Let us be clear: We are in the midst of what one may call “WW III”, executed by the WEF’s Great Reset, backed by those invisible financial masters of the WEF. Among them the interlinked financial giants BlackRock, Vanguard and StateStreet, plus the western world’s banking system, in the forefront the Bank for International Settlement (BIS), also called the Central Bank of all central banks, as well as the FED, European Central Bank (ECB) – and specially the western international banking conglomerate.

If we observe the Fed and the ECB rising their base rates, pretending fighting skyrocketing inflation, officially in both the US and Europe below the 10% mark (US 9.1%, EU-zone (8.6%)), but in reality, both monetary zones’ inflation rates are well into the double-digit-levels, we are also observing another mind-manipulation or lie. You can obviously not master a double-digit inflation with an interest hike of one to two percent. But you may prompt a chain of devastating social, economic and financial events.

These interest rate rises are part of a bigger picture. They are aiming at creating monetary and financial instability, high inflation, bankruptcies, unemployment, misery, disease and worse.

So, we should never lose sight of the Big Picture, when we deal and analyze individual “battles” of the multi-faceted *Reset War*, for which the UN and its 193 member countries, and also all major so-called UN-agencies, have been coopted, blackmailed or coerced.

Foremost is the World Health Organization (WHO) which is currently concocting behind closed doors a World Health Tyranny, called “Pandemic Treaty”. This treaty, if approved – not yet the case – will be the final nail in the coffin of democracy. It will override individual nations’ health sovereignties.

The goal of the WEF and its handlers, is to take absolute control of the world's assets, natural resources and – yes – the world population. And no means are off limit.
