**JENA, La. (KALB)** - According to a report by [The Jena Times](#), a student at Jena High School passed away after going into cardiac arrest on Tuesday, April 18.

The Jena Times wrote that the Jena Chief of Police, Scott McLendon, confirmed that the incident happened inside a classroom around 11 a.m. School faculty did attempt life-saving measures before the student, later identified as sophomore Kameron Shelton, was taken to LaSalle General Hospital where Shelton was pronounced dead.

The LaSalle Parish Coroner's Office has ordered an autopsy to be performed.

A sophomore Jena High School student suffered a cardiac arrest on campus and passed away Tuesday. Kameron Shelton went into cardiac arrest around 11 a.m. Life-saving attempts were made by school faculty, and Shelton was brought to LaSalle General Hospital. Doctors on staff at the facility pronounced him dead. 3 days ago

Milwaukee, WI - 19 year old Marquette University Student Kamrin Ray was found dead in residence on April 17, 2023

MILWAUKEE (CBS 58) -- The Marquette University community is mourning the death of a student.

The 19-year-old student -- identified by officials as Kamrin Ray -- was found unresponsive around 9:30 p.m. Monday, April 17, in Cobeen Residence Hall.

Marquette police tried to save the student, but he was pronounced dead at the scene.

There were no signs of trauma and the medical examiner says the death appears to be from natural causes.

## Cornell First-Year Student Dies

By Sofia Robinson

Matthew Friedman '26, a first-year student in the College of Agriculture and Life Sciences, **was found unresponsive in his residence** in Court-Kay-Bauer Hall on Wednesday, April 12 and was later pronounced dead, Dean of CALS Ben Houlton and Dean of Students Marla Love wrote in a Thursday afternoon email obtained by The Sun.

A biology student, Friedman had a deep interest in neurobiology and behavior and planned to become a doctor after graduating from Cornell. He recently became a member of Sigma Chi fraternity. His sister is also a Cornell student.

Originally from Marlboro, New Jersey, Friedman volunteered in his hometown Emergency Medical Service before coming to Ithaca this fall and was exploring ways to use his EMT experience on the Cornell Campus.

...

16-Year-Old Star Cheerleader at Berkeley **High School**, Lillia Bartlow, went home from **school** on Friday, (March 24th) after suffering a migraine. Within hours she **died** unexpectedly at home. Reported cause of death: unknown.

A teenage girl who captured headlines seven years ago after being mown down by a taxi has died suddenly after complaining about painful headaches.

Lillia Bartlow, 16, became a local celebrity in 2016 after she was hit by an oncoming taxi and broke both her legs, before she made a miraculous recovery and became a star cheerleader at Berkeley High School in **California**.

But the academically gifted teen, who spoke three languages and was undertaking the prestigious International Baccalaureate Program, began experiencing intense headaches in January. The reason behind her recent struggle with migraines had not been diagnosed.

According to the **Berkeley Scanner**, the 16-year-old went home early from school on Friday, before she tragically died just hours later in her home.

Mukilteo, WA - 18 year old high school student Chloe Nuttbrock died suddenly of aneurysm in early March 16, 2023 ([click here](#))

Rice Lake, WI – 6 high school student deaths (posted on April 21, 2023)

## My Take...

Found dead in dorm or residence. Cardiac arrest and died while at school.

Died after having migraine at school.

Died in early morning hours.

Died after "brief illness".

Died during tennis practice at school.

None of this is normal. All these deaths must be investigated for the possibility of post COVID-19 mRNA vaccine sudden cardiac death or any role that the jabs may have played in these deaths.

A statement from a local struggling teen.

Hi, I am 15 years old sophomore at Rice lake High School. To be honest, this year has been hard. It has taken people away from us and as soon as we get back on our feet, another is taken. We have had 6 student deaths throughout our district. After every traumatizing moment, they hand the teachers a slip of paper to read off of. It's always vague and never tells us how we are going to feel. Each time the school brings in councilors to help us get through our grief. But, when the councilors leave after just one day, nobody really gets through anything. They expect us kids to work through our grief and talk about it with our peers, parents or trusted adults.

## The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*
