The trend of the COVID-19 Vaccinated collapsing while behind the wheel continues (here are 25 recent cases):

Feb. 15, 2024 - Baltimore, MD - 38 year old paramedic Shaney Warehime collapsed in her car and stopped breathing around 2:20am. CPR was unsuccessful. As a paramedic, she had to be COVID-19 Vaccinated.

## Shaney Warehime death, Paramedic at Baltimore city fire department passed away unexpectedly

### Shaney Warehime Cause of Death

The sudden and unexpected passing of Paramedic Shaney Warehime has sent shockwaves through the tight-knit Baltimore firefighting community, leaving colleagues, friends, and family members in a state of profound shock and sorrow. While details surrounding the cause of her untimely death are not officially confirmed, reports suggest that Shaney Warehime may have succumbed to a sudden and undisclosed illness.

A cause of death hasn't been released. A police spokesperson on Thursday said it is not a homicide investigation, adding that the homicide section investigates all death and serious assault cases.

The incident, according to police, took place early Sunday morning around 2:19 a.m., when officers were called to the 1600 block of Light Street for a report of a person who wasn't breathing. Police arrived at 2:23 a.m. as off-duty firefighters were performing CPR on Warehime.

Investigators spoke with an unnamed person who said she was with Warehime and another individual earlier in the evening at a bar called The Night Shift. Around 1:30 a.m., the trio left the bar for her house on Light Street. The person told investigators that Warehime had been drinking and needed assistance getting out of the car when they arrived at the destination. The two unnamed individuals realized then that the paramedic was no longer breathing.

Feb. 5, 2024 – Brandon, MB, Canada – 46 year old Police Officer Lucien Ethier died suddenly on Feb. 5, 2024. He “was driving his personal vehicle when he experienced a medical issue that led to this tragic event.”

**Brandon Police Service** 5 h · 🌐

The Brandon Police Service is terribly saddened to announce the unexpected passing of one of our members. On February 5th, 2024, Cst Lucien Ethier, who was off duty at the time, was driving his personal vehicle when he experienced a medical issue that led to this tragic event. Cst Ethier served 20 years with the Brandon Police Service and was assigned to the National Weapons Enforcement Support Team.

We are devastated by the loss of our fellow officer and friend and our thoughts are with Constable Ethier's family and those that worked closely with him.

Obituary      Tribute Wall

**Obituary of Lucien Adelard Ethier**  
It is with broken hearts we announce the sudden passing of our beloved Lucien, on Monday, February 5, 2024 at the age of 46.

Lucien is known and will be remembered for his caring, loving, and compassionate nature. He led with loyalty, and was a friend to all. Lucien was the one you called in times of joy and in times of need. The one you loved to share a story, a laugh, and a drink with.

From his time as a boy on the farm in Bellsite, MB to his days as an adult in Brandon, Lucien loved to share his enthusiasm and knowledge of the outdoors with anyone who wished to participate. He was an avid outdoorsman, Lucien was in his element when hunting, fishing, farming and trapping.

A trait passed on from his mom Mary - Lucien loved to entertain! From a fish fry, to his gourmet inspirations on the grill, Lucien took great pride and joy providing a memorable meal for family and friends; often paired with "Luch's Finest", his homemade brew.

For over 20 years, Lucien served and protected his community as a Constable with the Brandon Police Service. Lucien was a Firearms Instructor and assigned to the National Weapons Enforcement Support Team.

Lucien is survived by his spouse and soulmate, Lindsay; son, Ethan; siblings: Sherry, Renee, Lionel, Serge, Marlon, their families, and Lucien's cherished Labradors, Nix and Echo. Lucien is predeceased by his Mom, Mary, and his Dad, Ed Ethier.

A Celebration of Lucien's Life will take place at the Victoria Inn -Grand Salon Banquet Room, 3550 Victoria Ave, Brandon, MB, on Saturday, March 2, 2024 at 6:00 p.m. for family, friends and all those who wish to raise a glass to such a well-loved man.

**Indore (Madhya Pradesh):** Three incidents of cardiac arrest were reported in the city in a single day. All of them were driving vehicles apparently with no discomfort when their heart suddenly stopped pumping. The deceased were 41, 42 and 57-year-olds and while two of them suddenly fell on the road from the two-wheeler they were riding the third fell unconscious in a truck cabin. The autopsy examination was conducted by the police to know the cause of the deaths. Police believed that all three had suffered silent heart attack.

