

Global Research: An Antidote to Isolation

By [The Global Research Team](#)

Global Research, May 26, 2020

Dear Readers,

We have witnessed of late how a global medical issue can be flipped on its head and used to further divide and isolate the people. Our intention is to provide a digital forum of ideas as an antidote to this isolation.

We hope that by publishing diverse view points, submitted by journalists and experts dotted all over the world, the website can serve as a reminder that no matter what narrative we are presented with, things are rarely as cut and dry as they seem.

If Global Research has been a resource which has offered you some solace over the past few months, we ask you to make a financial contribution to our running costs so that we may keep this important project alive and well! We thank you for your support!
