And if all others accepted the lie which the Party imposed -if all records told the same tale — then the lie passed into history and became truth. 'Who controls the past,' ran the Party slogan, 'controls the future: who controls the present controls the past.' And yet the past, though of its nature alterable, never had been altered. Whatever was true now was true from everlasting to everlasting. It was quite simple. All that was needed was an unending series of victories over your own memory. -George Orwell, 1984

The plan is to keep the Covid Con going forever.

Perhaps we now need to think of Covid as the new Al Qaeda and the array of variants and subvariants as the ever elusive viral terrorists.

There's no way to tangibly identify either the murky sleeper cells or the virii, which makes it all the easier to keep the ersatz narrative rolling along amidst an incurious public who blindly accept these spurious explanations as to why they are continuously getting sick.

Just last week I came across a mom who was lamenting that her kid was super sick. A few days later I asked how the ailing child was doing. She stated the following:

"Much better! Thanks! It has been a rough start to the school year- lots of strange viruses going around and my darn kids are catching them all."

Turns out the unfortunate child is double vaxxed with the mRNA injections and more recently received the quadrivalent "flu vaccine." Yet this parent can't even posit any other possible cause other than "strange viruses."

Her profession? Doctor.

Anyone who thinks that the Covid scam is going away is in for a rude awakening. When psychotic billionaires successfully pull off record setting profiteering schemes the odds of them pulling back are nil.

Just last week “Doctor Doom” Fauci was priming the public for ‘Endless Covid’ in an article published in the aptly-named Yahoo! news site titled: [Fauci says U.S. is at a ‘crossroads’ as COVID kills 2,600 a week and new Omicron variants bloom with winter coming soon.](#)

A few quotes from the article provide insight into what’s in store for the coming winter season- more media hysteria and the continued stoking of public fear:

While the situation is certainly different from last winter when Omicron dominated all other variants, a new “variant soup” of Omicron sublineages like XBB, BQ.1, and BQ.1.1 are gaining ground across the country, wiping out key tools used to protect immune-compromised people.

“We’re really at a point that may be a crossroads here. As we’re entering into the cooler months, we are starting to see the emergence of sublineage variants of Omicron,” Fauci said on the Conversations on Health Care radio show on Thursday.

....

Fauci also stressed in Thursday’s interview that the pandemic was far from over. The number of deaths from COVID, which still averages around 2,600 a week, remains far too high, Fauci emphasized, adding “we’re still in the middle of this—it is not over. Four hundred deaths per day is not an acceptable level.”

A week earlier the science journal Nature was pushing the same story. [From that article:](#)

COVID ‘variant soup’ is making winter surges hard to predict

Descendants of Omicron are proliferating worldwide — and the same mutations are coming up again and again.

Some call it a swarm of variants — others refer to it as variant soup. Whatever it’s called, the current crop of immunity-dodging offshoots of the Omicron variant of SARS-CoV-2 is unprecedented in its diversity. This complexity makes it harder to predict coming waves of infection. It might even lead to a ‘double wave’ in some places, as first one variant and then another overtakes a population.

Reading through the Nature article and such pronouncements from the “official” covid spokesman Mr. Fauci it is painfully evident that the powers that be plan to keep the Covid merry-go-round spinning into eternity if left to their own devices.

And why wouldn’t they? As an endless revenue stream, a convenient cover-up for vaporized immune systems and a rationale for continued “health security measures,” it’s the perfect justification.

How much longer will the public be willing to play along with this ‘Endless Covid’ story?

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
