I learned about Paul's conversion to anti-vaxxer status from reading [Brucha Weisberger's substack article](#).

First, watch this TV news clip paying very close attention starting 50 seconds into the clip:

I have received three doses of the ancestral strain vaccine and contracted a mild case of COVID in May. As a result, all the evidence suggests that I have high frequencies of virus-specific memory B and T cells, which should protect me against severe disease this winter.

The question for your blue pill friends

“So, if Dr. Paul Offit isn’t getting any more shots, why are you? Do you know something he doesn’t?”

How you can help

Ask Paul on his [Twitter account](#) if he wants to see the Israeli safety data that they are hiding. You can [refer to my article](#).

I’d do it myself, but [I’m banned for life from Twitter as you all know for tweeting that the COVID vaccines cause prion diseases](#). They do. There is absolutely no doubt about that. But truth isn’t protected speech on Twitter and I don’t think anyone who works at Twitter believes that “true speech” should be protected.

Do you know anyone who works at Twitter in upper management who thinks it’s wrong to ban people for saying things that are true? I haven’t found one...

Summary

We now have one more anti-vaxxer in the world.

I just emailed Paul asking him if he wants to join Martin Kulldorff and see [the Israeli safety data that the Israeli Ministry of Health does not want anyone to see](#). Let’s see how red pill Paul really is. I’ll update this article if he responds. Don’t hold your breath. Apparently, being open to seeing safety data that is counter-narrative is a career limiting move.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
