Independence Holiday in the USA becomes a time when citizens tend to reflect on the nations two hundred forty year history.

It is a history typical of six European empires in the areas of genocide and plunder.

- genocide: 1. the deliberate killing of a large group of people, especially those of a particular ethnic group or nation. plural: genocides [Google Dictionary]

Americans hoping to make US mass murderous crimes against humanity that are prosecutable under Nuremberg Principles law appear to be less than genocide, attempt to employ the old and outdated dictionary meaning of genocide wherein its scope and intention is defined as the utter and complete extermination of a group, race or nation.

The USA, like its parent colonial power the British Empire, before it, has had its undeservedly wealthy elite through their private speculative investment banks continually investing in genocide in order to both maintain its power over society, accumulate capital and extend its power wherever and whenever regardless of laws, regardless whether religious, common or statutory.

Genocide means killing people of a group, race or nation until a desired profitable arrangement is accepted by them. US banks have invested in profitable genocide non-stop over the entire life of the nation up to today and have their CIA and Pentagon laying plans for more genocide as we read.

-USA's AFRICAN genocide 1776-1864:

New England banks financed deadly but lucrative slave trade, forced labor in the North, before massive forced labor in South; a million died during seizure and transport from Africa and another million died in forced labor. (For the first time in recorded history of slavery, inhumanity toward slaves as practiced in the USA and Colonial Powers, eventually became based on having inculcating society with fear-fostered ignorance and a preposterous insistence of racial superiority, sanding on its head white feelings of inferiority in the face of the far more accomplished cultures pale-skinned Europeans had conquered. [5]

NATIVE AMERICAN 1776-onward:

Genocidal theft of habitats of a thousand Native American nations instigated by banks

speculating in land; forced captive marches, broken treaties, wars, deaths from malnutrition certainly reached more than one million deaths already long ago.

MEXICO 1836:

US rapes away half of Mexico through merciless war. Mexicans are made aware that Americans will keep killing Mexicans until USA demands are met. "2014 U.S. 'intelligence' assistance is larger than anywhere outside Afghanistan" [Washington Post]

-PHILIPPINES 1898-1902:

Invasion and massacres during Filipino war for independence – upwards of a million lives savagely taken. The overseas investment community propagated the racist concept of 'Manifest Destiny' make genocide tolerable.

-CHINA 1900 murderous sacking of Beijing, orgy of killing and stripping away all the cultural treasures for sale that the American and British could load into a few boxcars of a train.

-in EUROPE and in European colonies world wide many millions die as US banks through the Federal Reserve financing and entry of US Armed Forces enable WW I to go on an extra year and a half; 1934-36 Senate Nye Committee investigates allegations that the U.S. entered WW I to make big profits. Senator Nye created headlines by drawing connections between the wartime profits of the banking and munitions industries to America's involvement in World War I; investigation of these "merchants of death" documents the huge profits that arms factories made during the war; found bankers had pressured Wilson to intervene in the war in order to protect their loans abroad; arms industry had been price fixing; held excessive war investor influence on American foreign policy leading up to and during the war.

-SOVIET RUSSIA 1917-20:

Two US Armies invade along with armies of thirteen other capitalist nations to foster, aid, support and participate in civil war; seven to nine million new Soviet citizens die, three million just from typhoid.

-ITALY 1922 -1936:

Fascist Mussolini frequently lionized in both the New York Times and Washington Post, Fortune Magazine; Morgan Bank's Thomas Lamont, served as the international chief of Mussolini's finances; Mussolini received great investment aid from US bankers; especially, Bank of America head A.P. Giannini and Otto Kahn, a

leading banker with Kuhn, Loeb. Pres. Franklin Roosevelt expressed admiration for Mussolini. In 1935 Fascist Italy invaded Ethiopia bringing death to more than a million Ethiopians, tens of thousands from mustard gas dropped from planes on civilian population. [Angelo Del Boca, The Ethiopian War 1935-1941 (1965)]

-GERMANY 1933-37:

US investments and joint-ventures of 50 largest US corporations build the Nazi Wehrmacht up to world's #1, facilitating WW II and Holocaust, the magna return on investment making USA the single superpower, the investments and joint-venturing done in full knowledge of Hitler's continually announced plans for ridding Germany of Jews and communists uand to fulfill Germany's historic 'Drang nach Osten' [Push to the East] into the Soviet Union; of the 40 million dead in Europe 27 million are Soviet citizens. 1945 US makes sure Nuremberg Trials do not indict Nazi industrialists and bankers with whom American corporations, investors and banks had partnered.

-CHINA 1944-49:

US funding and military aid draws out civil war. CIA incursions; many millions starve.

-JAPAN 1945:

Two cities of civilians Atom-Bombed, sixty fire-bombed, nearly one million civilian lives taken. At Tokyo Trials of Japanese War Criminals, a US general of highest rank, commented off the record, "If the Japanese had won the war they would have tried us."

