The plot behind Ukraine is far deeper than anyone is willing to talk about publically. Yanukovich was corrupt and his sons were acting like a protection racket. Yanukovich was keen on joining the EU but the treaty had a clause in there that would have put Ukraine in NATO through the backdoor. Ukraine would have to comply with all the rules and regulations of NATO without formally being admitted. Worse still, Ukraine was to trade exclusively with the EU when Russia was its main trading partner and its fuel came from Russia. This was the first attempt by the West to bring Ukraine into NATO.

That is why Yanukovich backed out and that is what began the whole uprising. To appease the protestors, Yanukovich agreed to early elections in nine months. This is where the US Neocons were hard at work to actually see the uprising as an opportunity and they wanted to install their own people. That was all in the leaked phone call of Victoria Nuland.

What Zelensky's win will mean for Ukraine's relations with Russia

Analysis by Nathan Hodge, CNN

Ukrainian comedian and actor Volodymyr Zelensky celebrated a landslide victory in the country's presidential election on Sunday.

Moscow (CNN) — On Sunday, Ukrainians overwhelmingly threw their support behind a political newcomer, actor and comedian Volodymyr Zelensky, to become the country's next President.

After popping the champagne, Zelensky faces some serious tasks. Ukraine has been locked in a proxy war with Russia for five years, and the conflict has claimed around 13,000 lives in the country's east.

The Kremlin saw Zelensky's predecessor, outgoing President Petro Poroshenko, as representing the "party of war," and the election results in Ukraine were greeted by official Russia with what could be described as cautious hope for a reboot in relations.

"There are chances to improve Ukraine's interaction with our country," Russian Prime Minister Dmitry Medvedev said on Facebook. "What is needed for this? Honesty. And we need a pragmatic and responsible approach."

Zelensky was elected with overwhelming support to create peace which was exactly OPPOSITE of the objectives of the American Neocons. The Ukrainian Nationalists (Nazis) threatened to kill Zelensky if he pushed for peace with Russia. Zelensky did a political flip-flop and yielded to the Nazi movement. Reliable sources insisted that the Nazis threatened to kill Zelensky to prevent any peace with Russia.

Don't forget McCain and Lesley Graham even addressed the Ukrainian Nazis promising them to support back in December 2016 after Trump was elected, but before he was sworn in. The Neocons were hard at work to ensure that there would be no peace with Russia.

The entire Russiagate has been discredited but we must understand the reality of international relations. Hillary, who is a Neocon and was friends with John McCain to the point he is the one who handed the fraudulent Steel Dossier to James Comey at the FBI, was instrumental in the failed takeover of Russia by the bankers blackmailing Yeltsin and interfering in the 2000 election which brought Putin to power. Hillary clearly concocted the whole theory that Trump was a puppet of Putin. The Neocons even spun the story that Putin was ex-KGB and that meant he wanted to resurrect the old Soviet Union which was also a lie.

With the seriousness of these actions, we are now heading into war over fake news. Obama had refused to provide military aid to Ukraine and the entire Russiagate was to box in Trump who was then advised to provide military weapons to Ukraine to prove he was not a puppet of Putin. It was the Neocons who were trying to push Trump into an eye-to-eye confrontation.

What Kennedy did to the Neocons was reject their advice and in the Cuban Missile Crisis, this resulted in a monumental shift in US-Russian relations. It forced both parties to realize that they needed each other and that confrontation was not the answer. The Neocons disagreed. This probably cost Kennedy his life. I believe the Neocons had him killed and Oswald was hinted that he was somehow connected to Russia. The CIA refused to release the files and the only reason is to hide the fact that the Neocons took out Kennedy.

Before he died, Robert McNamara (1916 - 2009) was a leading Neocon that pushed the country into the Vietnam war. He was famous for saying: "I learned early on never answer the question that is asked of you. Answer the question that you wish had been asked of you. And quite frankly, I follow that rule. It's a very good rule." McNamara finally admitted that they were wrong particularly in their assessment of Russia as a threat. The perception that Russia is a threat is still dominating the agenda today and there is absolutely no attempt to create world peace.

By creating Russiagate, the main objective was to prevent Trump from working any peace deal with Russia. That was the same objective of McCain and Graham running to Ukraine now that Trump was elected to promise aid to the Ukrainian Nazis to keep up their war against Russians. Can you imagine if the Cuban Missile Crisis took place during the Trump Administration, the Neocons would have been in their glory warning Trump any peace deal would confirm he was just a puppet of Putin. That would have e guaranteed war - not peace. This was the strategic move - a checkmate against Trump seeking peace as did Kennedy.

Reliable sources also claim that the transcript of the phone call between Trump and Zelensky that was used for impeachment was not the full conversation. Trump had assumed that Zelensky was serious about peace and would have supported that decision. But this would have been seen as making Trump the puppet of Putin. This scenario was vital to prevent peace and eventually put the pieces in place for the war that now clouds the horizon.

The DEMONIZING of Trump began to PREVENT world peace and to strip Trump of any ability to reach a peace deal with Russia. Putin did NOT want to reestablish the old Soviet Union, but instead, he saw the rise of China economically and sought to bring Russia into an economic player on the global scale. He wanted to be remembered for being the leader who brought Russia to its economic greatness - not the reestablishment of the USSR which was the dream of Stalin, not Lenin nor Putin.

The image of Trump and Putin had to be manipulated to direct the world into the new political agenda leaving these two leaders who wanted to make their respective nations great again. So far, they have accomplished their goals with strategic cunning and manipulation. To this day, there remain people who are just obsessed with their hatred of Trump. They refuse to come up for air remaining below the surface in the darkness of the depths. To see the plot, they first have to realize that Trump is no longer president and the Neocons will do everything in their power to prevent him from ever running again. That's

what the January 6th hearings are all designed to do – charge him with [INSURRECTION](#) to prevent him constitutionally from ever running again. But with that failing, they would more likely than not assassinate him. These people are playing for keeps and they see their goal – the destruction of Russia and China – within their reach.
