Prominent Canadian physician Dr. Charles Hoffe has spoken out courageously to warn people of the very serious dangers of the Covid mRNA genetic “vaccines”. He now faces trial from the Canadian health authorities aiming to silence him and effectively destroy his medical practice.

What is most disturbing about this unprecedented case is that, if the prosecution gets its way, all the evidence produced by the State claiming the Covid vaccines are “safe and effective” will be deemed indisputable, irrefutable — and Dr. Hoffe would not be able to defend himself or call expert witnesses!

In other words, a totalitarian show trial designed to intimidate all doctors and patients who value medical freedom of choice, the right to a fair trial, freedom of speech, and medical ethics.

The College of Physicians and Surgeons of British Columbia, where Dr. Hoffe practices, had scheduled the disciplinary hearing for March 4th through March 15th. But at the last minute, the College pulled a fast one.

“When [the College] saw the mountain of evidence stacked against them, and against the public health narrative, obviously they panicked because I don’t think they realized how vigorous our opposition was going to be,” explains Hoffe in a March 7th interview.[1]

As a countermeasure, the College dumped a massive trove of documents on Dr. Hoffe’s

lawyer AND invoked an almost unheard-of legal trick called *Judicial Notice*, which means the disciplinary Panel would accept all the College's basic assertions as uncontestably true. Hoffe's voluminous evidence — both from his own private practice as a family doctor and from the scientific literature — that the Covid mRNA vaccines cause widespread death, neurological problems, micro-clotting, infertility, immune-system damage, and other severe adverse side effects would be inadmissible.

Given this outrageous legal trick, Dr. Hoffe's lawyer had no choice but to request an adjournment and hire four more attorneys to sift through the College's eleventh-hour document-dump.

If the Disciplinary Committee implements Judicial Notice, explains Dr. Hoffe,

"I would have no opportunity to testify in my defense, nor would any of [my eight] expert witnesses....It would render this literally a kangaroo court. This is an astonishing act of injustice, where you literally accuse somebody of something and then remove their ability to defend themselves." [2]

The government's objective, he says, is "to try to make an example of me and make sure all the other doctors toe the line and keep quiet and just obey." Dr. Hoffe, who is widely regarded as a heroic truth-teller across much of Canada, comes across as a down-to-earth man of great integrity, honesty and humility. An outspoken advocate for patient safety, medical ethics, and the Hippocratic oath ("First, do no harm"), he is accused by the medical authorities of spreading "misinformation," putting people at risk, and encouraging "vaccine hesitancy." After 31 years as an emergency room physician with not a single patient complaint against him, he was fired from his ER position for telling a nurse that somebody who had natural immunity didn't need to get the Covid jab.

Exposing the Medical Cartel's Coverup

In a speech delivered at the site of the College of Physicians and Surgeons in Vancouver in August 2022, Dr. Hoffe declared:

"What we have seen in the last 18 months since the start of the vaccine rollout is the biggest disaster in medical history. Never before in medical history has any medical treatment killed and maimed so many people....You only have to look at the OpenVAERS.com in the USA. 30,000 people dead, 55,000 permanently disabled, 50,000 cases of myocarditis, and 1.3 million vaccine injuries...This is an utterly failed experiment, and the College of Physicians and Surgeons here in B.C. is the one organization who could have and should have said no." [3]

OpenVAERS.com is an easy-to-access version of the US Centers for Disease Control's Vaccine Adverse Events Reporting System. VAERS vastly underreports the number of vaccine-induced injuries and deaths, capturing an estimated 1% to 10% of adverse events.

In his March 7, 2024 interview about the upcoming trial, Hoffe notes that OpenVAERS currently reports "almost 70,000 permanently disabled and about 2 million vaccine injuries, and yet Health Canada and the FDA look the other way and continue to tell us it's safe and effective." At the time of this writing, OpenVAERS registered 37,231 COVID vaccine reported deaths.

The Covid vaccine manufacturers admit that their poorly tested, highly experimental

injections do not prevent infection with Covid and do not stop transmission of the (alleged) SARS-CoV-2 virus.

And yet the charade goes on....in Canada, the United States, most of Europe, Australia and the no-longer “free world.”

Dr. Hoffe has repeatedly pointed out these facts as well as the fact that the more Covid shots you get, the more likely you are to be diagnosed with Covid. This is true of individuals and whole nations. As Hoffe cogently observes, “Every vaccine injury reporting system across the world reports record numbers of deaths and disabilities and vaccine injuries that we’ve never seen the likes of from any medical treatment in history. And yet they completely turn a blind eye and they just carry on recommending that people get vaccinated. It’s absolutely absurd.” [4]

Micro-clots

Dr. Hoffe determined that up to 62% of his patients who got the Covid mRNA vaccine develop micro-blood-clots too small to detect on MRI or CT scan. He was the first medical expert to state publicly that these blood clots are not rare.

According to Hoffe, these micro-clots permeate the capillary network in the vaxxed, resulting in blockage of capillaries (pulmonary arterial hypertension); this condition usually kills people within 3 years, and those who survive may suffer steady deterioration, especially if they take another Covid shot. The only way you can find out if the Covid “vaccine” gave you micro-blood clots is to ask your doctor to give you a D-dimer test, like the one Dr. Hoffe has performed on his patients.[5]

This finding alone should have led to the immediate withdrawal of all the Covid-19 genetic “vaccines.” They are indeed “clot-shots” as the critics have warned repeatedly. But the Pharma-controlled mainstream media lies and assures us that both large and tiny blood clots are “extremely rare,” when the opposite is true.

Most of Dr. Hoffe’s patients developed micro-clots within 7 days after the jab, but others may well experience micro-clotting later on as the genetic cocktail (“vaccine”) wreaks its harmful effects on the body.

Another Canadian doctor, Rochagné Kilian, an emergency medicine specialist in Ontario, sounded the alarm on the astronomical rise in D-dimer levels she observed in patients shortly after they received a Covid-19 vaccine. She links this phenomenon to micro-clotting, disseminated intravascular coagulation, and autoimmune disease in the vaxxed. Dr. Kilian lost her job and had her license to practice medicine suspended for warning the public about the very serious risks of the Covid shots.[6,7]

You could also fax them at 604-733-3503. FaxZero.com lets anyone send up to five free

faxes per day to anywhere in the U.S. or Canada. The FaxZero website is easy to use and has no gimmicks or ads. Again, send polite, concise, powerfully worded faxes. The College's website also has a Message facility (<https://www.cpsbc.ca>).

Let's let the College of Physicians and Surgeons of BC know what people think of their outrageous, underhanded 'lawfare' tactics and their persecution of an outstanding physician/healer.

The necessity of Dr. Hoffe to hire four additional lawyers will involve significant new legal expenses..

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
