Global Research, October 08, 2021

Dear Readers,

For much of this year, independent media – including Global Research – has felt the sting of increased online censorship”, in the form of a “crackdown on news that challenges official government narratives”.

September 2021 marks our 20th Anniversary. We started publishing in early September 2001, a few days before the 9/11 attacks.

Our thanks to our authors from all major regions of the World, from all walks of life, from committed independent voices, journalists, scholars, scientists, historians, medical doctors, lawyers, military personnel, university and college students, human rights and anti-war activists, environmentalists.

Below is a screenshot of our August/ September 2001 articles.
