Below are excerpts of an important article by London’s Daily Mail. Our thanks to the Daily Mail for having brought this article to our attention

Moscow’s claim that [Hunter Biden](#) helped finance a US military ‘bioweapons’ research program in Ukraine is at least partially true, according to new emails obtained exclusively by DailyMail.com.

The commander of the Russian Nuclear, Biological and Chemical Protection Forces, claimed there was a ‘scheme of interaction between US government agencies and Ukrainian biological objects’ and pointed to the ‘financing of such activities by structures close to the current US leadership, in particular the investment fund Rosemont Seneca, which is headed by Hunter Biden.’

Intelligence experts say the Russian military leader’s allegations were a brazen propaganda ploy to justify president Vladimir [Putin’s invasion of Ukraine](#) and sow discord in the US.

But emails from Hunter’s abandoned laptop show he helped secure millions of dollars of funding for Metabiota, a Department of Defense contractor specializing in research on pandemic-causing diseases that could be used as bioweapons.

He also introduced Metabiota to an allegedly corrupt Ukrainian gas firm, Burisma, for a

'science project' involving high biosecurity level labs in Ukraine.

And although Metabiota is ostensibly a medical data company, its vice president emailed Hunter in 2014 describing how they could 'assert Ukraine's cultural and economic independence from Russia' – an unusual goal for a biotech firm.

MEMO: Ukraine Science

Subject: MEMO: Ukraine Science

Hi Hunter,

I hope you enjoyed a smooth flight across the pond and that this finds you and your wife enjoying a wonderful Friday in beautiful Lake Como!

Thanks so much for taking time out of your intense schedule to meet with Kathy and I on Tuesday. We very much enjoyed our discussion. As promised, i've prepared the attached memo, which provides an overview of Metabiota, our engagement in Ukraine, and how we can potentially leverage our team, networks, and concepts to assert Ukraine's cultural and economic independence from Russia and continued integration into Western society. The pdf comprises English and Ukrainian versions of the document.

Please let me know if you have any questions or require clarification. We look forward to hearing the outcome of your discussions on this topic.

Wishing you successful meetings and a great visit!

Best regards,
Mary

RSTP_Ukraine_Memo_Submit_3April2014.pdf

0 bytes

In April 2014, Metabiota vice president Mary Guttieri wrote a memo to Hunter outlining how they could 'assert Ukraine's cultural and economic independence from Russia'. 'Thanks so much for taking time out of your intense schedule to meet with Kathy [Dimeo, Metabiota executive] and I on Tuesday. We very much enjoyed our discussion,' Guttieri wrote

To: Hunter Biden

See questions below. Probably best if we could get a quick turnaround on answers from the team.

Dear Devon,

Please find few initial points to be discussed for the purposes of analyzing the potential of this as you called, "Science Ukraine" project.

1. Financing. As I understand the Metabiota was a subcontract to principal contactor of the DoD B&V. Today they seem to state that financing is closed. What was the reason of stopping the projects and financing of the projects? They look for a new financing. Do they expect to receive it again from B&V or they look for else were?

2. What kind of partnership Metabiota is looking for in Ukraine? From potential non-governmental player in Kiev? Rebuilt the ties with respective ministries in Ukraine, and on the basis of that reinstate the financing from the B&V? Or they look for partnership in managing projects in Ukraine, PR with Government institutions here, financing of the projects?

((Metabiota counterparts in Ukraine were (i.e. final beneficiary and the recipient of the results of the projects) were ministries of from Ukraine, Ministry of Agriculture and Ministry of Health.

From the Ukrainian governmental point of you, it looks like standard International Assistance project, that could be technical, financial, etc))

3. The principal contactor B&V seems to be also the party that operates in Ukraine on the similar or the same projects. There is no competition here?

Best regards, vadym