-VIETNAM 1945-1960:

Truman criminally brings back French Army (which as Vichy French, had murderously run its Indochinese colonies for the Japanese Empire profit during WW II), in US ships to reconquer a Vietnam declared independent by US decorated ally Ho Chi Minh with US major in attendance. Tens of thousands of Vietnamese are killed by the French 80% funded by USA

.-KOREA 1950-2014:

Two and half million Koreans will perish as US bombs both south and north flat, after US Army invaded, criminally cutting the nation in two, overthrowing a democratic Korean government and installing a murderous dictator in the south, whose police and special forces would butcher nearly two hundred thousand before the army of the north swept south reuniting Korea. Perhaps another million deaths as a result of crippling sanctions on the northern part. [see Prosecutable US Crimes against Humanity in Korea "Dissident Voice.org"]

-PALESTINE: 1947-2014

US forces through with threats a UN approval of a farcical and outrageously thieving plan to partition the Holy Land, a colonial crime against humanity against the residents of the Palestine, in full knowledge that permanent civil war would result and obviously intended to create deadly conflict, permanent hostilities, destabilization and facilitate Western imperialist penetration. The financial establishment in the US has its colony in the heart of Middle East oil reserves at the cost of tens of thousands of lives, some of which from families of Jewish survivors of the Holocaust denied US refuge before, during and after the Holocaust which itself would have been impossible without the heavy US investment and joint venturing in Nazi Germany. -USA ITSELF 1947 onward: Operation MOCKINGBIRD

CIA recruits news organizations and journalists to become spies and disseminators of propaganda. Washington Post becomes a major CIA player. Eventually CIA's media assets include ABC, NBC, CBS, Time, Newsweek, Associated Press, United Press International, Reuters, Hearst Newspapers, Scripps-Howard, Copley News Service and more so media can fear monger the public into accepting genocides.

-IRAN 1953 & 1980-88 1953 Oil coup:

CIA and British M16 false-flag overthrow of Iranian democracy, many deaths./1980 air

attack/1980-88 US backs Saddam Hussein invasion-war - more than half million Iranians lives lost/CIA and British M16 false-flag overthrow of Iranian democracy, many deaths/1979-US sanctions and threats of nuclear attack from US presidents.

-GUATEMALA 1954:

President 'Ike' Eisenhower ordered CIA overthrow bombing of first elected democracy; decades of massacres, mass murders follow. [Author performing on tour, is told horrific in conversations behind closed doors.]-VIETNAM 1955-1975: Upwards of 4 million die. Twice the bomb tonnage dropped in all of WWII/1973 CIA Operation Phoenix murders 20,000 Vietcong/ [1993-99 Author periodic Assist. Conductor Ho Chi Minh founded National Symphony Orchestra in Hanoi and on tours; every member of orchestra lost family "killed by Americans" spoken with Buddhist equanimity.]""

-TURKEY 1955:

Istanbul Pogrom a false-flag plot by Turkish branch of Operation Gladio, a clandestine anti-communist initiative created by the US; many Greeks, Armenians die; Turkish communists arrested/[Author visiting Istanbul forced to room in safe UK WMCA during provoked riots]

-LAOS 1957-63:

The CIA carries out approximately one coup per year trying to nullify Laos' democratic elections. The problem is the Pathet Lao, a leftist group with enough popular support to be a member of any coalition government. In the late 50s, the CIA even creates an "Armee Clandestine" of Asian mercenaries to attack the Pathet Lao. After the CIA's army suffers numerous defeats, the U.S. starts high-altitude carpet bombing, dropping more bombs on Laos than all the U.S. bombs dropped in World War II; Tiny Laos will become the most bombed country in history; A quarter of all Laotians will eventually become refugees, many living in caves. [Steve Kangas, A Timeline of CIA Atrocities www.huppi.com/kangaroo/CIAtimeline.html]

-ETHIOPIA 1960s:

US huge military arms sales build up for Emperor Selassie /1977 US switches and backs and arms Somalia invasion of People's Democratic Republic of Ethiopia/Late 1980s US Heritage Foundation involvement ending in bloodbath civil war; for using Ethiopia and Somalia as pawns in Cold War a million est. starve to death. [Author on film shoot for African Development Bank during Mengistu socialist government in 1983 before it was overthrown with great loss of life by CIA organized attacks.]

-WORLDWIDE 1960s-2014: CIA involved in lives-destroying illegal drug cultivation and trafficking has cause impossible-to-estimate loss of life worldwide - also CIA hypocritical anti-narcotics programs mean to spread further CIA penetration and covert violence for political-economic control in Latin America.

-CONGO 1961-2014:

Assassination of popular Pres. Lumumba, CIA US Air Force Interventions, overt and covert operations, have fostered civil wars; it is estimated between 15 and 20 million have died from warfare and famine, and if one goes back to the US destruction of the new nation, all this was to retain Congo governance profitable⁸⁸ for US investors.

Before and after July 4, 2015, genocide for profit (in speculative investment driven Western Colonialism there never any other reason for it) is taking place thanks to participating and cooperating Americans in uniform and CIA in Afghanistan, Iraq, Syria, Libya, Somalia and Yemen, and surely further lives are being planned to be taken in the Ukraine and Venezuela and elsewhere as profits therefrom appear sure.

This article closes with a reminder that US genocides perpetrated after 1945 are prosecutable crimes against humanity under Nuremberg Principles law and as US economic power wanes in the world economy, lawsuits for indemnity, reparations and compensation by survivors can be expected to be so enormous in number as to make American investment in genocide unprofitable and thus inoperable.

Americans show zero interest that GIs brought death to a million and half innocent Iraqi men, women and children with bombing, invasion and occupation war prosecutable under international law even within the US Constitution. Celebrating on the July 4th is pure criminal insanity in a mesmerized TV worshipping inhumane and de-civilized society.
