZER-BIONTECH (TOZINAMERAN)

COVID-19 VACCINE ASTRAZENECA (CHADOX1 NCOV-19)

UK data also confirms that the so-called side effects of the mRNA are significantly higher for the Pfizer BioNTech “vaccine” (in comparison with AstraZeneca). See [British Government Shocking Report on Side Effects of Corona Vaccines: Strokes, Blindness, Miscarriages](#)

So why are Pfizer’s competitors, namely Astrazeneka and J & J being shoved out of the EU market?

There is War within Big Pharma.

Concluding Remarks

Amply documented, the vaccine is not required. There is no pandemic.

And why would the EU Commission representing 450 million people in 27 countries commit itself to purchasing 1.8 billion doses of Pfizer’s mRNA Tozinameran “vaccine” which at the very outset is known to have resulted in countless deaths and injuries including autoimmune reactions. blood clotting abnormalities, stroke and internal bleeding?

Who is behind this despicable project??

See [the Rebuttal of Doctors for Covid Ethics](#) addressed to the European Medicines Agency (EMA).

Say NO to the Killer Virus. The EU sponsored Pfizer “vaccine” must be the object of a coordinated grassroots movement in all 27 member states of the European Union, as well as Worldwide.

The scientific evidence amply confirms that a Covid-19 vaccine is NOT required. Quite the opposite.

The estimates of so-called covid-19 positive cases are based on the RT-PCR test which according to the [WHO’s latest statement \(January 20, 2021\)](#) is totally unreliable and which has served to hike up the numbers, while also justifying the need for a mRNA vaccine, which

in effect is not a vaccine.

See: [The WHO Confirms that the Covid-19 PCR Test is Flawed: Estimates of “Positive Cases” are Meaningless. The Lockdown Has No Scientific Basis](#)

While the media will highlight the “Killer virus”, with scanty and contradictory “evidence”, what is at stake is best described as “a killer vaccine”.

Misleading Covid Death Estimates

Moreover, the estimates of Covid deaths used to justify the need for a vaccine are fake. In the US, certifiers have been instructed to indicate the “underlying cause of death” as Covid-19 “more often than not”.

See [Covid-19 and the Falsification of Death Certificates: The CDC’s “More Often Than Not” Clause](#)
