This story is important in light of my recent report on 96 Canadian children who died suddenly or unexpectedly in the past 3 months ([click here](#)).

While there have been many stories of child deaths due to COVID-19 mRNA vaccines, this is the first one that involves government compensation.

Taiwan awards compensation to 9 COVID vaccine deaths

Taiwan News published this story on Feb.27, 2023 ([click here](#)).

One of the 9 compensated families was a girl aged 5 to 11, who died of fulminant myocarditis after receiving her 2nd shot of Pfizer COVID-19 mRNA vaccine.

The girl lost consciousness 3 days after receiving her 2nd Pfizer vaccine, and a cardiac ultrasound scan showed preserved systolic function, suggesting fulminant myocarditis.

A forensic autopsy found lymphocytic infiltration within her myocardial fibers. Considering the sequence of events, the committee agreed to offer the girl's family the highest compensation amount for an adverse reaction after receiving a COVID-19 vaccine: NT\$3.5 million (USD \$114,829).

Another news source suggests she fell into a coma after her 2nd Pfizer vaccine and had an ultrasound scan just before she died ([click here](#))

Her pathology findings are consistent with the James Gill paper called "Autopsy Histopathologic Cardiac Findings in 2 Adolescents Following the Second COVID-19 Vaccine

Dose” which describes 2 teenage boys who died with 3-4 days after receiving 2nd dose of Pfizer COVID-19 mRNA vaccine ([click here](#)):

Vietnam: 5 children died after Pfizer mRNA vaccine:

After Vietnam started vaccinating with Pfizer COVID-19 mRNA vaccines on Nov.23, 2021, within two weeks, 5 children were dead and 120 hospitalized ([click here](#))

- 17 yo girl (Trieu Phong, vaxxed Dec.2, died Dec.9, 2021) ([click here](#))
- 15 yo boy (Son La, vaxxed Dec.4, died Dec.6, 2021) ([click here](#))
- 12 yo boy (Binh Phuoc, vaxxed Nov.29, died Nov.30, 2021) ([click here](#))
- 16 yo boy (Bac Giang, vaxxed Nov.24, died Nov.28, 2021) ([click here](#))
- 14 yo girl (Hanoi, vaxxed Nov.27, died Nov.28, 2021) ([click here](#))
- Vietnam suspends Pfizer batch after 120 children hospitalized ([click here](#))

USA: Many children died after Pfizer mRNA vaccine:

- Michigan: 13 yo boy died in his sleep 3 days after 2nd vaccine dose ([click here](#))
- California: 9 yo girl died 2 weeks after 1st Pfizer dose ([click here](#))
- California: 16 yo boy died 3 weeks after 2nd Pfizer dose ([click here](#))
- Colorado: 15 yo boy died 2 days after Pfizer ([click here](#))
- 16 yo Ernesto Ramirez Jr died 5 days after Pfizer ([click here](#))
- Two US teens died within 3-4 days of 2nd Pfizer dose ([click here](#))
- Washington: 7 yo boy died 13 days after 1st Pfizer dose ([click here](#))

Canada

- 17 yo Sean Hartman died (Sep.27, 2021), 33 days after Pfizer ([click here](#))

Other Countries:

- Ireland: 14 yo boy died 3 weeks after 1st Pfizer dose ([click here](#))
- New Zealand: teen died weeks after Pfizer dose ([click here](#))
- Malaysia: 13 yo boy died 18 days after 1st Pfizer dose ([click here](#))
- Barbados: 14 yo boy died 90 min after 2nd Pfizer dose ([click here](#))
- Guyana: 13 yo boy died 2hr after 2nd Pfizer dose ([click here](#))
- Brazil: teen died after Pfizer ([click here](#))

My Take...

This is the first case in the world that I am aware of, involving government compensation of a child death due to Pfizer COVID-19 mRNA vaccine.

When Canadian doctors who pushed mRNA vaccines attack me on the 96 Canadian children who died suddenly in the past 3 months, they do it for a reason. They want to maintain a false reality where COVID-19 vaccines are safe in children and have not killed any children. But in reality, mRNA is neither safe nor effective in children.

They don't want people to remember that many children died in the US after taking Pfizer's COVID-19 mRNA vaccines, or that 5 kids died in Vietnam within 2 weeks of their Pfizer

vaccine rollout. You will rarely hear any of these stories now.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
