Media focus on racial division diverting anger away from tyrannical government

Chaos has engulfed Ferguson, Missouri as the mainstream media is directing national attention to divisive racial issues at a time of rising tyranny in America.

Sensational revelations about government corruption are becoming a regular occurrence under the Obama administration. Ordinary Americans are being targeted while [known terrorists are escorted](#) through security. Kidnappers, rapists, and murderers [are being released from prison](#); an action sanctioned by the President of the United States. The [BATE allows guns](#) to find their way to Mexican drug lords, while the federal government is fighting to disarm American citizens. Mega-banks [launder billions of dollars](#) worth of drug money.

Amidst this flurry of rampant corruption, Obamacare architect Johnathan Gruber [admitted on video](#) that “lack of transparency” was crucial in passing Obamacare and fool “stupid American voters” into accepting it.

[Nearly every](#) agency [of government](#) has acquired some form of armaments in the past several years. Police departments across the country are getting [mine resistant vehicles](#). Homeland Security is acquiring [billions of rounds of ammunition](#). The Department of Agriculture recently requested [body armor](#) as well as [sub machine guns](#). Many other [instruments of war](#) have been stored and deployed.

A divided country

While the wealth of America is being systematically destroyed, divisive issues of race are being inflamed. Conservative icon Phyllis Schlafly called Obama’s recent executive order on Amnesty for illegal aliens [a “Fort Sumter” event](#), referring to the defining event at the beginning of America’s first civil war. Obama’s announcement came on November 20th, the same day that Mexico’s Revolution day was celebrated.

At the same time, riots in Ferguson Missouri have attracted the attention of national media, threatening to spark riots in cities across the country. The announcement of the grand jury’s decision to absolve officer Darren Wilson was seemingly timed perfectly to incite riots after 8pm.

National Guard stood down in Ferguson on orders of the White House?

Missouri Lt. Gov. Peter Kinder told Fox News that, "Is the reason that the National Guard was not in there because the Obama Administration and the Holder Justice Department leaned on you to keep them out? I cannot imagine any other reason why the governor who mobilized the National Guard would not have them in there to stop this."

The establishment is well aware that the country is growing increasingly skeptical of the federal government. [Confidence in all branches of government](#) are reaching record lows. According to Gallup, Congress has about a 7% approval rating; The presidency around 29% and the Supreme Court at 30%.

The establishment is attempting to direct the spirit of the nation into a destructive revolution of bloody conflagration and hate that will only result in more power for the elite.

If the nation is allowed to unify over issues of sound economic policy, purging government corruption, and re-affirming our moral code as a nation and as individuals, the corrupt elite will be brought to justice. As long as the country is divided this cannot happen. If the nation falls into chaos, these central unifying issues need to guide a real revolution of positive change that will rise from the ashes.

This generation, just as America's founders did, will provide the heroes and legends for the next. Your actions and choices during this time will alter the outcome of this historical time period and set the cultural agenda for the next cycle. Its up to you.
