Got the very sad news yesterday that [Dave Mumby](#) had passed away suddenly and quite unexpectedly. This hits close to home. Dave is somebody I didn't go out of my way to stay in touch with, but he always showed up at the most unexpected moment. Years ago, at [Mike's](#) bachelor party, we played paintball and then went to the bar; I drove Dave there and he wanted to hear some Twisted Sister; we blasted that shit. I randomly ran into Dave twice this summer, and we'd messaged back and forth as well recently.

I'll always remember Dave as the guy who got me into punk rock. I knew what punk rock was and had Nevermind The Bollocks, Dave is the one that taped me some Pistols bootlegs he'd grabbed in England. Dave and [Mike](#) got me into hardcore, a lifelong love. AND they had a band; Dave and Mike showed me that you can be in a band and play music. His love for the Circle Jerks was contagious. He was always fucking hilarious.

I don't know how to deal with this. Best to his friends and family. I don't know how it's possible that he's gone.

Obituary of David Gregory Mumby

To view the livestream of the funeral service, [please click here](#).

David Gregory Mumby, age 51, passed away peacefully on January 27, 2024, at Grand River Hospital [due to a sudden illness](#), surrounded by his family. He was born June 9, 1972, in Ajax, ON, to Dennis and Eileen Mumby. He married his best friend and love, Sheryl, in August 2002, and welcomed his beloved son Dalton to the world on August 6, 2006.

"I'm here for the comedy and I fix things on the side," was a saying that David used often, and it summed him up perfectly. He loved to make people laugh and was never short of antics to ensure that happened. People who knew David and those who had just met him gravitated toward his energy and easy nature. David had a generosity of spirit, frequently demonstrating his willingness to help others whenever the opportunity presented itself. David had a passion for music, collecting GI Joe's, and feeling the grass on his bare feet — especially if it was freshly cut because, aside from tomato plants, that was his favorite smell.

David put his family first in all he did and relished spoiling them with unannounced gifts and surprises frequently. When not lavishing his loved ones with presents, he also demonstrated his deep empathy for others, often putting himself in their same situation, so he could offer better support. His passion and pride in his family's achievements was always evident by way of his enthusiasm, always rooting for his loved ones and telling them how proud or happy he was for them. David was always in your corner and his friends and family were always the better for it. For many years, David worked for Clarion Medical, where he put his repair skills to use for a company he adored. He was proud to be a part of the team there and was honoured to receive awards for his dedication and hard work.

Jan. 24, 2024 – PA – 37 year old Sarina Mihailoff died suddenly on Jan. 24, 2024 – was found dead in hotel room during a work trip.

- Feb. 14, 2021: "I dont give a f... if there is a microchip in the vaccine. They could put a whole ipod nano inside me if it meant i was allowed to get drunk at Olive Garden again"
- Feb. 14, 2021:" "F me up with that sweet sweet vaccine goodness"
- "You could try social distancing, wearing a mask, and getting vaccinated"

This story has been updated to reflect Sarina Mihailoff's pronouns.

Sarina Mihailoff, a Massachusetts trans person, was found dead in their Center City hotel room this week. As of presstime, the cause and manner of their death hadn't been released by the medical examiner's officer.

Mihailoff, 37, lived in Pittsfield, Mass. and was visiting Philadelphia to attend a Jan. 23 political forum in Kensington on behalf of presidential candidate Jasmine Sherman.

The following morning, their unresponsive body was found by Sherman and another friend inside a hotel room they were sharing.

Mihailoff's body was found around 5:44 a.m. Jan. 24 on the 40th floor of W Philadelphia, a hotel at 1439 Chestnut Street in Center City.

Mihailoff, Sherman and the other hotel-room occupant were scheduled to depart the room later that day.

Sources said Mihailoff sustained a fall at the political forum and may have suffered a delayed reaction from their fall. After the event, they returned to their hotel room, washed up and went to bed.

When Sherman and the other occupant awoke the following morning, they discovered Mihailoff unresponsive on the floor, sources said.

Sources said a small amount of blood was found on a pillow next to Mihailoff's body. There is no allegation of foul play.

Sarina was a family friend that I was very close to in my teenage years. She passed away unexpectedly on a work trip yesterday, and her family is in need of help to bring her home and give her a proper memorial. If you have anything extra, please consider donating to this cause. I've been close with the Mickle family for longer than I can remember, and I know that your donations are greatly appreciated. If you're unable to donate, please keep Sarina's family, including her 8 year old son in your thoughts and prayers ❤️

Hey friends, I know this is long, but if you've got spoons, I could use some backup. Amber Dargi doesn't seem to understand why vaccines are safe or that she's being ableist. I'm out of ways to explain it.

Dec. 15, 2023 – Philippines – 58 year old Dr. Rowena Burden died suddenly of a heart attack on Dec. 15, 2023

- Jan. 29, 2021: “Idiots in this pandemic, Haste is mandatory!”
- Aug. 25, 2021: “Even our househelper is fully vaccinated”

CEBU, Philippines – Cebu physician Rowena Burden died at the age of 58 after a sudden cardiac arrest on Friday, December 15.

Kristian Burden, the physician's nephew, confirmed this in a chat message with Rappler on Friday morning.

"This morning, around 5 am, her assistant Mechelle, told us that *tita* (aunt) was suffering from back pain and that they were going to Chong Hua Hospital," the nephew said.

Moments later, according to Kristian, the doctors declared Burden dead.

Dec. 7, 2023 – Atlee M Parr had a cardiac arrest and died suddenly while driving from San Antonio to Kingsville.

Dec. 5, 2023 – 33 year old Canadian journalist Ian Vandaelle supported illegal COVID-19 vaccine mandates & passports

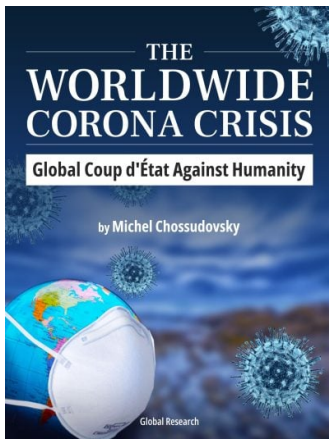

- July 9, 2021: “I for one, advocate we bring the carrot “and the stick. Incentivize getting the vaccine however we like – ice cream, lotteries, literally whatever, I don’t care – and require vaccination to do, uh, non-essential things. Wanna go to a bar to watch the game? Passport.”

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. –Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
