The US has ramped up its efforts to convince the world that attacking Syria is the only “humanitarian” course of action in the region. Those who pause to give this absurd and dangerous premise any consideration realize immediately that “helping” people by bombing them is nonsensical and ill-advised at best, and vicious and illegal at worst.

Are we really ready to start World War III based on lies and media manipulation?

The following is a satirical sketch highlighting America’s ongoing push towards militarization and shows through irony how the world’s greatest warmonger tries to present itself as a harbinger of peace.

“President Obama needs your help starting World War III! Find out how you can help!”

Written by John Loos

Starring Brianna Baker, Neal Dandade, Greg Ott and Niccole Thurman.

Directed and Produced by Jeph Porter | Sound Jason Culver | Production Coordinator Joel Labahn | Hair/Makeup Chloe Hector