In the first incident, an employee of MY Hospital died while returning home on a two-wheeler after finishing his job in Azad Nagar area on Monday evening. According to the police, the deceased has been identified as Ajiz Khan (41), a resident of Azad Nagar area. Ajiz's niece Hina said that Ajiz was returning home after finishing his job on a two-wheeler. He reached near Musakhedi Square when he fell from the moving bike in an unconscious state on the road around 6 pm. His wife had expired due to Covid and he did not have any children.

In the second incident, a district court stamp paper vendor died while returning home on a two-wheeler vehicle in the Pardeshipura area on Monday. The deceased was identified as Ramesh Upadhyay (57), a resident of Peergali. Ramesh's brother-in-law Kailash said that he was a treasurer of a social group and had gone to Malwa Mill for social work. He fell from the moving vehicle in an unconscious state near Rajkumar Bridge. He was taken to the hospital where he was declared dead.

In the third incident, a truck driver died while he was sitting in a truck cabin in the Lasudia police station area late on Monday. The police got information about the incident around 2:30 am. The deceased was identified as Rafiq Khan (42), a resident of Bhopal. He was at the office of a transport company near Dewas Naka when he fell unconscious on the truck steering. The family members told police that he was suffering from breathlessness for a few months and was undergoing treatment for the same.

Sara Bacon, a beloved wife, mother, daughter, sister, and friend, passed away unexpectedly on January 18, 2024, at the age of 36. She was born on June 12, 1987, in Phoenix, Arizona, to John and Mary Smith. She graduated from Queen Creek High School in 2005, and married her high school sweetheart, Ryan Bacon, in 2007. They had two beautiful children, Emma and Ethan, who were the light of her life.

Bacon worked as a dental hygienist at Smile Bright Dental Clinic, where she was loved by her co-workers and patients. She was passionate about her job, and always made sure that everyone felt comfortable and cared for. She was also involved in various community and charitable activities, such as volunteering at the local food bank, organizing fundraisers for the school, and donating blood regularly.

Sara Bacon's cause of death has not been officially confirmed, but it is suspected that she suffered a heart attack while driving home from work. She was rushed to the hospital, but could not be revived. Her family and friends are devastated by her sudden and tragic loss, and are asking for privacy and prayers during this difficult time.

Two drill sergeants were found dead at a South Carolina military base within eight days, according to army officials.

Allen M. Burtram, 34, was found dead at Fort Jackson on Dec. 8 when he didn't report for work, officials said in a [news release](#). Fort Jackson Emergency Medical Services responded to the scene, where the man from Cleveland, Ala., was pronounced dead.

Just over a week later, Zachary L. Melton, 30, was [found unresponsive in his car](#) on Dec. 16 after he also "failed to report for work," officials said. The Huntsville man was pronounced dead shortly after emergency personnel arrived at the scene.

Dec. 8, 2023 – 44 year old Tiffany Gilliam had a heart attack while driving on Dec.8, 2023; "her car headed into oncoming traffic", "three nurses stepped in and saved her."

Kathy Gilliam almost lost her 44-year-old daughter Tiffany Gilliam when she had a heart attack while driving Dec. 8. Her car headed into oncoming traffic, eventually veering off into an embankment, in the Five Forks area.

Luckily, three nurses saw what happened and stepped in, a move Kathy Gilliam will be forever grateful for.

"I always kind of sort of believed in miracles – until December the 8th," she said.

Felicia Hunt witnessed the medical emergency while sitting at an intersection. A registered nurse, she just so happened to be in the right place at the right time.

"I immediately recognized that it was a medical emergency because she was on the wrong side of the road and people were honking at her. You could tell there were no brake lights or turning of the wheel or anything, so you could tell someone was not awake," Hunt said.

Hunt says Tiffany Gilliam was unconscious when some fellow bystanders helped pull her out of her car, so she started doing CPR.

Turen, whose work included HBO and Sam Levinson series "Euphoria" and "The Idol," suffered a medical emergency while driving his Tesla over the weekend, his father, Edward Turen, confirmed to The Times. Kevin Turen died Nov. 12, but no official cause of death has been revealed. He was 45.

According to his father, the producer was driving back from a tennis tournament with his 10-year-old son, Jack. Taking his two sons to and from tournaments was "what Kevin loved doing best in life," Edward said in a phone call, before detailing how his grandson took control of the car.

