The Canadian industrial engineer at Moderna, [Dr. Daniel Nagase](#), reported that a Moderna COVID jab production engineer leaked crucial information about Moderna adding manually “small quantities of additions” (described by Moderna as “highly sensitive trade secret adjuvants”) to the vaxx-vails. These “adjuvants” when analyzed, revealed that they were to sterilize women, or cause miscarriages. The impact of such injections could last over one or more generations.

On 20 March 2022, Dr. Daniel Nagase gave this speech to a Canadian crowd:

This is the summarizing transcript of the video, as published on 22 March 2022, by *For Life on Earth*:

“Dr Nagase amplifies the message that I have been reiterating for three years: the Creator gave you your abilities and you have a duty to do everything that you are capable of to stand up for justice, truth and love. We have all been conditioned to believe that we are not good enough, we don’t know enough, and someone else who is more expert should do something instead of us. Dr. Nagase illustrates that he was fooled by believing in an “expert”. The system wants you to be cowed by experts, and to my mind, this is exactly the mistake that we all make. We listen over and over to the same pundits, while sitting and doing nothing ourselves. We are living through unprecedented times and we are assailed by a conspiracy such as we have never seen in human history, deploying technologies that we know nothing of. There are no experts under these circumstances. All those people with their impressive qualifications are as adrift as you are. And many – if not most – of them are complete idiots and/or slaves to the system that is killing us, actively participating in our and their own demise.

Listen to your heart, listen to your intuition, be confident that you always know right from wrong and that you CAN act, you CAN speak out, you CAN succeed. Millions of people are now in action to defend humanity against this assault. Be one of them and do everything in your power, at whatever level, to stop this monstrous crime and instead create and be part of the world we want to see. By creating the world we want to live in, we stop the crime. Think about energy: it flows around obstacles. By bypassing the egregious plans of the perpetrators, by refusing to participate in them in any way, shape or form, whether that be in our everyday lives, at the post office or at the supermarket, at work or in your interactions with others, by ending our participation and refusing to compromise ourselves, and by focusing on the world we want to see, we leave them in the dust. That means abandoning the prime tool of control: that “smart” phone that you are constantly clutching. Get rid of that and get rid of wireless technology and you have crushed the conspiracy in a single act. For without wireless technology, there can be no technocracy, no inventorying of the entire world down to every last blade of grass, no manipulation of the thoughts and emotions of whole regions of people, no digital currencies, no cyborgs, and no “smart” city prisons. YOU are constructing your own prison around you and the whole human race by your refusal to give up your “smart” phone. You can still communicate – just use a cabled computer. You will be amazed at the change in yourself once that satanic scrying screen is gone from your life. You will be freer and happier than you have been for years.

Dr Nagase explains that over a billion women of childbearing age have been deliberately targeted for sterilization by these poison injections, which change DNA for eternity, and what is worse, even if an injected woman manages to bear children, the effects may skip a generation and appear in grandchildren or great-grandchildren. He says that the human race has been changed forever by these injections. He asks if we should ban such children from being able to have children of their own.”

“I’m an industrial engineer at Moderna and the other one of us is a process development engineer. I’m sure the same thing is happening with Pfizer-BioNTech. It was hard to put things together based on the small quantities of additions happening in manual step (highly unorthodox for a continuous process production). The explanation we got was highly sensitive trade secret adjuvants being added. Digging in deeper showed how sensitive it actually was.

Most people’s understanding of this novel vaccine type is that it works as follows:

1. Make mRNA coding for S protein
2. Make lipid nanoparticle delivery system
3. Profit

How it actually works from what we’ve uncovered:

1. Make mRNA coding for S protein
2. Make mRNA coding for mutant versions of CYP19A1 and CDKN1B in smaller amounts
3. Make sure that while delivery system for (1) mostly ends up in liver, most of (2) ends up in the gonads
4. Make sure form and quantity of additive upregulating LINE-1 reverse transcription activity makes it hard to detect among legit adjuvants

5. Effects from (2) integrated by (4) are recessive; mildly oncogenic effects in vaccine recipients unlikely to be noticed for many years

6. (5) recessive but since most of population vaccinated, in next generation female offspring have premature ovarian failure

(6) coincides with poor people being obsoleted by AI and robotics, so we didn't have to dig for motivation.

We've taken precautions but fear for our safety. So far, I don't think we've raised suspicion, but can't be sure. Not sure what to do. Avoiding taking the vaccine makes us prime suspects for this leak."

The Bill and Melinda Gates Foundation have been supportive of Moderna. Bill Gates is known for his eugenist narrative. He doesn't make a secret of it.

In addition, and until recently he propagated and pledged openly or indirectly for a reduced world population. He is in alliance with the Rockefellers and the Rockefeller Foundation – and other of the financial elites – who fall into the same category.

Depopulation is part of the Great Reset, alias UN Agenda 2030.

We should be aware of it, and do whatever we can to resist any moves towards the Great Reset, the goals of which are numerous – all very-very human unfriendly.

Please orient ourself and stand up against any potentially coming tyranny.

Beware of Moderna jabs – and of Pfizer jabs. They almost certainly follow the same pattern.

Beware of all mRNA vaxxes – for your own safety and that of future generations.
