16 November 2009

Teresa Forcades, freira catalã doutorada em Saúde Pública, faz uma reflexão sobre a história da Gripe A (H1N1) e da sua vacina. Ela apresenta dados científicos e descreve as muitas irregularidades que envolvem o assunto. Na entrevista explica que a Organização Mundial de Saúde modificou a definição de pandemia, analisa as implicações políticas e os interesses subjacentes à campanha de vacinação, analisa os perigos das vacinas que estão a ser fabricadas e faz um apelo à activação urgente de mecanismos legais a fim de não penalizar os cidadãos que se recusem a deixar-se vacinar. A entrevista está num castelhano bastante acessível a pessoas de língua portuguesa. Embora extensa, vale a pena ouvi-la na íntegra.