"Jack looked over and his dad had fainted, he thought, at the wheel," Edward said. "He had the presence of mind to undo his seat belt, to get on the floor with his left hand [controlling] the brake and the accelerator, his right hand the steering wheel."

The Tesla was in autopilot, but Jack had to navigate the car "three lanes over to the side," where he could call 911. According to Edward, officers arrived at the scene in three minutes, but "it was too late." A representative for the California Highway Patrol did not immediately provide additional information to The Times on Thursday.

Turen shared sons Jack and James with actor Evelina Turen. On Thursday, Edward said, "My grandson's a hero," and he praised his son and his wife for their "unbelievable job [of] raising their two boys."

He continued: "It's a horrible story, but there could've been two people [hurt]."

News of Turen's death broke Sunday evening. In a statement shared to Deadline, Edward

Nov. 11, 2023 – Liverpool, UK – 37 year old John McKeown collapsed in Liverpool on Nov.11, 2023 behind the wheel of his car with a cardiac arrest. He was saved by a student nurse.

John McKeown is now recovering at home with his family

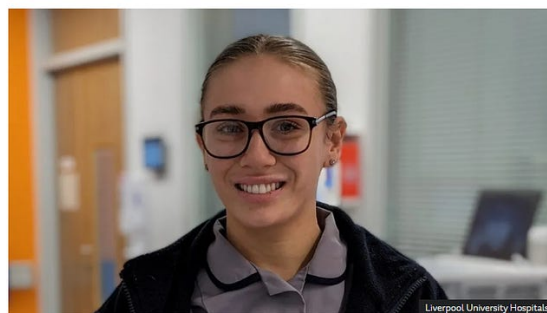

**A man who suffered a cardiac arrest at the wheel of his car is celebrating Christmas with his family after his life was saved by an off-duty nurse.**

Father-of-three John McKeown collapsed in Liverpool on 11 November before a passer-by flagged down Demi Murphy.

The student nurse said: "I just jumped in his car and started doing CPR while he was in the driver's seat."

Mr McKeown's partner Vicky Flattery added: "John literally wouldn't be here today without everything Demi did."

The day he stopped breathing was also the ninth anniversary of their baby son's death.

Ms Murphy, 21, was returning from a meal with friends when she was flagged down.

A friend rang for an ambulance while she performed resuscitation on Mr McKeown.

In the meantime, Ms Flattery had called him to see where he was and ended up speaking to Ms Murphy who tried to reassure her and ask about his medical history.

Ms Flattery said: "I'm not usually one to believe in fate but I was sure we were going to lose him, there was someone looking over us that day."

Demi, who has worked at Royal Liverpool University Hospital for three years, said paramedics assisted with a defibrillator once they arrived.

"Once they had a pulse, he was put in the ambulance and taken to hospital."

Mr McKeown, who is 37, was taken to Liverpool Heart and Chest Hospital, where they discovered he had suffered a ventricular fibrillation cardiac arrest, which is when the heart quivers instead of pumping normally.

He was taken immediately into intensive care because he had been starved of oxygen and suffered a seizure.

Surgeons fitted an implantable cardiac defibrillator which detects and stops irregular heartbeats.

Ms Flattery said her partner was recovering at home and "doesn't have any memory of the incident or the few days before it happened, even some things that happened last month are hazy for him, but it could have been so much worse".

"We're just really thankful that Demi was in the right place at the right time and all the other paramedics and hospital teams worked to save John so he could come home to his children and his family."

I'm saddened to share the news that my dear Jaybird passed away unexpectedly Friday, November 10th. He was playing pickleball, walked to the car, opened the door, and collapsed. The doctor explained he lost consciousness and had a heart attack, sparing him from pain.

Though we are devastated, I find solace knowing Jay is now in heaven. I feel blessed for the 26 wonderful years we shared, filled with joy and love. Family and friends were everything to my Man - he was deeply loved by many.

What am I gonna do without My Tony? He passed away about 7:45 am this morning. It was a medical episode while driving. He didn't hit anything, he simply pulled over and passed away. They are pretty sure it was a heart attack. He was my BEST friend, my confidant, my love, my husband. I love him more than anything. My heart is broken into a million pieces. I can't do this without him. I want My Tony! Why?????????

**Granbury, Texas**

What the fuck am I gonna do now?

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*

### Reviews

*This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon*

*In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia*

*In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists.*  
—Peter Koenig

*Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy.* –David Skripac

*A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place.* –Edward Curtin
