“There is a plot in this country to enslave every man, woman and child. Before I leave this high and noble office, I intend to expose this plot.” – John F. Kennedy

On March 11, 2020, a year ago, the worldwide lockdown went into effect. 193 UN member countries, in unison and lockstep, closed their borders, economies and live-societies. It marked the beginning of the planet’s economic and societal destruction – all for an invisible enemy, a corona virus that could never have hit the entire globe at the same time.

So, what’s the plot?

In 1935, 86 years ago, Dr. Arthur Guett, Nazi Director of Public Health, said:

“The ill-conceived ‘love of thy neighbor’ has to disappear, especially in relation to inferior or asocial creatures. It is the supreme duty of a national state to grant life and livelihood only to the healthy and hereditarily sound portion of the people in order to secure the maintenance of a hereditarily sound and racially pure folk for all eternity....”

These words spoken almost a century ago by Dr. Guett, Adolf Hitler’s Director of Public Health, are sending shivers down the spine. Yet, they are ringing true and right down the alley of today’s Eugenists. Such thinking should be scary for the public at large – except, the public at large is being kept in the dark of what the Globalist Cabal’s real plan is behind the covid fraud.

It is three-fold – taking over total control of humanity, as in One World Order; shifting assets and resources from the middle and the bottom of society to the top few; and – **drastically reducing world population.**

The Video entitled *Bioethics and the New Eugenics* (39 min video – 8 March 2021, click below) produced by James Corbett illustrates best what the world’s eugenists have in mind, when they talk about Bioethics, Eugenics and – Death Panels.

Yes – Death Panels would decide who is to live and who is to die. The elderly, who do no longer contribute to civilization, but are rather a (cost) burden on society, should go first.

The eugenics people are talking freely about forced “euthanasia” and after-birth abortions, nothing else but infanticide, meaning killing infants, whom doctors or the “Death Panel” decide their life has no future, is not worth living, will not be contributing to society, but is rather a burden for humanity.

The age of 75 is mentioned as a possible “deadline” for people having to die. Whether those who decided this “deadline” included themselves is not known.

To come to grips with the pandemic, better called Plandemic, a massive worldwide vaccination program has been set in motion. According to Bill Gates, the world will not return to “somewhat normal” before at least 7 billion people have been vaccinated. And we are not talking about a normal or traditional vaccination. The predominant inoculations that are being promoted in the west, are mRNA-type injections.

mRNA stands for messenger ribonucleic acid. They’re single-stranded molecules that carry genetic code from DNA in a cell’s nucleus to ribosomes, which make protein in the cells. These molecules are called **messenger RNA** because they carry instructions for producing proteins from one part of the cell to another. www.nature.com, Nov 19, 2020

These **mRNA vaxxes are experimental**.

“[mRNA vaccines] prospects have swung billions of dollars on the stock market, made and imperiled scientific careers, and fueled hopes that it could be a breakthrough that allows society to return to normalcy after months living in fear” (See [this](#)).

The mRNA vaxxes have numerous serious side effects and have caused premature death, at the rate of a multiple higher than the traditional vaccines. See [here](#) and [here](#).

This is not taking into account the potential long-term negative effects, of which there is today no experience available, but disturbing scientific predictions abound. See [here Dr. Lee Merritt](#) and more below.

Let it be clear. The push for mRNA-type vaccines only comes from the West. Russia, China, India, Iran and others have distanced themselves from this type of vaccines, which officially are not even allowed to be called vaccines, but were admitted under a special “Emergency Law” on a trial or “*experimental*” basis only (see [this](#)), making humans into guinea pigs.

Russia and China have developed their own tradition-based vaccines, i. e. injection of a weakened virus that will produce antibodies and trigger the immune system when it gets in contact with the real virus. Science has decades of experience with this type of preventive inoculation, but zero experience with the mRNA-type jabs.

They tell us that people in nursing homes or in hospitals with co-morbidities are the most

vulnerable ones to catch covid. Therefore, they are given priority to get the jab. Is it a coincidence that these people are also the most vulnerable ones to become victims of serious “side effects” – and disproportionately many die – from the mRNA injections?

