

The COVID-19 mRNA Vaccine: Censorship of Official Figures and Health Risks. Support Global Research

By [The Global Research Team](#)

Global Research, September 02, 2021

Dear Readers,

The Covid-19 mRNA vaccine is “experimental” and “unapproved”. There is a worldwide upward trend in vaccine deaths and injuries.

In a bitter irony, the official figures are the object of censorship both by the governments and the media.

The latest figures from official sources are the following (August 30, 2021):

38,488 mRNA vaccine reported and registered deaths in the EU, UK and US (combined) and

6.3 million reported “adverse events”.

These are the reported figures of deaths and injuries.

The real figures are much higher. Barely [one percent of vaccine adverse effects are reported](#).

Assuming that 10% of deaths and adverse events are reported (a very conservative assumption according to [Harvard Pilgrim Health Care, Inc](#), p. 6)

The mRNA “Vaccine” would have resulted in:

AT LEAST 380,000 deaths and 63 million “adverse events” for a combined population of approximately 830 million (UK, EU, US).

We are faced with a situation where censorship applies to revealing the data from government sources that the governments do not want you to see.

There is No Informed Consent. The governments are LYING.

It's a killer Vaccine. There is Worldwide upward trend of vaccine related mortality and morbidity which is amply documented.

Peer reviewed reports confirm the causes of vaccine related deaths and adverse effects (injuries) including blood clots, thrombosis, myocarditis, fertility.

Spread the Word.

Referral of the above information by Global Research readers is absolutely crucial.

STAND IN SOLIDARITY WITH THOSE WHO HAVE BEEN VACCINATED.

INFORM PEOPLE ACROSS THE LAND ON THE HEALTH RISKS.

TAKE A FIRM STANCE AGAINST THE VACCINE PASSPORT.

Global Research seeks your support.
