Wyatt Topolnicky of Airdrie, AB passed away on Sunday, March 26, 2023 at the age of 25 years.

Wyatt was born in Calgary, AB on April 25, 1997. He moved to Airdrie, AB in 2008 with his mother and sisters.

Wyatt accomplished much throughout his life and was particularly proud of being part of the Calgary Police Cadet Corp and Auxiliary program. His biggest accomplishment was his role as a Supervisor with CP Rail and enjoyed working with all the crew dispatchers and helping them succeed.

Wyatt was a hockey player, soccer player and rugby player. He enjoyed karate, working out at the gym and of course playing video games with friends.

It is difficult to pick only one of Wyatt's most memorable vacations as he travelled extensively and recently loved his visit to Scotland.

Wyatt is survived by his mother, Marie Vezina and two sisters, Shalie Topolnicky and Tatiana Topolnicky, from Airdrie, AB.

My Take...

So many medical emergencies, leading to unexpected deaths on duty or off duty.

Look at their ages.

Many of these deaths are probably the result of COVID-19 vaccine mandates and subsequent vaccine injuries to the heart, brain or other organs.

Several very interesting cases to note here:

- 25 year old Canadian cadet Wyatt Topolnicky died in his sleep (hockey player!).
- 31 yo Deputy Michael Milmerstadt had a headache during gym which was fatal.
- 37 yo Crystal Wyrick tried to seek medical attention but collapsed and died.
- 33 yo Deputy Asson Hacker died during his basic training program!
- 48 yo Detective Del Caraballo had fatal medical emergency while driving causing a crash – he died from the medical emergency, not the subsequent crash!

I have done several substack articles on COVID-19 vaccinated bus drivers and truck drivers collapsing behind the wheel, leading to a crash.

Vaccinated Police Officers are at a similar risk.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
