The world is changing - but whose voice is telling you how?

Global Research stands at a pivotal moment in its 18-year history. Increasingly we are faced with new challenges regarding how to keep our content flowing and accessible to all. The more people we reach, the better our chances to contain media manipulation.

However, our finances have taken a major hit over the past year, largely due to the same challenges mentioned above. Can you help us get back on course by making a [donation](#) or taking out a [membership](#)?

Together, let us attempt to reverse the tide of war and social injustice.

Be a part of it and [contribute to the future of Global Research](#).
