Begun in California, but spreading throughout the United States and the world, [the Unity Project](#) pulls together parents, activists, doctors, and scientists, all working together to stop, block, and end COVID-19 vaccine mandates for children.

With corporate-captured media and public health agencies working aggressively and criminally to inject children with the experimental shots that have proven to be all risk and no benefit, it is up to us. It is up to each and every one of us to stand up, to speak out, and protect the children.

It is time to nullify the unjust, unethical, and unconstitutional mandates.

How can YOU help? Wherever you are, wherever you go, distribute information to help parents find the facts. Below is a printable flyer. For more resources from the Unity Project, [visit their website](#).
