CDC Director Rochelle Walensky appeared before Congress this week, and blamed “dis and misinformation” for kindergarten children showing up at school without being fully vaccinated.

And where could these parents be getting this “misinformation” that is causing them not to vaccinate their children?

Maybe they are getting it from the CDC’s own *Vaccine Adverse Events Reporting System* (VAERS) which is available to anyone in the public.

According to VAERS, there were 77,990 injuries including 263 deaths recorded in 2021 and 2022 following all vaccines. ([Source.](#))

Of those 77,990 cases filed during 2021 and 2022, 61,375 were following COVID-19 “vaccines,” including 160 of the deaths recorded. ([Source.](#))

Prior to 2020, for the 10-year period covering 2010 through 2019, there were 120,783 cases of vaccine injuries and deaths recorded in VAERS, or about 12,000 per year. ([Source.](#))

That’s an increase of over 200% for vaccine injuries and deaths since the COVID shots were introduced, according to the CDC’s own data.

Could this be the “misinformation” that Walensky was talking about?

Of course Walensky knows all of this, since it is the CDC’s own data, so by petitioning Congress and parents to give more vaccines to their children is intent to commit premeditated murder.

Why would parents want to avoid that?

The Worldwide Corona Crisis, Global Coup d’Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects

humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument."
