The Hamilton Coalition To Stop The War is pleased to announce that it will demonstrate against the April 13 missile attacks on the part of the USA, UK, and France on Syria. The Coalition regards those attacks as outrageous and reckless acts of war, illegal under international law.

Having lost their proxy war for regime change in Syria, the three rogue states are becoming more reckless and desperate. Their missile strikes were intended to pre-empt an investigation by the Organization for the Prohibition of Chemical Weapons (OPCW) that might exonerate the Syrian Arab Republic from the charge of using chemical weapons in the city of Douma. The strikes came a mere six hours after the OPCW announced it was deploying its fact-finding mission to Syria.

And the USA, UK, and France don't seem to care that they run the risk of provoking Russia, Iran, and China into a wider Mideast war or even into a third world war.

Shamefully, the Trudeau government joined the western chorus – without a shred of proof – condemning the Syrian government for using chemical weapons and wholeheartedly endorsing the missile attacks.

At our demonstration this Sunday April 22, we will demand:

1. the Canadian government accept the will of the Syrian people to determine their own future without foreign interference, in accordance with the UN Charter, and formally withdraw from the US military coalition in Syria and Iraq;
2. the Canadian government end its illegal economic sanctions on Syria that punish ordinary Syrians by driving up the price of essentials and by blocking the flow of remittances to Syria. These brutal economic sanctions have turned millions of Syrians into refugees;
3. The Canadian government cut off its funding – believed to have been 12 million dollars so far – to the White Helmets organization, which is the propaganda arm of Al Qaeda in Syria and which is the group which staged the phony chemical incident in Douma;
4. the Canadian government re-establish normal diplomatic relations with the government in Damascus and commit funding to the reconstruction of that once-beautiful country which our government has helped to lay waste;
5. the US government end both its support for terrorist mercenaries in Syria and its

occupation of the eastern third of Syria, east of Euphrates River, and get out of Syria now!

The demonstration will take place on Sunday, April 22, from 2 to 4 pm across from the US Consulate, 360 University Avenue, Toronto. Other sponsoring organizations include the Canadian Peace Congress and the Toronto Association for Peace and Solidarity.
