*If one tries to use rational thought processes to produce a reasoned explanation for that which is neither rational nor reasoned, one will end-up building a false picture of the world around one.*

This is what has happened to those who have tried to 'make sense' of a global agenda whose first principle is to create chaos and confusion. Trying to piece together strands that 'by intent' have no connection is quite obviously a road to nowhere.

The shadowy architects of The Great Reset/New World Order/One World Government pulled-off a clever trick in designing a totalitarian programme for top-down change whose individual parts each contradict one another.

So, when put together by the 'rational' public mind, it makes people feel that they must be suffering a diminished personal level of intelligence, because they can't make the agenda make any logical sense.

So what do most people do? They form a comforting yet implausible theory, that satisfies a need to believe events are following some sort of logical pattern which only those 'in charge' can properly understand.

This achieves the cabal's desired affect of defeating any resistance to the programme being enforced. If those on the receiving end can't, or won't, believe that the perpetrators see and experience life from a completely different perspective from their own, they can't grasp why

an anti-human agenda could possibly be the reality of the day.

But it is the nature of psychotic/demonic beings to sow the seeds of confusion and then stand back and watch, gaining satisfaction from observing the results play themselves out. So sure are they of the enduring psychological weaknesses displayed by a majority of human beings that they publicly announce each new turning of the screw, via the compliant and controlled world of the mass media.

If enough big names, global institutions and media operations say black is white and two plus two makes five, most will prefer to go along with this perversion than face their own inability to recognise that things have indeed been deliberately 100% distorted.

This distortion is now fully operational in every area of life controlled by the chain of command which – starting from the 0.5% ‘elite’ cabal – runs on to corporate fiefdoms, banking dictatorships, supra national conglomerates (i.e The European Union), trans planetary institutions like the World Economic Forum, World Health Organisation and United Nations, the military industrial complex, and finally national and local governments and the general public.

Built into a very actual programme of centralised global control and the relentless thieving of basic individual and collective freedoms, are a whole series of fake sign posts which seem to indicate that all the worlds’ problems result from extreme outside events associated with human error or mental blindness.

Global warming, pandemics, economic turmoil, war, mass movements of refugees are all part of a world ‘on the brink of disaster’, we are continuously informed by the very architects of the disruptions themselves.

Each of these ‘disasters’ has been designed, planned and executed with ice cool malicious intent by the dark cabal, confident of its ability to successfully play on the fears of all who fail to confront the rules of the Matrix. The financial cabal announces in advance – each further phase of the planned break-down of justice, freedom and law and order.

So if anyone should later exclaim “They forced us, without any warning, to comply with their evil agenda”, a ready prepared answer states “We told you and you ignored it.” It is a feature of the slippery nature of these dark tricksters that they cover their tracks in all situations.

The sheer audacity of some pronouncements is breathtaking.

Bill Gates coolly argues the need to depopulate the planet.

Klaus Schwab informs us that “we will be happy” having had all our properties stolen from us.

Yuval Noah Harari advises that chipped and digitalised people will be a big advancement of the human race, “Better than God” could achieve.

Tedros Ghebreyesus , head of the World Health Organisation, states that only he and his board member cronies can decide when to declare health emergencies affecting all independent nation states of the world.

Almost all leaders of nation states are happy to persuade their constituents to go along with these dictatorial pronouncements. For example, they are told to take the weaponised mRNA genetically engineered Covid jab “If you want to be recognised as responsible citizens, retain your freedom of movement and not get put on the red list of subverters of the status quo.”

It is not as though any of these pronouncements are done in secrecy. They are done in plain sight in the public domain. But still the great majority of the public can’t or wont respond with the normal/ natural organic reaction of anyone put under this kind of direct threat “Hey! Who do you think you are? Don’t threaten me with your pompous megalomania – you should be locked-up immediately!”

There is something going on which causes normal human biological reactions to be stymied and rendered seemingly sterile.

In my opinion, it is a well developed form of hypnosis.

Inducing one’s audience to experience a variety of versions of fear, is stage one. Coming across as a highly placed authority figure is stage two. Having recourse to dark powers to ‘bewitch’, is stage three.

When all three of these are packaged within a sophisticated mind control/social engineering programme, the deliverer holds a number of ace cards. Not least the fact that if and when exposed ‘it sounds too unbelievable to be true’ to all but the keenly aware.

So, we who are aware have the crucial task of reverse engineering the sequence of events that bewitch the general public, thereby exposing the preconceived and calculated use of chaos and confusion which render the cult’s poisoned agenda such a brutal deception.

Can this be done?

Yes it can. But it involves deepening our understanding of the ways of the psychopathic and psychotic mind. We need to grasp how 'spellbinding techniques' play a much more central role in mass human mind control programmes than are currently recognised.

This exploration calls for courage and the realisation of our deeper spiritual powers. Such a task cannot be achieved without raising the energetic levels of our latent higher potentialities; a concentrated focus on that which has the power to dispel darkness so as to break the hold of the demonic elements over the human mind.

Humanity is confronted by this test – here and now. If faced directly and bravely, the instigators of the present darkness will be defeated. Defeated by the manifestation of a rising level of truth which the tricksters cannot endure, as their 'success' is based on maintaining the blanket existence of a very low vibrational energy, which they consistently try to convey as the only energetic state available to mankind. Nothing less than the three dimensional prison of the Matrix.

Once this huge deception is uncovered on a sufficient scale, the dark mask will fall and the first phases of our true liberation will unfold in front of us like the rising sun; heralding an unprecedented universal expansion of the higher powers of mankind and all planetary and inter planetary energies.
