Dr. William Makis and Dr. Paul Alexander discuss mature minors given COVID shots in Canada with no parental consent, pilots collapsing in flight due to possible vaccine induced myocarditis, one pilot disaster and many high school students having heart attacks post COVID gene shot and needing defibrillators.

My content is available for free. I have lost extensive income due to my advocacy for early treatment and my stance against the COVID vaccines, especially for children. Your kindness and generosity is very much appreciated in my sharing of research and the fight against scientific censorship where several good and brilliant doctors and scientists are silenced and cancelled, including myself.

It is absolutely imperative that people/populations are given accurate information about the benefits and harms of societal restrictions or medical interventions such as vaccines. Only then can people make informed decisions about what is best for them.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