The ongoing vaccination programs everywhere in the west focus on the elderly – and the immediate death rate among vaxxed nursing home inmates, is indeed high, as shown in England, Spain and elsewhere. See [this](#) and [this](#). It so happens that people in nursing homes are also the least “productive” in term of contributing to societal well-being. They are a cost for society. Hence, they typically enter the attention of the eugenisists.

Doesn't this look like it's all planned? Administering so-called vaccines (a misnomer and outright lie used by western governments) that potentially kill in the short and long-run, and that have been observed as including sterilizing and infertility agents – vaxx-injections for which western governments, US, Europe, including Switzerland – literally refuse to offer their population non-RNA alternatives, like the Russian Sputnik V and the Chinese Sinovac and Sinopharm?

One of the most flagrant cases is Switzerland. At the beginning of the “vaccination” campaign, when Switzerland like many other countries claimed a “shortage” of vaccines, Russia offered them Sputnik V. Switzerland apparently did not even have the courtesy to reply. In a recent press conference, the Swiss Health Minister was asked why they would not import Sputnik V. In a slightly arrogant tone, he replied, “*we never even considered it.*” – One cannot, but wonder why.

By the way, “shortages” are artificially induced. What is in short supply is wanted by the people. In this case, a vaccine in short supply, incites people to want it. Its mind manipulation 101. A method to increase the relatively low willingness to vaccinate.

In Germany, where the public pressure is high, and as a consequence, in the EU Commission and Parliament, the debate about approving Sputnik V has started. This all the while Sputnik V has passed WHO's litmus test and has been permitted and is currently being used in more than two dozen countries.

The plan, as we know, is to “Reset” the world – according to the World Economic Forum's (WEF) founder and CEO, Klaus Schwab, “[Covid-19 – The Great Reset](#)”. The caveat is, resetting the world in line with the methods and objectives of a super-rich financial and Big-Tech platform's objectives – which include a massive population reduction.

This has been a little-veiled dream of Bill Gates, Rockefeller and a whole bunch of UK and US-American eugenists, who are actively at work – and the instrument to fulfill their diabolical project is the massive covid-vaccination campaign, imposed to various degrees by every one of the 193 UN member countries and by the UN body itself. Those on top of the UN and at the head of these 193 UN member governments know exactly what they are doing and why they are doing it.

See this: [“Shocking: Former FEMA/HDS Celeste Solum w/David Icke: #Covid Magnetic Tagging; Vaccines for Mass Depopulation & More.”](#)

In the meantime, several medical doctors, virologist and immunologists have broken their silence, exited the matrix and are expressing their conscience to the people, the potential victims of this massive vaccination crime.

One of them is Dr. Geert Vanden Bossche, PhD. He is a vaccine research expert. He has a long list of companies and organizations he’s worked with on vaccine discovery and preclinical research, including GSK, Novartis, Solvay Biologicals, and Bill & Melinda Gates Foundation.

Dr Vanden Bossche also coordinated the Ebola vaccine program at GAVI (Global Alliance for Vaccines and Immunization) in Geneva, with office buildings just next to WHO. – A coincidence?

Dr. Vanden Bossche, gave a stunning interview on 6 March 2021 on the Benefits versus Risks of mRNA-type injections.

Dr. Geert Vandem Bossche essentially says that the individual adverse effects and even deaths from the vaccines, do not provide a clue of the far bigger impending *Global Catastrophe*.

He said that the mRNA-type vaccines are destroying people’s immune system, and they will be utterly unable to cope with the more virulent versions of the virus that will emerge due to the vaccines. The result could result in significant levels of mortality a few months to a few years down the road after vaccination. He also said he could morally no longer remain silent.

This plays exactly into the eugenists agenda.

