Thank you for your support following the shockingly unjust decision on 27 January 2021 by a French Court of Appeal to refer Dr. Hassan Diab to trial. This comes three years after French investigating judges found consistent evidence of Hassan's innocence and dismissed the case in 2018.

According to the French newspaper [Le Monde](#), the Court of Appeal's decision is exceptional, because never before, in terrorism cases, had a Court of Appeal opposed the investigating judges. The decision flies in the face of overwhelming evidence of Hassan's innocence and offers Hassan as an innocent scapegoat. Hassan's French lawyers point to the immense political pressure being applied to keep the case alive.

Hassan's French lawyers have appealed to the Court of Cassation, France's highest court, which will hear the case next month.
