Theme: [Crimes against Humanity](#)

In-depth Report: [PALESTINE](#)

With the Gaza “cease fire” in place for one week (after Israeli forces murdered at least 450 Children), the Beit Sahour vigil that was held daily for the past 22 days will be transformed to increased action. Tomorrow (Monday) at 10 AM local, Palestinian Civil Society Organizations in the Bethlehem area will hold a second work day for Gaza where we will be emailing, writing media and politicians, sharing ideas and developing strategies to develop the Boycotts, Divestments, and Sanctions (BDS) against Israel as well as bringing Israeli leaders to justice for war crimes and crimes against humanity. Those of you who can join us it will be at AlGhad institute in Downtown Beit Sahour near the bus company offices.

We believe this is not the time to relax but to intensify the pressure that is building especially introducing new BDS actions so that we can once and for all end the 61 year injustice against the native Palestinians (Israel must be made to comply with all Palestinian Rights especially the rights of refugees to return to their homes and lands). We also believe the International community should not be paying for Israel’s war crimes and must hold Israel accountable.

Please begin to or expand your work in your community for BDS (see <http://www.bdsmovement.net> and <http://www.pacbi.org>) and develop legal, media, and outreach strategies to build up the isolation of Israel like we did with South Africa so that such atrocities that have been ongoing for 61 year are ended and we move to a post-Apartheid era of Peace with Justice. For resources and tools, we are listing below links to: pictures and video, facts on Gaza, Declarations by the UN and human rights groups, political analysis, and the link to 25 actions to do.

-Vanity Fair reported in April last year: "After failing to anticipate Hamas's victory over Fatah in the 2006 Palestinian election, the White House cooked up yet another scandalously covert and self-defeating Middle East debacle: part Iran-contra, part Bay of Pigs. With confidential documents, corroborated by outraged former and current U.S. officials, the author reveals how President Bush, Condoleezza Rice, and Deputy National-Security Adviser Elliott Abrams [Zionist] backed an armed force under Fatah strongman Muhammad Dahlan, touching off a

bloody civil war in Gaza and leaving Hamas stronger than ever.”
