Littleton, CO – 17 year old Baseball player, Brady Hoos died from seizure on March 31, 2023

Dakota Ridge High School baseball player Brady Hoos died unexpectedly on March 31, 2023, after suffering a seizure ([click here](#)) ([click here](#))

Pana, IL – 13 year old Samuel Hackler collapsed at track practice from seizure and died on March 31, 2023

He had suffered a seizure at track practice with Pana Junior High School's track team and died at the Pana Community Hospital ([click here](#))

Sacramento, CA - 22 year old Thomas Wentworth Berkey died from a seizure on March 5, 2023

Cary Berkey
February 11 · 🌐

Feb 11, 2023 - My sweet, sweet boy Thomas. Oh how I miss him. He's been in ICU since Dec. 19th, 2022 due to a seizure causing cardiac arrest making his heart stop for 10-15 minutes. MRI showed severe brain damage. He's had 3 pneumonia's, been on and off of respirators, 24/7 IV's giving medications, trach and a feeding tube. He has neurological storms which are horrible to watch. His brain is continuing to make sense of how to re-fire neurons and it just does not stop.

Thomas Berkey update - 1-28-23

Thomas has been in ICU since Dec 19th, 2022 and still in ICU today. Re-cap.. he had a seizure causing cardiac arrest with heart failure for 10-15 minutes. He has been in an unconscious/vegetative coma to date. He goes up and down with storming/posturing (high fevers, contracting, and seizing) for sometimes days with no relieve.

Thomas continues to hold on, but he looks uncomfortable unless he's sleeping, and that's just the truth. It is heart... [See more](#)

Thomas suffered a seizure on Dec.19, 2022 which stopped his heart for 10-15 minutes. He never recovered & died on Mar. 5, 2023. His family was pro COVID-19 vaccination.

Lafayette, LA - 24 year old Mackenzie Gallagher died from a seizure on Feb. 26, 2023

Michael Gallagher is with Mack Gallagher.
March 14 at 6:25 AM · 🌐

Our dear Son. Just over two weeks ago or 16 days ago Mack went to be with the Lord.

As his Dad I am crushed beyond words. I have wept and whaled. A grief that no one should ever know or have to endure. To loose a child...That heart ache, I fear it may never leave. But that heart ache is also a Gift. I'm learning I don't want it to go away. It connects me with him and with you.

As a believer in Jesus Christ somehow my heart is slowly being comforted. As parents our main goal is to get our children to Heaven. Isn't that what we profess. Mack was pure Joy.

[Mack died of a seizure](#)... something he struggled with but no one knew. But God did. No one knew his struggles but God did.

Bismarck, ND – 37 year old Cody Allen Bruner died of a seizure on Feb. 7, 2023

Cody Allen Bruner
ROBINSDALE, MN - Born to Curtis Bruner and Annette Schall in Harvey, ND. He left us unexpectedly and far too soon.

Survived by his parents Curt (Lori) Bruner, Annette Schall, sister Lindsey Bruner, half brother Shane Ziegler, paternal grandparents and numerous family members and friends.

Cody had a way of bringing a light to every room he walked in to. Whether it was by cracking a one liner, singing a song, showing you his baby blues, or just filling the room with his presence. He packed a lot in to his 37 years of life and always said he's here for a good time, not a long time. He spent his years pinching pennies, cigarettes and guitar picks together. He's experienced more life than most could imagine living in Costa Rica, Australia, Bali, Los Angeles, MN and ND. He traveled to many countries sleeping on beaches, park benches and occasionally a friendly couch. Even in his lowest points he could always find joy in music, pleasure in books, and would spare a cigarette or an ear to a stranger. He will continue on his journey by giving the gift of life via organ donation. We will love him and carry on his memory with each and every day.

Latest update on my friend Annette's son, Cody. I've copied what she posted. This momma has been through so much recently, please pray for her, her daughter and Cody's dad and all who love him.

Update:

My beautiful boy always giving and caring. He will be giving the gift of life as we are donating his organs. Our hearts are broken but somehow we will make it. I love you ❤️🙏🥰 until we meet again. Grandpa Pete is waiting for you young fella and Grandma Katie will be there with open arms. The have not started the process yet so he is here physically.....

Cody Bruner was found face down in the snow from a seizure. He was in an induced coma and put on a ventilator. He died four days later.

Providence, RI – 25 year old nursing student Shirley Seri had a seizure on January 15, 2023 and was placed in a medically induced coma.

HAPPY NATIONAL
NURSES
WEEK

Shirley Seri

Studies Nursing at **New England Institute of Technology**

Lives in **Providence, Rhode Island**

Image credit: [Vance Murphy](#)

She has been a nursing student at NEIT since 2019, and in 2021, NEIT required COVID-19 vaccinations for students for the Fall 2021 term ([click here](#))

Grand Rapids, MI – 24 year old professional surfer Kalani David died after having a seizure while surfing in Costa Rica on Sep. 17, 2022 ([click here](#))

Concord, NC – 20 year old baseball player Caitlyn Victoria Gable died in her sleep on Aug. 9, 2022

Image credit: [Vance Murphy](#)

Her death was called “Sudden unexpected death among epileptic persons” or “SUDEP”, even though she was “extremely healthy, strong physically and had epilepsy controlled with medication”.

She was also “up to date with all her shots”.

43 year old Dr. Bret Stetka, editor of Medscape, died unexpectedly of a seizure at home on Aug. 6, 2022

Dr. Bret Stetka was a believer in mRNA technology. Not only was he fully COVID-19 vaccinated, but his last Twitter post before he died was of him getting his 1 year old daughter mRNA vaccinated ([click here](#))

What the studies say...

A German study reported in Sep.2021 looked at 54 patients with epilepsy who had COVID-19 vaccines ([click here](#))

Shockingly, 33% reported negative effects after COVID-19 vaccination (headache, fatigue, fever), 1 reported increased seizure frequency and 1 reported a new seizure type.

A Mexican study reported in Aug.2022 documented 53 cases of seizures post COVID-19 vaccination, 60% of which were new onset seizures. ([click here](#)) They put the incidence rate of seizures highest for Moderna with 2.7 per million, and Pfizer with 1.0 per million.

An analysis of VAERS reported in May 2022 put the incidence rate of seizures at 32 per million per year and 35x higher compared to influenza vaccines! ([click here](#))

My Take...

The fact that COVID-19 vaccines have a 35x higher rate of causing seizures than flu vaccines, tells you there is a serious safety problem here.

We now know that the spike protein accumulates in the brain and causes inflammation and brain damage. The question is, how much of the COVID-19 vaccinated population is affected by spike protein brain damage?

I suspect COVID-19 vaccine induced neurological injuries will follow a similar pattern we saw with myocarditis, where health officials significantly downplayed the risk, which we now know is several orders of magnitude higher than initially claimed.

I believe COVID-19 vaccine induced seizures will be one of these under-estimated problems. Along with aneurysms, brain bleeds, hemorrhagic strokes, ischemic strokes, aggressive brain cancers and much more.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
