I have presented you with enough information over the last couple of years for you to have learned that the Covid virus was not the threat it was presented to be and that the "vaccine" was neither effective nor safe. The Covid virus did not come from a bat cave but from NIH funding first at the University of North Carolina and then Wuhan, China. The "pandemic" was an orchestration for profit, power, and, it appears from the deaths, disabilities, infertility, and stillbirths caused by the "vaccine," population reduction. In effect, whether intended or not, the mRNA "vaccines" are bioweapons.

The Pfizer documents released by court order show that Pfizer knew in advance from its testing that the "vaccine" caused miscarriages and stillbirths, heart problems, neurological problems, and death. Yet the company and the public health agencies responsible for protecting public health went ahead and created a climate of fear, based on the lie that there was no available treatment, and injected 70% of the US population with an untested substance on an "emergency use authorization."

To put it clearly, the pharmaceutical companies, NIH, CDC, FDA, WHO, politicians, prostitutes, medical societies and medical boards coerced a majority of the US population with fear and mandates to play Russian roulette with a "vaccine" that could end or destroy their lives.

Despite this enormous crime, so far the only demand for accountability is civil law suits.

Was this enormous evil merely a mistake? Absolutely not. As the Pfizer documents that Pfizer wanted locked up for 75 years make clear, the pharmaceutical companies knew of the outsized danger of the "vaccine."

Was the vaccine intended as a population reduction measure?

The circumstantial evidence is substantial that it was.

The multi-decade agitation for population reduction by Bill Gates and a passel of elites and organizations and a decade or longer of research to develop the Covid virus suggest that the “vaccine” had an intent that is not acknowledged, but we will never know unless someone confesses.

The process of defrocking doctors, medical scientists, and nurse whistleblowers who provide facts unwelcome by authorities continues.

The whore media has done everything possible to cover up the crime that has been inflicted on humanity. The evil is so satanic that it will be a miracle if challenging the official Covid narrative is not made illegal. This outcome seems unavoidable, because if the truth gets out confidence in government collapses.

It is possible that the public is not sufficiently strong mentally and emotionally to accept the facts. Government, having got away with the murders of John Kennedy, Robert Kennedy, Martin Luther King, 9/11 used to launch two decades of war in the Middle East and North Africa, and a number of other crimes, is counting on the belief that “our government wouldn’t do this to us.” Such belief dooms humanity to control by The Matrix.

Below are some more reports on the “vaccine”.

Previously Suppressed Research Confirms Vaccine Dangers

by Dr. Russell Blaylock

Experts have observed that very little of the information that appears in medical journals is reliable. The manipulation of scientific journals is a growing problem I have addressed in the past, including research influenced or directly controlled by pharmaceutical companies appearing as ghostwritten medical articles.

The goal, of course, is to induce practicing doctors to use the drugs made by these companies.

In addition, pharmaceutical companies heavily influence the research, medical education, and physician training at major medical centers through massive donations and by manipulating federal agencies such as the CDC, FDA, and NIH.

This influence spreads to virtually all medical associations, including the American Academy of Pediatrics, the AMA, and most others.

Lastly, pharmaceutical manufacturers use their massive wealth to influence media outlets, even local news programs.

The Corrupt Biden Regime Served as Marketer for the Death Jab

Pfizer annual revenue expected to reach \$101.3 billion in 2022, thanks to COVID jab, which doesn’t prevent infection or spread

Pfizer annual revenue: In a November 4, 2022, article,⁹ clinical and public health physician Dr. David Bell discusses the art — and price — of lying, noting that the more divorced a lie is from reality, the more likely it is to succeed, thanks to the quirks of human nature and normal psychology:

“In a former role I had a boss who lied a lot. The lies were pure fantasy, but massive in scope and delivered with sincerity. They were very successful.

“This success was based on the reluctance of most people to consider that someone in a position of authority in a humanitarian organization would completely ignore all semblance of reality.

“People assumed the claims must be true as fabricating information to that extent in those circumstances seemed to defy logic.

“The principle of Really Big Lies is based on the lies being so divorced from reality that the listener will assume their own perception must be flawed, rather than doubt the claims of the person telling the lies.

“Only an insane or ridiculous person would make such outlandish claims, and a credible institution would not employ such a person.

“Therefore, given that the institution is apparently credible, the statements must also be credible, and the listener’s prior perception of reality was therefore flawed.

“Lesser lies, by contrast, are likely to be perceived as sufficiently close to known reality to be demonstrably wrong. Inventing truth can be more effective than bending it.”

I believe this is precisely the strategy employed by Big Pharma, health agencies, government officials and the deep state propaganda arm over the past three years.

Their claims have been so far from any semblance of reality, anyone aware of the facts has been left feeling more than a little crazy.

Unfortunately, while most humans have a moral and ethical compass, few end up following it when confronted by psychopaths in authority and the peer pressure to conform. As noted by Bell, good team players almost always end up supporting false narratives, and those who refuse to go along with what are clearly lies tend to be but a tiny minority.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