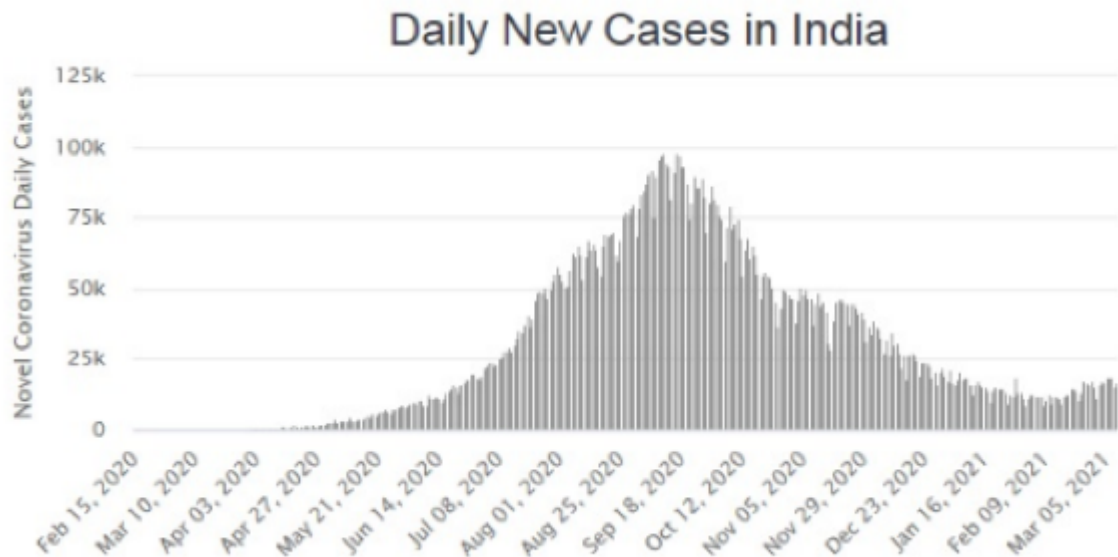

On March 7, 2021, Dr. Vandem Bossche, also wrote an Open Letter to WHO, calling for an immediate stop of the worldwide vaccination campaign, [here](#). He warns, “We’re Risking Creating a Global, “Uncontrollable Monster.”

In the meantime, western countries are jumping from one wave to the next, from one lockdown to the next. Many European countries have already announced that a third wave may be not far off. Italy just announced their third-wave lockdown, covering at least the period over Easter 2021. Germany and Switzerland also warned their people of a third wave, if restrictions, aka repression, is not obeyed.

What most people do not know is that a virus infection, as is covid, doesn’t come in waves. It starts slow, then peaks, and finally it ebbs off – and is over. Call it herd immunity. This is

being witnessed currently in India, whose approach of dealing with covid was and is very different from the west. It is not based on coercion into vaccination, but on treatment of the virus by traditional, inexpensive medication that has a long history of positive results of dealing with viral infections, such as Ivermectin and hydrochloroquine, and others. China also mastered their covid epidemic by medication, not by vaccination.

This is the typical graph of covid-19 in India. It peaks and then declines – and the disease is over. This is also a typical flu curve.

Below is the covid curve in Spain and is representative for many other European countries, as well as for the United States.

It is clear that the figures in the west are very much manipulated with the purpose of coercing people into accepting the vaccine.

People have a hard time understanding and accepting to what extent our western governments are “evil”, deceiving their electorate, those who pay their salaries and benefits. Once people grasp what is going on and accept the treacherous, deceptive and

corrupt character of those they believed to be their leaders, the awakening may happen, and, with it, massive civil disobedience may put an end to this diabolical plan.

What has been prepared decades ago and is being played out in full sight since the beginning of 2020, looks like the world's largest blackmail, coercion, corruption, and outright threats campaign of all times in the history of mankind.

And so far, none of the 193 UN member countries' so-called leaders (sic) have come forward, have had the courage to follow their conscience – if they have one – and divulge to the globe's 7.8 billion population what is going on, what is being planned by the Eugenists who raise the issue of "who is destined to die and who may live" – and why. – And who is behind it all? – Why are these heads of state following "Higher Orders" that may lead to a worldwide genocide, unknown in recent history?
