*I now address Lord **David William Donald Cameron**, of Chipping Norton, Secretary of State for Foreign, Commonwealth and Development (*Secretariat in the HoL*), please forward urgently to Lord Cameron.*

*

Dear Lord Cameron,

I write as a retired Orthopaedic and trauma surgeon who has healed thousands with good teams by my side in OUR NHS – this being dismantled steadily since the Centre for Policy Studies/PM Thatcher's 'Internal Market' – 1988.

I will be 'personal' but the current and most terrible holocaust in Gaza requires this. About a quarter of my practice involved looking after dear children, often from infancy and with skeletal defects such as congenital dislocation of the hip, club foot etc. Included were those with cerebral palsy – often caused by injury during birth.

One girl I easily remember. At age thirteen, and with very severe spasm in the muscles serving her right hip, the hip dislocated – and no doubt after I had cut tendons in an attempt to stop the dislocation. I then excised the femoral head on the advice of a very experienced senior colleague because her pain was so severe. That gave her no relief. She went on to join other angels. Her humble parents made a generous donation to our Princess Elizabeth Orthopaedic Hospital, whose life we surgeons were fighting for, and this provided a room where parents could sleep and relax by the airy children's ward whilst the ones they loved

were treated – and schooled. Some few years later this fine hospital of 120 beds and the best *esprit de corps* was bulldozed – essentially by central diktat, an upmarket housing development replacing healing. It is but one of many facets of fascism in our fine country.

I can easily imagine the pain you and your wife Samantha felt so deeply when your eldest child Ivan died, but after suffering from a vicious combination of cerebral palsy with *grand mal* epilepsy. So there was also a feeling that he had been released from the pain and shackles of severe spasticity.

You will easily imagine just one child, alive – but with limbs trapped under slabs of concrete caused by CARPET BOMBING of the ‘temples of the family’ – the homes of 2.2 million souls. Whilst she or he remains alive, there is concrete dust in her mouth and lungs, and she hears the blasts as US-provided F16s with British Ae head-up cockpit display kits drop ‘ordnance’ ferried from the US – onto a civilian population, 60% of which are innocent women and children.

You must immediately contact your fascist colleagues in No 10, absent now of Mrs Braverman, and demand the immediate recall of the UNSC, and make certain that you represent the will of the peoples of this land and call for all holocaust activity by the fascist High Command of ‘Israel’ to cease immediately.

My current definition of the ‘fascist’: “A subhuman who delights in crushing the life out of humans.”

The most recent posting on my ‘political’ [website](#), the [other focusing](#) on Palestine and the criminal actions of the Zionist Entity being is [here](#).

This being Part One to do with the continuum of fascism, starting with the necessary mouthpiece of ‘government’. Part Two will shock you. In it I will call for a Nürnberg 2. Your part in the destruction of Libya and the hideous assassination of [President Muammar Gaddafi](#) will be included. See Capture and killing and a record of other ‘settler colonialism’ – a euphemism.

I end by saying that those who came to take another but peaceful people’s land, and to imprison, torture and kill, will be leaving the Promised Land. The native and noble people will return as UNGA 194 demanded on 11th of December 1948, rebuild their villages – over 500 razed (Ilan Pappé’s seminal book ‘The Ethnic Cleansing of Palestine’ records it all, including the summary execution of males 12 to 50 in the thousands) and rejoice in peace and – justice – which comes before peace. And in ‘a state for all its citizens’. Leyla Khalid.

Finally, view this with your family – and not within the foetid bubble of ‘Westminster’. If

there are infants there, so much the better – to see the lights of the tree of Christ Mass reflected in their lovely eyes. [This is a 4-minute video recording](#) of children of the Friends School of Ramallah singing with absolute determination and love of life – as against a Death Cult overshadowing them.

[And I attach first](#) a most harrowing account from a press conference by the Ministry of Health spokesman, Dr. Ashraf Al-Qudra, on the 64th day of the aggression on the Gaza Strip. That is the Health Ministry of the current Hamas government, its forum now rubble – as the Stern Gang planned for our House of Commons in 1946.

[Second is a statement by the WHO](#) of today which with the Palestine Red Crescent Society (PRCS) and the United Nations Office for the Coordination of Humanitarian Affairs (OCHA), and with support from the United Nations Department of Safety and Security (UNDSS), completed a high-risk mission to Al-Ahli Hospital in Gaza City all part of this Death Cult.
