The evidence is in. The COVID jabs kill. Autopsies prove it. (1)

CDC VAERS records more deaths from COVID jabs than the total of all previous vaccines combined (though the mRNA jabs are not vaccines), and only a very small percentage of adverse events are reported to VAERS. (2)

Doctors should not be blindly following 'Public Health' diktats, nor should they be recommending these kill jabs.

Governments, subservient to the World Health Organization (WHO), are largely indemnified because they announced a contrived Emergency and gave Emergency Use Authorization (EUA) for experimental drugs that otherwise would not be authorized.

Canada declared Emergency when there were 100 so-called "cases". That is not a pandemic — even with the WHO's [new definition of pandemic](#) which excludes mortality rates. Governments secured EUA because they falsely claimed therapeutics were not available. They are available and were available. Ivermectin is an example.

Some of the impacts of these jabs are [myocarditis, strokes, cardiac issues](#) (3). Countless other 'side-effects' also exist.

Big Pharma [clinical experiments](#) are corrupt. Pfizer has a [criminal record](#). They lie. Pfizer's own '[Confidential Report](#)', which they tried to keep secret, acknowledges 1,200 reports of jab-attributed deaths and tens of thousands of adverse events over a brief period of time.

The insert for the jabs at pharmacies are blank. None of the COVID tests are fit for purpose. None. Death Certificate coding was changed from a peer-reviewed format that worked well for about 17 years to a rigged format that falsely elevates COVID numbers (4). Hospitals receive more money for COVID diagnoses etc. In one if not most jurisdictions, people entering hospitals are labelled unvaccinated for the first two or three weeks even though most are vaccinated. The database is corrupt.

When governments introduced the Swine Flu jab, they pulled it off the market after about 50 jab-attributed deaths. The COVID jab-attributed deaths even by CDC statistics are in the tens of thousands (36,080) (5). Globally the numbers are genocidal. Actuaries put the jab-attributed excess deaths in the U.S. in the hundreds of thousands (See Ed Dowd and Josh Stirling) (6). [Life Insurance claims](#) for deaths of working age people are sky high. Censorship, the government and mass media hide all of this.

Over the 'COVID' period of the military grade psychological operations imposed by governments, people have become indoctrinated to accept nonsense, and doctors who speak out against the established narrative have been persecuted for their honesty and professionalism. Masks are harmful (7), mandates do not work, jabs kill. Experts trotted out on tv and mainstream are pharma shells whether they realize it or not.

COVID propaganda was and is an unreasonable Fear campaign.

Find a doctor who does not push experimental mRNA injections on people. These jabs impair natural immunity(8) and create myriad problems, including turbo cancers. Nobody should take them.

People should be following protocols that help neutralize the pathogens introduced by the mRNA experimental injections. Such protocols do exist. Check out Dr. McCullough.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
