Region: [Middle East & North Africa](#)

Theme: [Militarization and WMD](#)

SouthFront is a public project on issues of international politics working through a number of media platforms with special emphasis on social networks. We focus on producing video and text materials about the ongoing crises around the world: Ukraine, war in Yemen and Syria, protest movements in the Balkans and other important events, influencing the growth of tension between countries and nations inspired by destructive forces.

We try to dig out the truth on issues which are barely covered by the mainstream media.
