

Big Tech's effort to silence truth-tellers: Global Research Online Referral Campaign

By [The Global Research Team](#)

Global Research, February 07, 2024

The past few years have been extremely challenging for Global Research in terms of online reach and engagement.

Our Facebook and Twitter accounts which had hundreds of thousands of followers were taken down. We had failed in our attempt to set up a new Facebook account, but fortunately succeeded in Twitter/X. As we speak, we have accounts in three social media platforms: [X](#), [Instagram](#) and [Telegram](#).

Needless to say, censorship is taking a toll on Global Research. Our plummeting readership is both a cause and an effect of our fading online presence, which is unarguably a result of Big Tech's effort to silence truth-tellers.

It is our wish to continue to stay online at least until global peace, justice and equality see the light of day. Our ask for you, our dear readers, is to help us sustain and expand our online presence. By doing any or all of the following, you are adding an extra day to our life:

1. Forwarding the daily Global Research Newsletter and/or your favorite Global Research articles to your family, friends, and respective communities;
2. Using the various instruments of online posting and social media to "spread the word." Click the "like" and "share" buttons on our articles' pages for starters. Help keep our articles circulating; and
3. Encouraging family and friends to sign up for our newsletter ([click here for sign-up form](#)).

Moreover, if you have the capacity to help us meet our running costs, you may click on the links below to become a member or make a donation. We already appreciate your generosity.
