Update 1 June 2014

A reply to BBC's Tim Whewell article "[Ukraine crisis: Dark new narratives in Odessa](#)". He meant that a variety of "myths" cannot give a factual explanation on the causes of the fire and who their perpetrators were. And also a rebuttal to the declarations by Sweden's ex - Foreign Minister Carl Bildt, who blamed "Russian criminal gangs" for the Odessa incidents.

This is a horrifying photo showing, among other, the Odessa massacre perpetrated by fascists forces on the 2nd of May 2014:

Below: Young women wrapped with the Ukraine flag prepare cocktails Molotov that will be thrown against the people under siege, and forced locked in the building from outside – to burn them alive

This video appeared on YouTube late night on the 14th May 2014 – uploaded by an account of name *Brogorovic Ivan*. I happened to be the first one viewing the video, so I shared the link in Twitter. Soon afterwards YouTube removed the video.

I posted this on Twitter, May 4th 2014, using all available evidence that had emerged up to that date. The text refers to the video above.

The ODESSA FIRE of May 2nd 2014

THIS VIDEO provides following evidence:

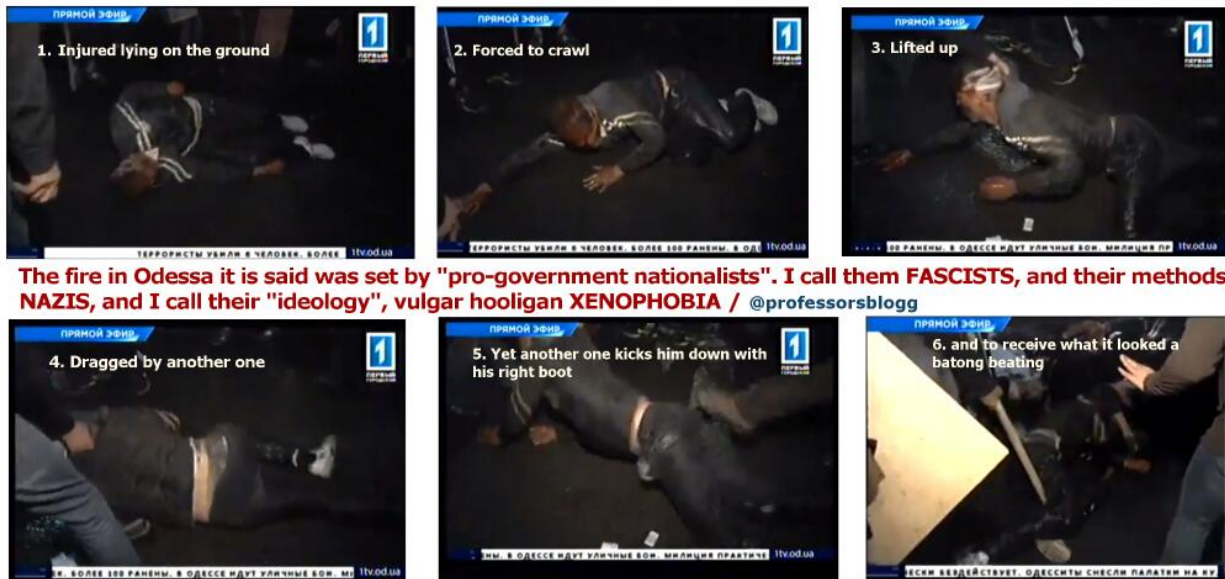

1. There are no "clashes" outside the Worker's Union building between pro and opponents to Kiev govt. [nearly all media says fire arisen amidst the clashes between the two parties].
2. [0:003] "Women and men – various with RED flags – entering the building of their Union calm and peacefully, by the main gates. They leave their banners outside.
3. [0:13] Moments afterwards, from the right flank, a column of Ukrainian "nationalists" – young adults with Ukraine flags - is seen advancing, running and determined.
4. [0:15] The group go first DIRECTLY to the tents standing outside the building.
5. [0:24] They proceed: a) to remove the red flags and destroying some of the tents, b) later they will set the remaining tents on fire.
6. [0:32] The first firebomb is seen threw from the group that has destroyed the tents. The bomb-explosion is also seen [0:35] when impacting the floor at the entrance of the building. The smoke of two other explosions is also seen. [0:37] two other firebombs are seen thrown higher up towards the building.
7. [0:52]. The tents are set in fire.
8. [1:24] A group of aprox. 20 is seen outside the entrance
9. [1:34] The main bulk of pro-Kiev activists (with Ukraine flags) suddenly leave their positions by the tents, and retire in compact fashion.
10. [1:58] The group positioned at the building's entrance start to throw hand firebombs (*Molotov cocktails*), assisted with the same endeavour by a few others coming from the left flank. [2:25] I see a man (grey pullover with hood, on the stairs, at left) throwing a Molotov-bomb towards the entrance, which is already in fire. [2:28] A man emerges running (right section in the screen) with a firebomb and throws it also against the entrance. The fact that the firebombs continue been thrown against the gates EVEN AFTER THE FIRE HAS IGNITED THE FIRST FLOOR, would indicate intention of blockade the escape of the people trapped in the fire and smoke inside.

Beating wounded survivors

Sequence of the beating of an injured survivor of the Odessa fire, set by "pro-Kiev nationalists".
I took these screenshots from a today's video (see my Twitter-timeline). The explanatory texts are of my own.

The still video above (see the whole video by clicking the image) shows, among other a) "Ukrainian activists" finishing up survivors that manage to escape the building on fire, killing them with baseball bats (man in circle on the image); b) a woman who survived is interviewed and confirms that the Ukrainian activists entered the building after set it on fire throwing some semi-asphyxiated people from the windows. Also explains that among the death found inside the building, some of them had bullet wounds.

Ukrainian nationalists bring a burning tire to the building

This still image corresponds to a [video posted in YouTube](#) (seems removed), and which has not got much viewers (only 160 viewers up to this date) despite it was uploaded on the very 2nd of May. The video is call in Russian “В Одессе правосеки штурмуют Дом профсоюзов 02 05 2014 Украина”, which means (free transl.) “Provocateurs storm the Trade Unions Building in Odessa, Ukraine, 2 May 2014.” The link provided to @Professorsblogg by Anna Shlyapnikova (@shlyapnikova).

The Odessa Massacre - What REALLY Happened

12.May.2014 | SCG Follow 16.4K followers Tweet to @SCGupdates

Contrary to what the mainstream media has tried to convince you, it's not at all a mystery how the fire started in Odessa, Ukraine and it's not at all a mystery who started it. We owe it to the victims to expose what really happened.

On May 2nd 2014 over 40 people were murdered in Odessa Ukraine. Some eyewitnesses claim the real number is over a hundred.

Some of them were burned alive. Others were strangled or beaten to death. A pregnant woman was among those killed.
